Union Labor's Sympathetic Move to Aid Car Men is Under Way.

CITY IS SHOWING LITTLE EVIDENCE

Organizer Asserts 263,000 Will Join the Ranks Tomorrow.

New York, Sept. 27.—Union workers to the number of 125,600 went on strike today in sympathy with the striking traction employes, according to figures given out at a meeting of representatives of labor unions.

These were the figures reported to the meeting by the union delegates, according to Ernest Bohm, state organizer of the American Federation of Labor.

The trades which have responded to the strike call, he said are the United Garment workers; building trades unions, the paperhangers, painters, house wreckers and a number of small organizations. Bohm declared that 263,000 more would go out tomorrow.

Little Evidence About City.

Despite this fact, there was little evidence about the city that a strike was in progress.

Private canvassers among the labor unions reported at least twenty-two unions had failed to respond to strike calls this forenoon. The only report received at police headquarters was that 250 members of the Painters union had refused to report for work.

Among the unions which failed to go out today was the Brewery workers, numbering 6,000, but their leaders declared they would strike tomorrow.

Attempts to estimate the number of strikers were complicated by the fact that thousands of Jewish workers will remain idle over Thursday and Friday in celebration of the beginning of the Jewish new year. Of the 200,000 expected by the leaders to strike, 143,000 are members or affiliated with the Unit-

LINEMAN IS KILLED BY ELECTRIC SHOCK

Samuel Smith Victim of Fatal Accident Wednesday Afternoon.

Samuel T. Smith, 35 years old, a lineman in the employ of the city, was electrocuted shortly before 3 o'clock Wednesday afternoon on top of a pole in the 1700 block Broadway directly across from the new buildings of the General Electric company. Smith lived at 916 Harmer street, and is survived by a wife and two children.

Smith was engaged in testing out the fire call system at the plant of the General Electric when a guy wire fell across a high tension wire belonging to the Traction company. Death is believed to have been instantaneous.

Smith's clothing soon caught fire and before hundreds of spectators he was burned to a crisp. At 3:15 his body had not been removed from the pole. Later a rope was tied around his body and in this manner it was lowered to the ground.

It was found that his right leg was entirely burned off and one arm badly burned. His partner, Charles Winbaugh, assisted in getting him down from the pole. City Electrician Gaskill had previously cut the deadly wire.

A fire alarm was turned in and three companies responded. Hundreds of spectators soon gathered and watched the men work in attempting to rescue. Because of the condition of the wires their work was exceedingly perilous. Smith had been in the employ of the city as a lineman for the past four years.

SHOP STRONG FOR WILSON.

Wabash Employes Threaten to Quit When Photo Is Removed.

Decatur, Ind., Sept. 27.—Between 200 and 250 employes of the Wabash shops yesterday threatened to walk out because an American flag surrounding a photograph of President Wilson had been taken down from over the door of the shops. The flag had been removed on instruction of Master Mechanic H. C. Ettinger, but when informed that the employes were preparing to walk out he had it replaced.

VICTORY AFTER TEN DAYS.

Sofia, Sept. 27.—(Via London, 12:15 p. m.)—After ten days of heavy fighting between Serbian and Bulgarian troops on the western end of the Macedonian front the Bulgarians forced back their opponents, compelling them to retreat along the whole front, it was officially stated today.

HUGHES COMPLETES MIDDLE WEST TRIP

Cleveland, O., Sept. 27.—Charles E. Hughes ended today his second campaign in the middle west. He will return on his third and last campaign trip in this section early in October.

Mr. Hughes left Cleveland at 7 o'cock for Pittsburg, where he was due to arrive at 12:30 p. m. A ten minute address at Akron and a fifteen minute address at Canton, both from the rear platform of his car, were down on the program for delivery en route to Pittsburg.

The nominee will leave Pittsburg at midnight and will speak tomorrow morning at Trenton, N. J., and tomorrow night at Saratoga Springs, N. Y.

Before leaving Ohio Charles E. Hughes today sent the following telegram to Gov. Willis, who accompanied the nominee on his trip through the state. "On leaving Ohio I desire to express my most hearty appreciation of your many courtesies. The trip has been a most enjoyable one and I am greatly indebted to you for going with us and for your effective support."

NOW AIMING AT CHALUNES

French Strike at Key to Southern End of Line Along Somme.

CLAIM NEW GAIN AT VERMANDOVILLIERS

Greek Troops Join Revolutionists as Their Nation Nears War.

Today's War News Given in Summary

No rest is being given the Germans by the victorious Franco-British forces on the Somme front. The British capture of the long resisting Thiepval stronghold, followed closely and unexpectedly upon the capture of Combles by the combined allied forces was itself followed up last night by a new stroke on the part of the French south of the Somme, where they drove German forces out from Vermandovillers and captured a strongly fortified wood east of the town. Apparently this new drive is aimed at Chaulnes which bears to the southern end of the Somme line somewhat the relation that Combles did to the northern sector. Meanwhile the military importance of the gains from Thiepval to the Somme are expected by military observers in the entente capitals to be made manifest by speedy further inroads upon German-held territory.

Belated reports from the front today announce the capture of between 3,000 and 4,000 Germans by General Haig's forces in the fighting Monday and Tuesday.. The reported captures by the French bring this total up to more than 6,000. Unofficials figures show the aggregate number of prisoners taken by the Anglo-French armies during the Somme offensive from July 1 to date have been 60,000, with some 190 square miles of territory and forty-nine villages.

In Macedonia the entente forces apparently are encountering a stiffened Bulgarian resistance, especially west of the Vardar region. Paris reports Kaimakcalan height subjected to repeated attacks by Bulgarian forces, but declares the Serbians held fast to the captured position. Sofia, however, reports that the Serbians have been forced to retreat along the entire front.

Greece apparently is on the verge of entering the war on the side of the entente, King Constantine being now reported to have consented to such action.

Paris, Sept. 27.—(Noon.)—A brilliant French attack east of Vermandovillers has succeeded in capturing a strongly fortified wood, according to an official statement issued by the war office today.

The Serbians have repulsed three violent Bulgarian attacks on Kaimakcalan height, according to an official statement issued by the war office dealing with the Saloniki front.

Widow Who Gave Jewels to Blackmailers Chief Witness Against Syndicate.

Mrs. Klipper, of Philadelphia, widow and mother of two children, will be the chief witness in the trial of alleged blackmailers caught by secret service agents and said to have extorted $1,000,000 from wealthy men andn women.

Frank Crocker, said to be a member of the blackmail syndicate who turned state's evidence, told the authorities he met Mrs. Klipper in a flirtation at a New York hotel.

It is alleged he contrived to get into her room and was there when two members of the syndicate walked in and demanded money for secrecy. Mrs. Klipper is said to have given them her jewels and $500 and later to have been kidnaped to prevent her appearance at a trial.

MARTINE IS WINNER BY HEAVY MAJORITY

Republican Senatorial Race in New Jersey Primary is Very Close.

Trenton, N. J., Sept. 27.—Senator James D. Martine won the democratic nomination for United States senator by a safe majority over John W. Wescott, according to the vote canvassed at 7 o'clock this morning. Wescott is the state's attorney. Returns from 723 districts of the 893 in the state gave Martine 12,844 and Wescott 6,687.

The vote for the republican nomination for United States senator is very close. Late returns give Jos. Freilinghausen 54,503 and Franklin Murphy 50,672. In the three cornered fight for the republican gubernatorial nomination, Walter E. Edge of Atlantic City, was far in the lead when the returns from 982 districts was counted. H. Otto Wittpenn of Jersey City, was unopposed for the democratic nomination for governor.

RESULTS IN MASSACHUSETTS.

Boston, Mass., Sept. 27.—A revision today of last night's figures confirmed the substantial plurality received at the state primaries yesterday by Frederick W. Mansfield for the democratic nomination for governor and by State Auditor Alonzo B. Cook, who was renominated by the republicans. With only a few precincts missing Mansfield held a lead over former Adjutant General Charles H. Cote of 9,750. Cook, with twelve precints out of a total of 1,166 unreported, led Joseph G. Brown by 16,235 votes.

DISGRUNTLED TROOPS PUT BOMB UNDER TRAIN

Berlin, Sept. 27.—Indirect reports from Kronstadt, Transylvania, declare that disgruntled Rumanian soldiers set off a dynamite bomb under a train loaded with 400 Rumanian officers, only seven of whom escaped unhurt.

Following serious instances of disobedience, the advices add, the Rumanian military authorities instituted an investigating commission and ordered two non-commissioned officers and four soldiers shot, the only result, however, being the refusal of an entire regiment to [illegible]

ROTARY CLUB OFFERS FINE SEASON PROGRAM

Seven Headliners Secured in Announcement Made by President.

Complete program for the fall and winter season of the Fort Wayne Rotary club, covering seven meetings of the club and including some of the highest class talent obtainable in the country, has been announced by Frank E. Bohn, president of the club. The entertainment committee has worked hard during the past spring and summer in selecting the headliners, first of which will be Thomas Brooks Fletcher, editor of the Tribune, Marion, Ohio, who was secured through the Redpath chautauqua bureau. He will speak at a banquet of the Rotarians next Monday night at the Hotel Anthony and it will be the first meeting of the season.

Because the meeting set for November 6 falls so near the date of election, the second meeting of the club has been set for October 30. Edward Reno, expert illusionist and rapid fire magician, has been secured as the entertainer.

Ex-Governor Coming.

Robert Glenn, ex-governor of North Carolina, will be the speaker before the Rotarians on December 4. Members of the club consider themselves fortunate in being able to secure him.

Since the January first meeting of the club falls on New Year's, the fourth of the series has been set for January 8. Montraville Wood, of the Edison labratory, will be the speaker. His address will be of a scientific nature. He will give actual demonstrations from the stage of his gyroscope. Members of the entertainment committee were elated over their ability to get Mr. Wood.

On February 5 Adrian Newens will be the headliner. Up until September 1 he was official critic for the Redpath bureau and had the department of speech arts in the Horner institute of Kansas City. He is now devoting his attention along dramatic lines and to platform work.

Impersonator is Secured.

John B. Ratto, called America's greatest impersonator, will be the attraction on March 5.

Louis Beauchamp, well known chautauqua lecturer, will close the entertainment season of the Rotarians with some humorous readings. He comes on April 2.

The entertainment committee for the Rotary club is composed of Martin H. Luecke, chairman; Frank Stouder, [illegible]

MANY DOCTORS ALREADY HERE

Session of State Medical Association Convenes This Evening.

WILL GET DOWN TO BUSINESS TOMORROW

Open Meeting Will Be Held at Majestic Theater on Thursday Evening.

Physicians from all parts of the state began to arrive Wednesday to attend the three days' session of the Indiana State Medical association, which convenes in this city this evening.

There will be approximately one hun-

dred and eleven delegates, distributed as follows: Marion, 6; Allen, Vanderburg, Vigo and Lake, each 2, and the other eighty-two counties, each 1, the thirteen councilors and the president and secretary. Of course, a large per cent of the delegates will bring their wives. There will also be visiting doctors who are not delegates but who are members of the association, which should run the number of visitors beyond the two hundred and fifty mark.

The house of delegates will convene promptly at 7 o'clock this evening in the assembly room on the third floor of the Commercial club and again at 11:30 o'clock Friday morning at the same place. Election of officers will be the first order of business Friday morning. In addition to the regular officers, the terms of the following expire January 1, 1917, and their successors must be elected at this session: Committee on medical defense, A. C. Kimberlin; delegates to the American Medical association, C. H. Good, Miles F. Porter; alternates, C. A. White, A. M. Hayden.

G. V. Sheridan, representing the Ohio State Medical association, has been invited by President Keiper to address the house of delegates this evening.

All of the other sessions of the association are open to the members. An informal reception for ladies will be given this evening at the home of Dr. and Mrs. M. F. Porter, 207 West Wayne street, and an informal smoker at 9 o'clock in the assembly room of the Elks' club.

At the Majestic Theater.

The general public is invited to attend the open meeting of the association to be held Thursday evening at the Majestic theater. The program includes a concert by Mrs. Edith Nickell-Bailhe, soprano, and the Bailhe trio, George Bailhe, piano; Gastón Bailhe, violin, and Leroy Schwab, cello, and addresses by Dr. Henry A. Christian, of Boston, and Dr. Joseph C. Boodgood, of Baltimore.

The program is as follows:

SEABURY EXPECTING A VICTORY IN NEW YORK

Long Branch, N. J., Sept. 27.—Samuel Seabury, democratic candidate for governor of New York, who came to Shadow Lawn, held an early morning conference with President Wilson and then left for New York. He said he expected victory to result from the active campaign which would result,

It is probable that at a conference to be held late today between the president and Vance McCormick, chairman of the democratic national committee, definite plans will be made for Mr. Wilson to speak in New York. Mr. McCormick will remain here over [illegible]

TARGET PRACTICE FOR HOOSIERS ON BORDER

Llano Grande, Texas, Sept. 27.—Batteries A and C, of the Indiana field artillery battalion, will go to Point Isabel on the Gulf of Mexico soon to fire about $5,000 worth of Uncle Sam's ammunition from their three-inch field pieces. The Indiana batteries, because of the excellent showing made in all inspections and tests conducted by regular army officers, will be the first national guard artillery organizations of those mobilized in the lower Rio Grande valley to be given their chance at target practice with the service ammunition.

Each battery will fire about 300 rounds of shrapnel and shells. Each shell represents a value of between $8 and $10. It is expected that the batteries, moving over land with their eight pieces, twelve caissons, eight scout wagons and two battery wagons, will start for Point Isabel early next week. With favorable road conditions the trip of about sixty miles will be covered within three days.

SLAYER WAS N. Y. WOMAN

Graveur's Murderess Who Then Killed Herself is Identified.

MAN'S COMPANION WAS NOT HIS WIFE

Lady Friend Turns Visit to Philadelphia Into a Double Tragedy.

Philadelphia, Sept. 27.—The woman who shot and killed J. S. Graveur, of New York, seriously wounded his female companion and then committed suicide in a prominent hotel here early today has been identified as Mrs. Harry Belzer, of 315 Euclid avenue, New York, by a sister of the dead man. This sister, whose name is Mrs. Frances Apman, came here today with Harry F. Fancy, of New York, a business partner of Graveur, and made the identification at the morgue.

Mrs. Apman told the police Mrs. Belzer's maiden name was Margaret McAndrews and that the woman had not been living with her husband recently. Graveur she also told the police, was a widower and had been very friendly with Mrs. Belzer. From cards found in Mrs. Belzer's handbag the police at first believed she was Mrs. J. C. LeDur or Le Duc.

The wounded woman in the hospital at first supposed to be Graveur's wife has not made any statement. Mrs. Apman will go to the hospital later in the day to see if she can identify her.

HANLY STREWS QUERIES ALONG FAIRBANKS' WAY

Leaves Questions to Confront Vice Presidential Nominee in West.

Salida, Colo., Sept. 27.—Questions for Coloradoans to ask Charles W. Fairbanks, republican vice presidential nominee, regarding his attitude on the liquor problem when he arrives here this week were strewn along his path through the state today by J. Frank Hanly, prohibition presidential candidate.

"Ask him what he inteids to do on the liquor question," Hanly said here. "Ask if there is any reason to suppose that he and his running mate will take any steps toward furthering the abolition of the liquor traffic. Demand of him an answer. He is asking power at your hands and you have a right to know what he intends to do with it if it is granted him.

"He will not answer. He will talk about protective tariff." The prohibition special left Colorado Springs early today after meetings in churches there last night. One meeting was transferred at the eleventh hour because the pastor of a Presbyterian church declined to grant its use for a political meeting.

SOME 6,000 GET ORDERS

Remaining State Troops in Mobilization Camps Sent to the Border.

RETURN MOVEMENT WILL START SOON

Funston is Told to Select 10,000 Men Now There for Muster Out.

Washington, D. C., Sept. 27.—Some 6,000 national guardsmen from thirteen states and the District of Columbia were ordered to the Mexican border today by the war department and at the same time Major General Funston was directed to select ten thousand troops now on the border patrol for return to their home states to be mustered out of the federal service.

Today's order will send south virtually all of the guardsmen now in the mobilization camps of the states named and will leave only about 10,000 state troops in all the country that have not seen service on the border.

Within a short time the remainder probably will be ordered out, releasing

$8,000 IS LOSS IN EARLY MORNING FIRE

Building Formerly Occupied by Cushion Heel Concern Burns to Ground.

The frame factory building formerly occupied by the Cushion Heel Manufacturing company, located between the Nickel Plate railroad tracks and the Maumee river at the foot of Hanover street, was completely destroyed Wednesday morning in a fire which raged for three hours.

Loss is estimated by Maurice Goldberger, 1320 East Wayne street, owner of the structure, at $8,000. There was no insurance. Most of the loss is in destruction to leather goods stored in the building.

Sparks from a train on the Nickel Plate tracks are supposed to have fired the roof of the structure. Firemen were summoned at 3:30 o'clock a. m. from the box at the corner of Wayne and Hanover street. It is not known who turned in the call. There is a theory that a tramp might have sought lodging in the old factory and accidentally set fire to the place. He may have turned in a call and then fled, firemen think.

Had a Good Start.

The roof of the structure was burning from end to end when firemen arrived. The interior of the building was a mass of flames. Firemen battered in the doors but could render little effective service against the fire which had gained a strong headway.

Great stacks of leather clippings were enveloped in flames. The several partitions in the place shut off the sweep of water streams. Pieces of machinery were rolled down the hill, north of the building, in order to gain room for action.

It was not until 7 o'clock that the fire was checked. Smoke continued to rise from the heap of ruins throughout the day. The two smokestacks alone are standing.

Two years ago it was planned to install a foundry in the building. Repairs were made on the chimneys at that time. Many barrels of fine sand were stored in the building preparatory to carrying on the work. It is said that plans were again under way to put moulding works in the discarded factory when the building burned.

MEXICANS PROFESS TO BE MUCH SURPRISED

New London, Conn., Sept. 27.—The Mexican representatives on the joint commission that is seeking a basis for an agreement between this country and Mexico on border control professed surprise today that the departure of Ambassador Designate Arredondo for Mexico was attributed in some quarters to failure of the commissioners to agree.

According to their information Mr. Arredondo's visit will be brief and is not due to the conference of the commission. When the commissioners met today the consideration of the different plans for the better [illegible]

REPORT OF BREAD LAW ACCEPTED BY COUNCIL

Stickers to Be Used When Loaves Are Not 16 or 32 Ounces.

The standard loaf of bread shall be sixteen and thirty-two ounces and when flour prices force making a smaller loaf the bakers shall put a sticker on the bread stating the exact weight and name of the baker, was the recommendation of the council committee appointed two weeks ago to investigate the bread situation.

The report was accepted and a new bread ordinance is expected to be introduced at the next council meeting. A part of the council members expressed themselves as favoring the withdrawal of all attempts to regulate weight and only demand that stickers be put on bread. Competition will force bakers to give the biggest possible loaves, they think. The committee, which has made the investigation, will introduce the new measure, it is expected.

Owing to the vast amount of legal papers which the city attorney has been forced to turn out and will be expected to furnish for the city in the future, an ordinance creating the office of stenographer to the legal department was introduced. The ordinance provides that the stenographer be paid $60 a month salary and asks that pay start in November and $120 be furnished for the remainder of this year.

From every department of the city government Attorney Colerick is called upon to word resolutions, petitions, contracts and other papers of a legal nature and services of a stenographer all the time is necessary, it was pointed out. City Attorney Colerick has been forced to pay for stenographic services out of his own salary during his term of service.

An ordinance appropriating $600 from the general park fund to the engineering account and also for the bureau of assessments was passed by the council.

William A. Bayer, president of the council, said he had sounded people from every district of the city and was sure the project of a collapsible dam across the Maumee river was meeting with hearty approval. Work on the dam should start with the opening of spring, he said.

FORTY HOURS' DEVOTION AT NEW HAVEN CHURCH

Tuesday evening marked the solemn opening of the forty hours' devotion services at St. John's Catholic church at New Haven. The church was crowded for the opening services and all heard with interest the sermon of Rev. Alexius Schuette, C. PP. S., the Precious Blood missionary, who has been engaged to conduct the services.

Ten priests took part in the opening service. Rev. H. F. Jos. Kroll, pastor of St. Paul's church, Fort Wayne, was celebrant; Rev. George Hasser, assistant at St. Mary's church, deacon; Rev. Robert Emmet Kelly, assistant at the Cathedral, sub-deacon; Rev. John A. McCarthy, assistant at the Cathedral, chanter; Rev. Bernard Wiedau, pastor of St. John's church, New Haven, master of ceremonies. Others of the clergy present included the missionary, Father Schuette; Rev. Charles H. Thiele, rector of St. Peter's church; Rev. Michael Swiatkowski, pastor of St. Hyacinth's church; Rev. Otto Peters, assistant at the Cathedral; Rev. George Moorman, pastor of St. Louis church, Besancon.

SECOND EFFORT SUCCESS.

Anderson Man Finally Dies a Suicide by Poison.

Anderson, Ind., Sept. 27.—Two attempts at suicide were made here yesterday by Joseph H. Beeson, 55 years old, a meat cutter, before he ended his life. The first effort, at 8:30 o'clock in the morning, was frustrated by Mrs. Ira Mefford, who knocked a bottle of poison from Beeson's hand. At 10:30 o'clock Beeson swallowed poison and walked two blocks to an open field where he died. The cause of his despondency has not been learned. He leaves seven children, Mrs. Lucretia Brimhall and Miss Stella Beeson, of Indianapolis; Miss Marie Beeson, Mrs. Esther McFarland, Frank, Herbert and Charles.

NEW SULTAN IS VERY HOPEFUL FOR EGYPT

Hussein Kamil Says He Has Pledged His Faith to the British.

Alexandria, Egypt, Sept. 8.—(Correspondence of the Associated Press.)—"I have great hopes for Egypt. Without hope no man's life would be worth living. So I am very hopeful, and I believe that under the protection of England, the greatest of liberal powers, the future of Egypt is assured." It was his highness, Hussein Kamil, the new sultan of Egypt, speaking.

The occasion was an audience granted to a representative of the Associated Press at Reas-el-Tin, the sultan's summer palace here.

His highness talked with the correspondent for nearly two hours and outlined his position freely, the keynote of his remarks being the sentiment quoted above.

The sultan is a man of magnetic personality and a charming conversationalist. Democratic in his ideas—and he expresses pride in this fact, because, he says, the spirit of democracy is the foundation of Islamism—he is equally democratic in manner and speech.

Throughout his life—he is 65 years of age, although from his appearance he might easily be taken as many years younger—he has been a student of the world and has a profound knowledge of many subjects.

"When I was asked to assume the position of sultan, I declined at first," continued his highness. "The situation then was a complicated and difficult one, and I have no personal ambitions. After careful reflection I decided that I could do Egypt a service by accepting, and that consequently it was my duty to undertake the responsibility, for I love my country. Accordingly I cast my lot with Great Britain. I have shaken hands with the British; I have pledged my faith and I shall carry my agreement to a finish, understanding well that it is in the interest of my country."

500 PUT TO DEATH AFTER VILLA ATTACK

Wholesale Executions Are Now Taking Place in Chihuahua City.

El Paso, Tex., Sept. 27.—Wholesale executions are taking place in Chihuahua City following the Villa attack, it was announced at military headquarters here yesterday. Five hundred Villa adherents have been executed since the fight, the report to Gen. George Bell, jr., states, and many other prisoners have been taken.

American passengers who arrived from Chihuahua City yesterday brought reports of a fight between Villa's forces and Carranza troops under Col. Zuazua, near Santa Ysabel, thirty-three miles west of Chihuahua City, on the Mexican Northwestern railroad, Friday.

Col. Zuazua lost a number of his men, the dead having been thrown down a deep well, the Americans reported.

Gen. Bell has a report of a skirmish at Arena, ten miles south of Juarez, Sunday night. He says wounded Carranza soldiers have been brought back to Juarez from that station. The Carranza officials in Juarez insist that these wounded soldiers were brought from Chihuahua City following the fight with Villa forces.

MEETING OF MOTORISTS AT INDIANAPOLIS SOON

Over Fifty Machines Are Expected to Go from Fort Wayne.

A. L. Randall, who was elected treasurer of the Indiana Automobile association at its recent session and who returned from the capital city Tuesday night, states that on October 12, the Hoosier Motor club has arranged for a good roads demonstration and that from fifty to a hundred machines are expected from Fort Wayne.

President Wilson will be in attendance on this date and arrangements are being made to have several sepresentatives from every motor club in the state present.

Resolutions were adopted at the closing session of the State Auto association, favoring the appointing of a state highway commission by the legislature. Indiana is one of the four states of the union without such a commission. The establishment of this commission will entitle the state to $2 109,000 from the United States treasury. This sum is not available unless the commission is appointed.

THREE INDICTMENTS

Returned Against Floyd Mock by Wells County Grand Jury.

Three indictments have been returned by the grand jury of Wells county against Floyd Mock, who is employed in this city. He is charged with public indecency, intoxication and petty larceny. In the latter case the young man is charged with stealing an automobile tire from Ben Buckner. The other case grew out of Mock's trouble with Frank Brown at the Merry Widow lunchroom in Bluffton several months ago. In these cases the court fixed the bond at $100 and $50. Before coming to Fort Wayne Mock was a drayman in Bluffton.

President Theodore F. Thime, of the Wayne Knitting mills, who has been on a business trip to New York and other points in the east for some weeks, returned home last night.

Pioneer Has Helped Rear 24 Children

J. F. FLETCHER.

Although J. F. Fletcher, 711 Barr street, has helped to rear twenty-four children, he has never had any children of his own. Mr. Fletcher celebrated his eighty-third birthday anniversary Wednesday. He is never so happy than when he has children around him. In the above picture he is holding the little son of Mrs. Carl Thieme, whom he reared from infancy.

Mr. Fletcher came to Fort Wayne shortly before the civil war and has resided here ever since. For years he was engaged in the livery business, retiring ten years ago.

ARREDONDO GOING TO TALK WITH CARRANZA

May Give Clearer View of American Position, It is Believed.

Washington, D. C., Sept. 27.—Eliseo Arredondo, the Mexican ambassador designate, now on his way to Mexico, is expected by personal conferences, to give General Carranza a clearer understanding of the American view of difficulties between the two countries, and state department officials hope he may be able to convince the first chief of the necessity of consenting to full consideration of all issues by the joint commission.

Mr. Arredondo left Washington quietly yesterday afternoon after calling on Secretary Lansing, Councillor Polk and Assistant Secretary Phillips. He explained to these officials that General Carranza had requested his presence in Mexico City, but did not go into details as to reasons. Secretary Lansing said he had no direct knowledge of Mr. Arredondo's trip but indicated that he expected him back in Washington within two or three weeks. The ambassador's wife and children have remained in Washington.

General Carranza has shown plainly recently that he is not in accord with the American idea of the work undertaken by the Mexican-American commission at New London. Officials here have been puzzled by his notice to governors of Mexican states that the commissioners could discuss nothing beyond the withdrawal of American troops from Mexico.

Mr. Arredondo's personal status in this country also probably will be considered at his meeting with General Carranza. For a long time the envoy has been known to be dissatisfied with his doubtful position as ambassador-designate and to have desired his acceptance by the state department as ambassador and the accrediting of Henry P. Fletcher to Mexico City as ambassador there. Mr. Fletcher, though named some time ago, has been held in Washington pending adjustment of the relations of this government with Mexico.

THIRTY-SIX RECEIVE THE DEGREE OF MALTA

Large Class is Initiated at Meeting of Loyalty Commandery.

Loyalty commandery, Knights of Malta, initiated a class of thirty-six candidates into its membership at a meeting held Tuesday evening. Officers for the coming year were also elected as follows:

Sir knight commander, M. Sherrick; generalissimo, Sir A. R. Dickey; captain general, Sir E. A. Paxton; prelate, Sir C. J. Lake; treasurer, Sir L. B. Webb; recorder, Sir S. L. Burson; assistant recorder, Sir V. Kring; senior warden, Sir H. R. Schrantz; junior warden, Sir H. A. Burson; sword bearer, Sir O. D. Edwards; standard bearer, Sir R. C. Morton; warder, Sir R. R. YOUNG MEN'S CLUBS NOW IN 80 COUNTIES

John Wessel, Jr., Has Arranged a Series of Shop Meetings.

Bowman Elder, of Indianapolis, chairman of the work of organizing young democratic voters of the state, announces that eighty of the ninety-two counties of the state now have young men's organizations. The clubs are social as well as political and many of them have in connection drum corps and musical organizations, including glee clubs and bands.

Shop Meetings Speaker.

John Wessel, jr., democratic candidate for representative, will hold shop meetings as follows: Dudlo's and Rastetter's, October 18; Rolling Mill district, October 19; Bass', October 20; Western Gas, Winter and Buchanan streets, October 24; Wayne Knitting Mills, October 25; Bowser's and Menefee's, October 26; Wayne Oil Tank company, October 27; Rub-No-More, October 31; Packard company, November, 1; Pennsylvania, November 2, and Wabash shops, November 3.

Colored Club Organizes.

The Allen County Colored Men's Republican club has been organized with officers as follows: President, Thomas Williams; first vice president, Banks Taylor; second vice president, James Dupee; secretary, George W. Wilson; treasurer, Charles Carr.

BOARD HEARS PLEA FOR FREEDOM FOR DR. THAIN

Effort is Made to Secure Release of Fort Wayne Physician.

Indianapolis, Sept. 27.—The father, mother and sister of Mrs. Henry Descamp, who was killed by her husband at Brazil, Ind., in 1911, have appeared before the state board of pardons and protested against the release of Descamp who is applying for a pardon. They related abuse heaped upon the woman during her married life and asserted that Descamp after his conviction had boasted that he would be free in a few years.

Rufus Warren, implicated in the killing of two policemen at Alexandria in 1904, was reported before the board by W. H. Free, of Anderson. Mr. Free told the board that Warren fled after the first sign of violence and that John Walker fired the shots which killed the officers. He declared there was doubt enough in the case to warrant lenity.

Mrs. Earl Thrailkill, of Pleasant Mills, appeared in behalf of her husband, sentenced from Decatur in 1915 for manslaughter. She declared that she and her children needed his support.

Other cases heard were presented for the following persons: Dr. George Thain, Fort Wayne, sentenced in 1915 for illegal practices; Floyd Black, Greene county, 1913, burglary; Peter Sobieski, Laporte, 1909, burglary; Harry Gemple, Indianapolis, 1915, grand larceny; George Wise, Decatur county, 1915, for burglary; Frank Zatlin, Hendricks county, June, 1916, petit larceny, and George W. Heatley, of Vincennes, sentenced from Putnam county, 1915, escaping from the state penal farm.

FATHER PAUSES TO THINK AFTER ARREST

Decides to Share His Seventeen Dollars a Week With Family.

Edward Hendricks, 28, decided in police court, Wednesday morning, to divide his earnings of $17 a week with his family. He had been arrested, Tuesday, on a charge of non-support.

The wife told Judge Kerr she believed they could get along together from now on. Hendricks thought so, too, he said. He is held under $100 bond to remind him of his promise to look after his child.

Other Police Court Cases.

Carl Yergens, charged with unlawful possession of an automobile, which he is said to have taken for a joy ride from the Randall Auto Sales company, last Thursday night, will be tried Thursday. He is held under $200 bond.

Leroy Staples, jitney driver, charged with assault, will be tried October 3. He is held under $400 bond. He struck a railroad flagman with his automobile several weeks ago when Staples crossed the tracks while the flagman was waving his warning.

Mrs. Tom Smith, Riverside avenue, said her husband kicked and beat her when he came home drunk, Sunday morning. Mrs. Smith said her husband had told her that he bought the drink of Nora Keever, who formerly operated a saloon in Bloomingdale. Smith was fined $5 and costs.

Peter Arndt, 58, who said he did not drink whisky because he liked it, but for the after effects, was fined $1 and costs on a drunk charge. Others fined on intoxication charges were: Irvin Overholtzer, $10 and costs; Eugene Webb, $5 and costs; William Mayer, $1 and costs; James Baldwin, $1 and costs.

Toney Miller will be tried on September 29, on a drunk charge. Reed Snetder and Fred Adamson were released.

BRITISH CLAIM ADVANCE.

London, Sept. 27.—The British again advanced on the Somme front last night, the war office announced today. The greatest success was won in the direction of Eaucourt l'abbaye.

Between 3,000 and 4,000 prisoners were taken by the British in Monday's and Tuesday's fighting on the Somme front, according to a delayed portion of Gen. Haig's report of Tuesday night which was given out today. The report says:

"The battle continued violently during the day over the whole front between the Somme and the Ancre. Our troops were successful everywhere, carrying out their attacks most brilliantly. During the last forty-eight hours between 3,000 and 4,000 prisoners were taken."

GAINS DEARLY BOUGHT.

Berlin, Sept. 27.—After unusually severe fighting on the Somme front in which the entente allies suffered heavy losses they captured Thiepval and gained ground on both sides of Courcellette, the war office announced today. Attacks further to the east were repulsed by the Germans.

Via London, Sept. 27.—The capture of Combles was one of the most picturesque incidents in the whole course of the great Somme offensive. It marked the opening of today's forward surge of the British and French forces, which reached its climax in the capture of Gueudecourt and Thiepval.

All night long bitter fighting had been in progress at various points on the front and with dawn the battle broadened to include the whole British left.

Combles fell as the sun rose on a perfect summer day. Sitting in the midst of a heap of hills the town was isolated yesterday by the seizing of the high ground on either side by the French and British. In the early hours of the morning the British took an orchard in the northern outskirts and then after a heavy preliminary shelling, they charged the trenches on the edge of the village. The trenches were empty when they reached them. At the same time the French, dashing forward on the other side of the village, pushed vigorously into the heart of the village. In the main street the soldiers of the two nations met and joyously shook hands, calling out to each other, "Parlez vous" and "How d'ye do."

Dugouts Full of Wounded.

Combles had a labyrinth of dugouts and well fortified cellars, but at the last practically no defense was made. Those Germans who had not managed to escape when the town was hopelessly surrounded, were taken prisoner. One lot of Germans who were endeavoring to find a way through the encircling allied infantry, walked into the British skirmishing line. The cellars and dugouts of the village were full of wounded, who found security there from the furious fighting on the slopes and ridges.

Having cleared Combles of any stray Germans the British and French moved on side by side to further attacks.

One of the most striking features of the fighting was the surprisingly slight resistance offered at Morval and Combles by the Germans, according to all reports made by the British officers. The Germans made the usual counter attacks against the British new positions last night but the reports of the allied officers to headquarters agree that they lacked spirit. Some German trenches taken yesterday were lightly occupied or not at all. In other instances the allied commanders stated that considerable bodies of Germans threw down their rifles promptly as soon as the attackers approached their trenches, although it was known that they had orders to stand to the last. Batches of prisoners have been coming in from all parts of the front throughout the day.

Seek to Save Artillery.

Both today and yesterday the Germans showed an inclination to withdraw their guns immediately they were in any danger, evidently desiring to take no risk of losing any of their artillery. This sometimes leaves their troops in the front line unprotected by cannon fire and may account for the number of surrenders.

Since the offensive began the British have taken nineteen villages and at some points their gains are now six miles in depth. Elation over today's and yesterday's work is greatest at the casualty clearing stations where the real cost of victory is best measured. All surgeons report that the casualties have been surprisingly light.

The weakened German resistance which seems obvious to any spectator is variously interpreted by the allied officers. Some believe that the Germans are making a rear guard defense of the lower ground while their main forces fall back to another prepared line of trenches stretching from Baupaume. Others insist that the unceasing hammer blows of the British and French are resulting in a decided softening in the morale and fighting power of their opponents. The soldiers in the ranks do not seem to be bothered with such speculations. "Give us more weather like this and let us push on," is the prayer alike of the English Tommy and the French poilu.

ed Hebrew trades, who stop work each year at this time for the Jewish holidays.

Among the organizations which voted to strike today, according to those directing the movement, are: Ladies' garment workers, 95,000; clothing workers, 40,000; painters and decorators, 15,000; furriers, 15,000; tinsmiths, 10,000; butchers, 10,000; stationary firemen, 2,500; paper box makers, 7,000; milliners, 6,000; jewelry workers, 3,000; brewery workers, 6,000. Total, 209,000.

The leaders asserted that in addition to those to quit work today, they would be able to call 100,000 more daily for the next two or three days.

At the last moment it became known that T. V. O'Conner, national president of the Longshoremen's union, had decided not to call the 45,000 members of that organiaztion today. It was stated there was serious doubt whether he would ask them to take part in the strike at any time.

The joint labor conference committee directing the strike, met this morning to hear the reports of the unions whose members had responded to the strike call.

SLOWLY IMPROVINNG.

Rollin and Noah Binkley, Hurt in Accident, Will Recover.

(Special to The Sentinel.)

Van Wert, O., Sept. 27.—Rollin and Noah Binkley, the only surviving members of the Binkley family in Sunday's railroad crossing accident, are slowly improving and, it is believed, will recover, although they are not entirely out of danger. Funeral services for Mr. and Mrs. Binkley and two of their children were held this afternoon at the St. Matthew Lutheran church and was one of the largest funerals ever held in Van Wert.

FIRE AT BRYANT DOES BIG DAMAGE

Loss Estimated at $11,000—Electric Light Plant, Picture Show and General Store Suffer.

Portland, Ind., Sept. 27.—Fire at Bryant last night caused a loss estimated at $11,000. The electric light plant owned by Bowen & Son, a picture show owned by the same firm and the Montgomery & Son general store suffered from the blaze. Judge J. F. Denny, of this city, candidate for congress on the democratic ticket, was ready to speak in a hall just across the street from the light plant. He joined the fire fighters and assisted in working a hand engine which subdued the fire.

FILES CROSS COMPLAINT.

Columbia City, Ind., Sept. 27.—Marion Nelson, of Churubusco, has filed a cross-complaint to the charges brought by his wife, Rose Nelson, in her suit for divorce filed a few days ago. The defendant in his cross-complaint confirms that they were married on the 7th day of July, 1907, and lived together until August 26, 1916, when the plaintiff left his home. They were the parents of two children, one of whom, Virginia Nelson, aged eight years, survives. The plaintiff was twice married. By her first marriage she has two children, Audrey Hall and Austin Hall, who have lived at the defendant's home and have been amply provided for during all the years of such residence. The defendant says that he has made ample provision for the plintiff, and while it is true that she at times has been employed as a bookkeeper, her duties were chiefly those of assistant to the defendant, who has been in charge of grain elevators for the O. Gandy Grain company.

FALLS FROM MOWER.

Columbia City, Ind., Sept. 27.—Frank Pearl, of south Columbia township, while mowing some wheat stubbles on his farm Monday afternoon, fell from the mowing machine and in the fall his right leg struck a foot lever that cut his clothing and penetrated his leg to the bone. The seat on which he was riding broke and fell from the mower. The leg was caught in a cramped condition and a gash three inches long was made. Fortunately for him the team which he was driving stopped on the instant and thus saved him from being dragged over the ground. Mr. Pearl came to this city Tuesday morning and three stitches were taken in the cut by Dr. O. V. Schuman.

WAR BABY FINDS HOME.

Warsaw, Ind., Sept. 27.—Milo, a little homeless "war baby," arrived at the home of Mr. and Mrs. Ernest Clase, of North Buffalo street, on Tuesday. He is a good-natured, smiling little chap of about three months. "War babies" are not unusual in the large cities of the United States, the fathers having gone back to fight for their country and through the deaths of the mothers and their inability to support their babies in a strange land they are being placed in American homes.

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.—Advertisement.

GIRL SEVERELY BURNED.

Warsaw, Ind., Sept. 27.—Elizabeth Katherine Hall, the twenty-months-old baby of Mr. and Mrs. H. K. Hall, who live on South Buffalo street, was severely burned Monday afternoon by the caustic chemical action of lye. The child has a great fondness for talcum powder and is attracted to anything which has the appearance of talcum. It was wash day and the lye had been used in breaking water and was contained in a sifter box. Mrs. Hall was called out of the house Monday afternoon and before going she placed the box of lye on the back part of the table behind a pile of dishes, where she thought it would be out of reach of the baby. While she was out, however, the baby climbed up to the table and secured the box containing the white powdered substance and used it as she was accustomed to using talcum powder. She spread it lavishly over her hands and face and succeeded in getting it in her mouth.

ELECTED VICE PRESIDENT.

Bluffton, Ind., Sept. 27.—W. W. Rogers, cashier of the Studabaker bank, has been notified of his election to the Indiana vice presidency of the newly organized state bank section of the American Bankers' association, a national association which is in session this week at Kansas City, Mo. The state bank section is a new feature in the association which had already included sections for trust companies and national banks. The organization of the section will include a vice president from each state. Mr. Rogers was notified of his appointment by Felix McWhirter, of Indianapolis, who is prominent in the state and national bankers associations.

NINE FARM CLUBS.

Auburn, Ind., Sept. 27.—NNine boys' and girls' farm clubs have been organized in the different district schools of DeKalb county so far by County Agent A. Z. Arehart. The work of getting the school children organized is meeting with success everywhere. These clubs will work in co-operation with the county agent in selecting seed corn, making soil tests, putting on schoolhouse exhibits, fairs and meetings and assisting in every way possible. The boys and girls that have been organized so far seem to be enthused over the newly organized movement and are entering into the work with might and main.

DROVE HORSE IN SEWER.

Decatur, Ind., Sept. 27.—Joseph Gephart, driving north on Third street Monday night, had his horse fall down an eleven-foot deep sewer that extended entirely across the street. He and two companions in the buggy were not injured. Captain Henry Dellinger, of the fire department, was called and with a derrick and ropes fifteen men under his direction were unable to pull the horse out. The animal died within fifteen minutes after falling into the sewer. It was hoisted out Tuesday morning and taken to the fertilizer works. The horse was worth probably $100.

HAD PEANUT IN THROAT.

Portland, Ind., Sept. 27.—An autopsy conducted over the remains of the two-year-old son of Mr. and Mrs. Russell Greaf, southeast of the city, who choked to death Monday noon, revealed a peanut lying across the trachea just below the vocal cords. The baby had been eating peanuts Sunday morning and almost strangled to death when one lodged in his throat. He rallied and was apparently all right, being able to play about the house. Monday noon he suffered another choking attack, dying within a few minutes.

TAKEN IN CHARGE AGAIN.

Bluffton, Ind., Sept. 27.—William Derr, the Lancaster township young man who supposedly has been under surveillance at his old home since his third escape from the Easthaven hospital for the insane at Richmond, but who has been roaming around at will part of the time, arrived in Bluffton Monday afternoon with a considerable supply of booze on board to help bewilder his weakened mind, with the result that when he became a nuisance and a menace on North Main street, a call was sent for the police to come and take him in charge.

PIONEER RESIDENT DEAD.

Bluffton, Ind., Sept. 27.—Philip H. Gilbert, one of the pioneer residents of Rockcreek township, passed away Tuesday after a week's severe illness. He had been ailing for a long time with some form of stomach trouble and one week ago became seriously sick with some complication, the exact nature of which has not been determined. His condition from the very first was very serious.

DIES AT EASTHAVEN.

Bluffton, Ind., Sept. 27.—Mrs. Christian Baller, wife of a well known farmer residing just east of the Christian Apostolic church, north of Vera Cruz, passed away Tuesday at the Easthaven sanitarium at Richmond, where she had been for the last three years. Her physical condition had not been good of late and her relatives were more or less prepared for her demise.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

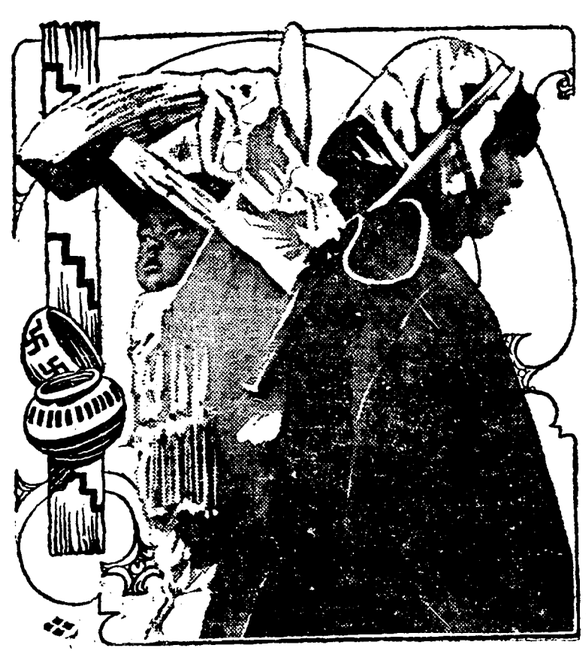

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous; sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Advertisement.

BETTER INDIAN BABIES.

Piute Mother and Papoose Out for a Walk.

Bishop, Cal., Sept. 26.—Under auspices of the United States government, Piute Indians of this locality will hold the first aboriginal baby show that has ever been staged.

Squaws for a radius of 150 miles will bedeck papooses in their finest beads and feathers and bring them to the Indian exhibit to be held here the latter part of September. The Indian infants will be passed upon by competent judges and cash prizes awarded the winners by Uncle Sam.

These copper colored babies are to be judged more for health than beauty, contrary to rules of most baby shows. The reason is that Indian authorities are anxious to encourage sanitation among wards of the government and thus preserve the welfare of the Piute tribe.

Prizes will total $100. Eight dollars will be the highest amount for a baby prize. Other awards will go for best work in basketry, domestic science and art, poultry raising and manual training. Highest prize in athletics will be awarded to the crack bow-and-arrow shot of the tribe.

REMARKABLE OPERATION.

Huntington, Ind., Sept. 27.—Frank Emley, a carpenter at the Erie, barely escaped death when he was struck by a piece of flying steel that severed the carotid artery (jugular vein) in his neck. Only by the most daring of surgical operations was the end of the artery obtained and tied. Mr. Emley was rushed to the Huntington hospital, where the coagulation was removed and the end of the severed artery pulled out and tied. When the coagulation was removed the blood started spurting again. The first try after the end of the artery was unsuccessful, but the surgeon knew it must be caught or death would occur. The second trial was successful and the end of the artery was obtained. Mr. Emley is doing as well as could be expected, although he is very weak from loss of blood.

WRITES FOR WOMEN'S MAGAZINES

Van Wert, O., Sept. 27.—Helen Labagh Johnson, director of the cafeteria and instructor in domestic economy at the new Young Women's Christian Association, arrived in Van Wert, Monday night and began arrangements for her work yesterday morning. Miss Johnson's home is in Monticello, N. Y., and comes to Van Wert after being in charge of the diningroom of the Y. W. C. A. at Los Angeles for the past two years. She is a contributor to most of the leading women's periodicals of the country and is an authority in her line of work.

ON ITS WAY TO BORDER.

Captain Scheffer's Organization, Battery D, Entrain Tuesday.

Battery D, Captain John C. Schaffer's organization, left Fort Benjamin Harrison Tuesday and entrained for the Mexican border. The battery is expected to report at Llano Grande next Sturday and will take the place of the Purdue battery, which was sent back to allow the members to resume their studies at the college. The battery left Fort Harrison with 83 men and 5 officers. Nearly all the recruits also went with them.

Alumni card party, Thursday evening, Sept. 28th, St. Mary's hall, 8 o'clock. All invited.

IDEAL IMPROVEMENT PLAN FOR LAFAYETTE PLACE

The plan which the Lafayette Place company provided for the improvement of their new addition between Calhoun and Lafayette streets, McKinnie and Petit avenues, has occasioned considerable interest on the part of prospective purchasers because of the saving it affords them. Under this plan all improvements are to be made within three years and the property holders are relieved from petitioning for the improvements as well as from the danger of having them defeated by remonstrances. Where the improvements installed at this time the cost of them would have to be added to the purchase price of each lot, and each buyer would be forced to figure interest on this additional cost. There would also be a depreciation in the improvements before they were really used, and this item together with the interest charge would amount to at least $125, which is saved the buyer under the Lafayette Place plan. For further particulars concerning this addition, see the Wildermuth Sales company, Shoaff building.—Advertisement.

DAILY BIBLE READINGS FOR THE HOME

Psalms 37:14-28.

14 The wicked have drawn out the sword, and have bent their bow, to cast down the poor and needy, and to slay such as be of upright conversation.

15 Their sword shall enter into their own heart, and their bows shall be broken.

16 A little that a righteous man hath is better than the riches of many wicked.

17 For the arms of the wicked shall be broken: but the Lord upholdeth the righteous.

18 The Lord knoweth the days of the upright: and their inheritance shall be for ever.

19 They shall not be ashamed in the evil time: and in the days of famine they shall be satisfied.

20 But the wicked shall perish, and the enemies of the Lord shall be as the fat of lambs: they shall consume; into smoke shall they consume away.

21 The wicked borroweth, and payeth not again: but the righteous sheweth mercy, and giveth.

22 For such as be blessed of him shall inherit the earth; and they that be cursed of him shall be cut off.

23 The steps of a good man are ordered by the Lord: and he delighteth in his way.

24 Though he fall, he shall not be utterly cast down: for the Lord upholdeth him with his hand.

25 I have been young, and now am old; yet have I not seen the righteous forsaken, nor his seed begging bread.

26 He is merciful, and lendeth; and his seed is blessed.

27 Depart from evil, and do good; and dwell for evermore.

28 For the Lord loveth judgment, and forsaketh not his saints; they are preserved for ever; but the seed of the wicked shall be cut off.

The Permanence of Prosperity.

One is so frequently confronted nowadays by the dire prediction that with the close of the European war America's present prosperity will explode with one big reverberating crash, and that we shall be left without either trade abroad or business at home, that it is rather a pleasant discovery to find among the big business minds of America a good many who subscribe to no such gloomy doctrine as that. A conspicuous instance of this is the case of Gen. George F. Randolph, vice president of the Baltimore & Ohio railroad system. Mr. Randolph has just returned from four months in Europe which he devoted to the study of trade conditions on the continent with particular reference to present and future relations between the United States and foreign nations. What he has to say is not only of much interest, but his view is entitled to carry weight in an analysis of the situation.

Briefly, General Randolph gives it as his conviction that the business between the United States and Europe will continue to expand, and that following the close of war, instead of absolute stagnation in foreign trade, new opportunities for the American manufacturer and the American exporter will be presented with a resumption of the normal state of shipping conditions. Europe will not then be purchasing war munitions here, it is true. There will be a readjustment of trade to new commodity demand, but Europe will be buying here other American products that, as a matter of fact, we would much rather sell her than the commodities she is now buying.

General Randolph is, we think, too, an unbiased witness. He made his inquiries and formed his judgments as a hard-headed business man, with no desire other than to ascertain the truth and to discover precisely what conditions are going to confront him and the big transportation system for whose destinies he shares responsibilities. His firm belief in the permanence of that prosperity which is dependent upon American trade with foreign lands after the war is valuable because it will tend to counteract some of the dire lamentations of the prophets of gloom.

With Senator LaFollette defending the Adamson eight-hour law against the assaults of Mr. Hughes, Senator Cummins upholding the integrity of the child labor bill recently enacted, and Harry Garfield protesting against the republican effort to inject the old-time "bloody shirt" into the present campaign, not to mention the insistence of inquisitive voters in knowing something of his views on the Danbury hatters' case, how can you expect Mr. Hughes to be entirely happy or whoopingly enthusiastic over the united party he says is behind him?

Does anybody doubt that Congressman Cline's extended experience, his familiarity with governmental affairs, his high standing in Washington, his power for getting things done by reason of his rank as a member of congress, and above all his assiduous devotion to the interests of his district fairly entitle him to continued confidence and favor of the Twelfth district voters? There can be no stronger argument for his retention in the position than the record of his service there on which he is now going before the people.

The Mexican joint commissioners believe Uncle Sam should revise and make much more stringent his neutrality laws. Perhaps they need revision, too, but what is most needed at this juncture is agreement—not counsel. But the Mexican joint commissioners are not the first instances of individuals who, making a rather sorry mess of managing their own affairs, never for a moment doubt their ability to give sage and sound advice to others on how the thing should be done.

Fort Wayne friends of Col. Francis H. French are immensely gratified at the advancement of the Fort Wayne regular army officer to the rank of brigadier general. He has had an active career both at home and abroad since he left Fort Wayne to enter West Point many years ago, and his steady advance in rank indicates that his services have always been recognized as thoroughly devoted, competent and soldierly.

Illinois democrats in state convention at Springfield took an admirable step in declaring unquivocally for complete woman's suffrage in that state, where woman already has the right of limited suffrage. More than that, they gave further evidence of their faith by naming Mrs. Catherine Waugh McCulloch, a gifted Chicago leader of the votes-for-women movement, as a democratic presidential elector from Illinois.

FOOLS NEVER CHANGE.

(South Bend Times.)

That part of the Massachusetts press that is kept by the manufacturers employing infants is roasting Wilson because, when he signed the anti-child labor bill "with genuine pride," he, several years ago, pronounced similar legislation a mischievous inclination of congress to extend its own powers.

It is notable of Mr. Wilson that he exercises his right to change his opinions. It is a common practice among wise men and uncommon only among fools and incorrigible bigots. Before Mr. Wilson came into intimate touch with congress, he probably was, like many others, a bit jealous of that body's possession of authority as against the authority of the United States supreme court. When he became chief executive, he at once discovered that congress was pretty nearly human and representative of common humanity, while the supreme court had assumed superior authority over both congress and the executive. He had supposed that the people got what they wanted through their law-making and law-executing departments, and discovered that the people got only what the judicial branch of government gave them.

Naturally, his opinions as to the powers of congress changed. The man who doesn't change his opinions when he sees good grounds for it had better go back to climbing trees for nuts for a living.

EXIT ROBERT BACON.

Tarred with the same brush as Roosevelt, Morgan's man Bacon went down in ignominious defeat. The indorsement of Theodore Roosevelt was fatal to the hopes of his protege. Let Charles Evans Hughes read the handwriting on the wall.

HICKSVILLE TO HAVE A LARGE NEW GARAGE

Hicksville, Ohio, is soon to have a large new brick garage, which will mean a considerable outlay of money on the part of the owners. The new building, which will be erected for Crier and Kimble, will be forty-five feet by one hundred and fifty feet and will be two stories high.

The new building will be joined to the old building, which is now occupied by the firm, and when completed will be the largest garage building in the town. The upper floor will be used for flats, while several offices will be built on the lower floor. Church and Coover, a Fort Wayne firm, are the architects.

Chronic Dysentery.

"An old gentleman of this town who was almost at the point of death with chronic dysentery some time ago and had given up all hope of recovery, was induced to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. One dose stopped the discharge, and after taking a few more doses he was completely cured," writes J. L. Baer, West Manchester, Pa. "Many residents of Baer's Station can testify to the truth of the above and were aware of the old gentleman's condition." Obtainable everywhere.—Advertisement.

BOY CHARGED WITH MURDER.

Raymond Abbott, 13, Sent to Jail at Terre Haute.

Terre Haute, Ind., Sept. 27.—Following an investigation of the shooting yesterday of Paul Hoopingarner, 11 years old, by Raymond Abbott, 13, the Abbott boy was sent to jail charged with murder. He is the youngest person ever held in Vigo county jail on a charge of murder. The police inquiry developed the fact that the boys had quarreled frequently. The police reported that evidence showed that the Hoopingarner boy pointed a toy gun at the Abbott lad, who procured his brother's shotgun and fired through a window at the neighbor lad.

"Pep" Ginger and Ambition for "Run Down" Men Weak, Nervous Women

A medicine that helps the weak, nervous, half-sick, nerve-starved men and women, can be bought of any live druggist by asking for three grain Cadomene Tablets in sealed tubes at one dollar per tube, or six tubes for five dollars—a full treatment.

BEFORE TAKING

You have headaches, backaches, shattered nerves. Your ambition is gone, extremities cold or numb, heart flutters, kidneys inactive, vitality low, confidence gone, life seems hopeless. Despondency attacks you — your friends desert you, you're not interesting, energetic, full of life and vitality.

AFTER TAKING

Your health improves, aches are banished; ambition returns; blood circulates freely, powerfully; nervousness disappears, heart becomes normal, organic troubles corrected, vitality renewed, confidence restored and life becomes brighter, your friends find you of interest, admire your strength, your magnetism; which is another word for smiles and joy.

All this comes because your nerves, blood and vital organs feel the beneficent medicines in three grain Cadomene Tablets.

YOUR SYMPTOMS tell you that you need a powerful, vitalizing tonic to regain all that you have lost. Try

3 Grain Cadomene Tablets

They are guaranteed to help you or money refunded by the Blackburn Products Co., Dayton, Ohio. The "Best thing in the world" for "run down" men or weak, nervous women. Price $1.00 at all druggists. Six tubes for $5.00 is full treatment.

AIN'T NATURE WONDERFUL?

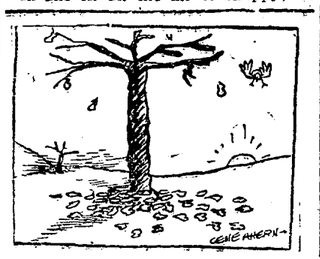

Unnatural History, by Eugene Ahern.

FALL.

In the fall Mother Nature's business fails and goes into bankruptcy.

The smell of burning leaves and moth balls fill the ozone. The wind is pretty brisk on account of the wind-up of campaign speeches.

In the A. M. the air is snappy; at

noon, warm, and along about 5:30 the thermometer does a downward skid that makes the Philadelphia Americans look almost as high as the price of potatoes.

Hoarse throats flourish in the fall, owing to the world's series and college yells, but it gets clothing salesmen the worst.

The frost gets on the pumpkin and some vaudeville acts, and the cobwebs grow thicker in the pocketbook.

We turn around to give the iceman the merry ha! ha! and the coal man comes along and steps on our corns.

The kids scare each other with candle-lighted pumpkin faces, while the grownups turn green at the sight of the forgotten janitor's mug.

All the birds go south except the sparrows, pandhandlers, and other bum birds.

Get Rid of That Miserable Feeling.

There are few diseases that make one feel more miserable than a disordered stomach. Mrs. A. Wingale, Gorham, N. Y., writes: "I began using Chamberlain's Tablets about five years ago. At that time I was having a great deal of trouble with my stomach. I suffered great distress due to indigestion and constipation. Nothing did me much good until I got Chamberlain's Tablets." HARRISON BOULEVARD BUILT UP IN 3 YEARS

A unique feature of Harrison Hill, the new addition located on South Calhoun street just south of Rudisill boulevard, which is attracting many people to this addition, is the restriction requiring all purchasers of lots on Harrison boulevard to build upon their lot within three years from date of purchase. This provision insures that Harrison Hill will be built up rapidly, and it also removes the necessity for purchasers of lots who plan to build immediately to pioneer for four or five years without any neighbors. Prospective purchasers of this class object to this condition in most new additions, but because of this new restriction requiring immediate building, it is expected that a great number of home-builders who could not be persuaded to venture away from a long established residence district under any other condition, will be attracted to Harrison Hill. For further details see Hilgemann & Schaaf, North American building.—Advertisement.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

The new European School of Music and Art opened at 170 West Wayne street today.

Monroeville has struck a rich gas well. The flow is estimated at a half million feet a day.

R. T. McDonald left for New York city Saturday evening, accompanied by Joseph J. Wood and wife.

Bids for the Henry Schwartz block on Calhoun street will eb opened by Architect Riedel, Wednesday, and the contract let.

"Whitey" Carl, of the Second ward engine house, distinguished himself by stopping a runaway horse Saturday evening. He has bravely risked his life several times in the performance of such an act.

Englebert Mueller, the well known grocer at Leo, has a two-year-old child whose remarkable feats as a gymnast awaken the interest of all who see its performance. Among other things the child will balance itself on his father's hand. It will be a contortionist.

Today the quarters opposite the Cathedral, used by the Rifles as an armory, were deserted, the effects being removed to a place of storage. For some unaccountable reason the new muster of the company has failed to arrive. It was deemed advisable to not remain in the quarters at an unnecessary expense, so the goods were removed.

The new deputy of Postmaster C. R. Higgins to succeed the late Charles W. Howey will be Josh J. Williams if the present plans do not fall through. Mr. Williams was long in the employ of the Pennsylvania company and is well known in and out of railroad circles. He served one term as the "light-weight" councilman of the Sixth ward.

E. W. Cook, agent for the Wabash Railway company at Defiance, O., tendered his resignation last week and has moved with his family to this city. He has assumed the management of the Ryan Truck company, of the city, which was recently consolidated with the Transfer and Storage company. He has purchased the stock held by T. R. Empie, who retires, and the stock is now held jointly by R. T. McDonald, F. A. Randall and Mr. Cook.

TIME BRINGS CHANGE IN CORDWAY'S LIFE

Says He Feels Better and Stronger Every Way, Since Taking Tanlac.

F. S. Cordway, a well known farmer residing on rural route No. 6, Fort Wayne, told on April 21 of the big benefits he gained through use of Tanlac, the celebrated new medicine.

"I had muscular rheumatism in every joint in my body," Mr. Cordway said. "It seemed as though every joint in my body ached and I experienced pains across my back caused by a kidney derangement. I couldn't sleep at night and was so weak at times that I could not do my day's work.

"I read accounts of Tanlac's work in the newspapers and decided to give the new medicine a trial. Before I had finished the first bottle of Tanlac I began to sleep better and I felt stronger. I am now taking my second bottle and the rheumatic pains are much less severe and I felt stronger and better in every way. I can do my work better than I have for several years.

"For the benefit of my friends, or anyone troubled with rheumatism I gladly recommend Tanlac."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like and has proven a fine blood purifier and general system cleanser.

Tanlac is now being specially introduced and explained in Fort Wayne at the four Meyer drug stores—Wayne and Calhoun streets; Calhoun and Columbia; 1420 Calhoun and Broadway and Taylor streets.—Advertisement.

NAMES COMMISSION TO STUDY PRISON LABOR

Indianapolis, Sept. 27.—A special commission composed of eight persons to study the question of prison labor as it affects the four penal institutions of the state has been appointed by Governor Ralston. Demarchus Brown is chairman of the committee. The other members are John P. Holliday, Indianapolis; Charles J. Orbison, Indianapolis; Dr. Mary E. Spink, Indianapolis; E. J. Fogarty, warden of the state prison at Michigan City; David N. Peyton, superintendent of the Indiana reformatory at Jeffersonville; Margaret M. Elliott, superintendent of the woman's prison at Indianapolis, and Charles E. Talkington, superintendent of the state farm at Putnamville.

The commission will study the plans of institutions of other states relative to bettering prison labor conditions and recommendation which might improve conditions in the state's penal institutions.

OF INTEREST TO WOMEN

OF PURPLE DUVETYNE

AS THE fall days approach women are reminded of necessity for long coats, and immediately become interested in the newest models. A very stunning model is this one of purple duvetyne. It is cut on lines that give the wearer a youthful appearance. The coat buttons in a sensible manner close up to the neck and is finished with a wide collar which can be fastened about the chin in an emergency. Altho the coat is belted, a straight line is preserved by slipping the belt thru slots cut at either side of the garment in front. Huge smoked pearl buttons add a distinctive note to the coat.

The sleeves are set into very deep armholes and are finished with deep cuffs, which are slashed. Bands of sealskin edge the sleeves, the collar and the generous pockets at either side of the coat.

Equally as interesting as the outside is the honey-colored silk lining, which is covered with huge flowers of various colors. Many of the new fall models have the lining conspicuous in the collar, cuffs and pockets.

This model is seven-eighths length. Some separate coats are longer, reaching beyond the hem of the dress.

NORFOLK COAT DRESS

EVEN little missie must have her coat dress like mother's. It is so much more comfortable than a dress and separate coat for the first cool days of school. Therefore, mother starts to make her a coat out of serge or cheviot or jersey cloth.

This long-waisted frock is becoming to the little girl whose legs are beginning to grow too fat. The pleated sec-

tions at the sides are held in by the belt, which buttons to give an excuse for a pocket on each side.

In dark blue serge, with white collar and cuffs that can be washed and black bone buttons, mother will find this an excellent first frock of the season with which to start the little girl off for her first class. The buttons unbutton only as far as the belt; the remainder of the buttonholes are sham.

ANSWERS TO CORRESPONDENTS

Cleaning Chiffon

Will you please tell me how to cleanse a white chiffon scarf at home?. Thanking you in advance, I am. J. K.

Let the scarf stand in a weak solution of cold soapy water a few minutes, then shake it up and down without rubbing. If the scarf is small enough use a quart jar for this purpose. Rinse well, dry and iron on the fabric itself.

Spats to Be Worn

Would you advise my buying pumps at this time of year? Are spats to be fashionable this winter? M. L.

The spat promises to hold equal place with the high boot this winter, the most fashionable of which are buttoned. I do not think it unwise, therefore, to purchase pumps at this time.

SUIT POINTS

THE interest in suit-coats is ever increasing. The extremely long coat is the new one, but as this type is most unbecoming to the short figure, the coat of shorter length is in vogue for small women. It is, therefore, quite safe to say that both styles are in vogue.

Among the dressy models there are a few suits with very short coats, cut with considerable flare from the shoulders and falling in ripple effect. An exception to this style is the short coat belted in front, with full back.

It is easily understood that with the extremely long suit-coat it would be bad taste to wear a skirt very much trimmed. Consequently, the skirts accompanying the long coats are very plain. Usually they are gathered at the waistline, altho here and there a number have side pleats or cluster pleats alternating with plain panels. Pockets and belts are seen on many models, and on the more expensive ones the pockets are fur-trimmed.

The cuffs of suit-coats are decidedly different from those of other seasons, in that they are much larger. One sleeve had a cuff of fur which was half again as wide as the actual cuff. It was joined to fit the edge of the sleeve, and from there it flared out in a stiff fashion.

Other sleeves fit in at the normal shoulder line and are made to flare over the wrist in bell shape, revealing, in many cases, a narrow ruffled cuff of lace or lingerie.

Here and there are shown suits trimmed with suede leather. In some cases panels of the leather hang down the front and back. On a suit of black velvet the panels were of green suede. Green buttons and green embroidery were introduced to carry out the color scheme.

Vests are a feature of fall suits. These are of fur or of velvet.

Velvet ribbon 1 inch to 1¼ inches in width is used to trim tailored suits.

FINISHINGS

THE home sewer has a store of methods for finishing off rough edges, which are bound to be met with in sewing.

A very exquisite yellow evening gown, bearing a high price, had the skirt made of two tiers of net. The material was pointed, and along the edge was turned up once and held in place with running stitches made of silk to match the color of the dress. Surely this is simple enough, and requires no special knack for completion.

Another gown of black net had the edges of its ruffles, sleeves, etc., finished with a very narrow silver braid in loop design. This was stitched by machine, and gave a most satisfactory bright touch to the somber gown.

Quite a few models are finished with picoted edges. This touch means that there is very little work for the maker of the gown. She can send her material to an establishment, where the picoting can be done for 5 or 10 cents a yard.

Beads, wooden, steel and porcelain, are very much used for edgings.

NOVELTIES

Among the latest materials for evening gowns is a woven striped silk having jewel effects in color. It is rather expensive, but in the long run it is an economy, because it requires very little trimming.

The men will have reason to guard themselves sufficiently from the hats which are extremely angular and which women will wear because the style is the latest.

AUTOMOBILE BURNS.

Fire starting from unknown cause damaged the automobile belonging to Paul Keller to the extent of $200 Wednesday morning. The machine was standing on Pauline street when it suddenly broke into flames. The top was almost totally destroyed. Firemen were called.

Miss Julia Chambers, of South Calhoun street, is to entertain the members of her club on Thursday evening.

Mr. and Mrs. James Kennedy, of Hammond, arrived in the city to attend the wedding of their son, Walter L. Kennedy, to Miss Ruth Riker. Mrs. Tom Thompson, of Dayton, Ohio, is another guest who reached the city on Tuesday to remain for the same nuptials.

A pretty wedding of Thursday morning will be that of Miss Mary Zuber and Mr. Franklin Carr, which will take place in St. Mary's Catholic church at 9 o'clock. Mgr. J. H. Oechtering will officiate at the nuptial mass. Miss Elizabeth Zuber and Miss Amelia Thieme will be bridesmaids and Harold Carr will be best man. The ushers are to be Byron Hayes and Calister Devine. Master Jerome Evart will be the ring bearer.

Miss Margaret Russell, who is to be an October bride, was the honor guest on Tuesday evening at a dinner party given by her associate friends, who work in the gas office. Covers were laid for ten and Miss Russell received a corsage bouquet of "my sweetheart" roses. Other young ladies present were Misses Irene Lennon, Daisy Wickliffe, Lucinda Bell, Hilda and Loretta Knothe, Mrs. Stella Phillips and Mrs. Fred Schultz. The table was beautifully decorated by Miss Marguerite Flick with white vases of pink roses. The company went to the Palace theater after the dinner.

Carl Lepper, of West Jefferson street, celebrated his natal anniversary on Tuesday evening in an entirely unexpected manner. The surprise was planned by the young boy's father, C. C. Lepper, and the party was a "stag" dinner at the Baltes hotel at 8 o'clock followed by a gathering at the Lepper home afterwards for more cigars and a general good time. The guests were Wilbur Gidley, Herbert and Earl Siebold, Fred Bloemker, Wilbur Stocks, Fred and William Wiebke, Walter Brase, P. M. Certia, P. J. Steup, Theodore Haberkorn, George Newport, E. F. Fruechte, Charles Steger and Mr. Koehlinger.

Lauer—Petgen.

The wedding of Miss Celeste Petgen, a beautiful daughter of Mr. and Mrs. F. Petgen, of 355 Baker street, to Mr. Jerome H. Lauer, a son of Mr. and Mrs. Peter Lauer, of 1205 Maumee avenue, took place at the Cathedral, on Wednesday morning at 9 o'clock. The nuptial mass was celebrated by Rev. John R. Quinlan. In the bridal party were beside the bride and groom, Miss Edna Petgen as bridesmaid, little Geraldine DeWald, a niece of the bride, as flower girl, and Messrs. William Kiep as best man and Sylvester Klotz and Fred Grime as ushers. The bride walked in alone and she presented a lovely and sweet appearance in her stylish gown of white silk net, the full skirt being corded and trimmed with narrow satin ribbon. A tulle veil was held to her hair by a very becoming cap edged with princess lace and fell to the hem of the short skirt. The bride carried a shower bouquet of bride roses and swansonia tied with tulle ribbons. The bridesmaid was gowned in a pink taffeta, a lovely shade, with georgette crepe sleeves to correspond and her gown was also trimmed with narrow pink satin ribbon looped in festoon effect on the skirt and held with tiny satin bows. The bridesmaid wore a beautiful hat of pink taffeta with a crown of spangled pink net and a trimming of dark fur and tiny roses of pink satin. Miss Petgen carried a large bouquet of pink roses tied with pink tulle ribbon. The little flower girl was a picture in blue satin covered with white net with blue stockings and white shoes and a fluffy and large bow of white tulle on top of her golden curls. Miss Geraldine carried a basket filled with pink roses and a bow of blue tulle tied to its handles. After the wedding service the bridal party with relatives and friends to the number of forty were entertained with a bountiful breakfast at the home of the bride. The chandeliers were wreathed in green vines and ferns and pink and white roses while a handsome wedding cake built in pyramid style, and topped off with a wedding ornament, stood in the center of the bridal table. Mrs. Frohenapfel catered for the breakfast. During the day the bride and groom left on a wedding trip of ten days' time to eastern points. On their return Mr. and Mrs. Lauer will go to housekeeping at 633 West DeWald street. For traveling Mrs. Lauer is wearing a dark blue serge suit with trimmings of marten fur. A pink georgette crepe blouse, hand embroidered and a large hat of black velvet with facing of mahogany velvet and an ornament of fur were becoming details of the traveling costume with which the bride wore tan gloves and shoes.

A Country Party.

The home of Mr. and Mrs. Charles Pratt, of the Lima road, was the gathering place of a company of happy young people on Sunday. Enjoying the day and the chicken dinner in the grove were Misses Bessie Joyce, Bessie Beckman, Ivon Pape, Josephine Grosjean, Anna and Garnett Waters, Julia Grosjean, Anna, Sarah and Helen Henschen, Emma Houser, Gertrude and Minnie Henschen, Nellie Miller, Edna Bashelier, Anna Morris, Florence Harris, Marie Holoway, Gertrude and Gladys Pratt, Marie Dreyer and Messrs. Walter Gill, Howard Houser, Fred, Edwin and Herbert Henschen, Earl and Ray Pfeiffer, Clem Huguenard, Fred Dreyer, Isadore Pape, August and George Beckman, Willard Hale, George Baird, Louis and Clarence Rossolot, Edwin Schowe, Herman Bashelier.

If Thin or Wrinkled Try This

Many women of fashion and refinement in this country, as in Europe, seem to have recently discovered that there is nothing quite so good to remove wrinkles and fill out hollows in face or neck as ordinary am-o-nized cocoa cream. It is so easy to get a little from any druggist and apply this at night wherever there are wrinkles or hollows in face or neck that no woman should suffer embarrassment because she is thin or wrinkled. You simply apply it with the finger tips, and it is so pleasant to use and is so quickly absorbed that results are almost immediate. Nothing else is required and there is no hurt or injury to the skin. On the contrary it is positively beneficial to the complexion, feeding and stimulating the tissues so that the face becomes nice and plump and the wrinkles disappear. You can not help but wonder at its nourishing and beautifying action upon the skin. Many complexion ills such as rough, blotchy skin can also be quickly overcome by its use, but it has found particular favor in the elite Beauty Parlors for removing wrinkles and filling out the hollows in face and neck.—Advertisement.

AT THE TEMPLE.

Many Attend Matinee Reception of Temple Stock Company.

Rare scenic effects and with the players all cast for good parts, are putting the finishing touches on this week's bill at the Temple theater, the stock company under Manager Louis Wolford winning a world of praise in their interpretation of Roi Cooper Megrue's masterpiece, "Under Cover," a play that has thrilled millions since it was first staged two seasons ago. Two capacity houses witnessed the performances at the Temple yesterday, and scores of patrons took advantage of the opportunity to personally greet the players when a matinee reception was held on the stage.

The great dramatic triumph of the playwright is reached in the third and fourth acts when Stephen Denby reveals himself as the greatest of secret service men and traps the grafting official, Daniel Taylor, who, false to his duty, accepts a bribe from his chief whom he believe sto be a real smuggler of jewelry of fabulous wealth through the United States custom house from Europe.

"Under Cover" will run all the rest of the week at the Temple with matinee on Saturday afternoon. Next week, one of the greatest of all plays, "Bought and Paid For," will be the attraction at the popular play house, when for the first time it will be seen at popular prices with scenic effects and a stage setting fully in keeping with the requirements of the peace.

AT THE MAJESTIC

"Experience" Next Tuesday and Wednesday, With Wednesday Matinee.

Mayor George M. Wright, of Worcester, Mass., saw "Experience" several times during its record-breaking two weeks' run in that city, a run which was unparalle'ed in the history of Worcester theatricals and the comment of Mayor Wright was: "The play, 'Experience,' should be seen by every person interested in life. It seems to be a departure from the usual drama. It teaches lessons that everybody should learn. One of the greatest charms of this play is that those who witness it feel that the characters are not preaching sermons, but portray a real life." Wherever "Experience" has been given, it has established new records for attendance. The play ran for nine months in New York, seven months in Chicago and five months in Boston. "Experience" will be presented at the Majestic Theatre next Tuesday and Wednesday.

AT THE PALACE

BILL CLOSES TONIGHT.

New Program at the New Palace Opens Tomorrow Afternoon.

New Palace audiences will bid goodbye tonight to the current bill featured by such remarkable acts as Mlle. Luxanne and corps de ballet in a group of delightful lyric dances; Baby Helen, the captivating little Miss with the sweet smile and clever songs and stories; Willing, Bentley and Willing, the two scrappy coons and the pianist in Tom Foolery; Billy Swede Hall and company in the absurd sketch, Bud Weisser; Hager and Goodwin, the Rathskeller Duo, and Nora and Sydney Kellogg in a novel uniquely staged bell ringing act.

On Thursday afternoon a record-smashing week end bill will be on the board. From Coney Island to the North Pole is something of a trip, but that is the one taken by Art. LeVine and

The towers of the Panama cathedral

engaging and there are just enough girls flitting through the comedy to add spice to it. Godfrey and Henderson, a young man and a pretty girl in "Aboard for Abroad," a nautical comedy; the beautiful Grace Renee Close, mezzo soprano; DeWitt Young and Sister, as the College Boy and the Fair Co-ed; Mae Curtis, the Personality Girl and the Oxford Trio, the originators of basketball on bicycles, are other favorites on this promising program.

"Mr. Jackson in the Mountains," Friday Evening.

All friends and admirers of excellent zither music and Bavarian, Tyrolian and Swiss Yodlers will undoubtedly have a big treat when on Friday evening they hear the famous Oberammergau Peasant Players, who will then give a performance at the Majestic theatre.

There is no similar company in Germany with such a reputation, and so high a standard of excellence as the Oberammergau which are under the supervision of their musical director, Heinrich Marchetti. In nearly every act there will be yodlers, quartets and solos, even during the pauses entertainments will be given. The original Bavarian national dance (Schuhplattler) is one of the most striking and graceful dances that has ever been created, and Miss Lisl Nagel has the reputation throughout Bavaria of being the leading dancer of this kind.

AT THE LYRIC.

Big Feature, "The Unborn," to Be Shown for Two Days.

"The Unborn" is the title of a new five-reel picture which will be the attraction at the Lyric theater for two days with Gertrude Bondhill, the well known star, featured with a cast of unusual strength.

Briefly, the story of this picture concerns Nancy Lee, a farmer's daughter, who meets a young man from the city while she is driving along a country road. This chance acquaintanceship ripens into love. Nancy, fascinated by her sweetheart, surrenders her affections unreserved. Greenville, her lover, suddenly returns to the city and leaves Nancy to her shame. Shortly afterward he marries a society debutante not because he loves her, but for the position, both socially and financially, that she brings him.

Years pass, and Greenville finds that such honors that he has received are hollow in the extreme. Tired of civic

sequence of his wife's determination not to sever her social activities for motherhood.

Nancy, meanwhile, has come to the city to earn her living for herself and the child that is born to her. The boy grows up and becomes of material assistance to his mother by selling papers on the streets. Greenville meets the boy and becomes very much attached to him, and on Nancy's death persuades Dick, the boy, to come and live with him. Dick accepts the invitation and is very happy for awhile, but Greenville's wife has taken a dislike to Dick and makes his life so uncomfortable that he determines to leave his new home and seek abode elsewhere.

At this moment, Greenville by accident learns of Dick's identity and confides to him that he is his father. The boy remembering his mother's struggles turns on his father and repudiates him and leaves his home. Greenville knowing that through the assistance of a society doctor that it has been made possible for his wife to refuse him children, turns on the quack doctor and threatens him with prosecution. Just as he receives this letter from Greenville, he is arrested in his office by detectives charged with malpractice. The doctor escapes and he is satisfied that Greenville is the author of the law's visitation and seeks out Greenville to kill him. Just as he is about to fire the shot, little Dick rushes in and receives the bullet intended for Greenville. The doctor, of course, is arrested and put into prison, where his dreams are troubled with visions of unborn children that he is responsible for.

A TOUR OF THE SHOPS.

(By Betty Brown.)

The silk sports suit of many colors has had its day, and September will bring a new model—a combination of pockets of soft white kid.

Abelt of striped jersey silk to match a striped silk hat adds to the brightness of the late summer sports suit.

The newest and smartest handbag is a gaily striped affair of jersey silk embroidered in wool. No getting away from those sports stripes.

When the college girl returns to school she will have one or more organdy blouses—I would call them coats myself, but Mme. Modiste insists they are blouses—of knee length and belted at the waist. A pale green blouse with cuffs and collars of light yellow is stunning enough to please even the hard-to-be-pleased college young person.

ATTENTION, MEN!

The fellow most admired is he who always looks his best, while the fellow with a shabby suit, last year's hat,

LITTLE INDIANA TOWN IS DOOMED BY FLAMES

Anderson, Ind., Sept. 27.—Fire which started at 11:45 a. m. in a woodshed adjoining the A. C. Hendricks residence at Cadiz, Ind., six miles southeast of Markleville, already has spread through the residence section of the town, destroying twelve houses and barns, and the entire town seems doomed.

The fire departments of Newcastle and Anderson have been called and the chemical wagons and motor trucks are on the way to the Henry county town.

A high wind which has been blowing has spread the conflagration and residents of the town fear that the business section, which is only a block distant, may catch fire before outside help can arrive.

It is estimated that at least $40,000 damage already has been accomplished by the flames.

Later—Chief Alfred, of the local fire company, notified firemen here, at 2:30 this afternoon, that Cadiz fire was under control.

CALL FAMOUS "TANKS" MISERABLE FAILURES

Imprisoned Crews Discount Efficacy of the Transformed Tractors.

Berlin, Sept. 27.—According to imprisoned crews of the armored automobiles used by the British on the Somme (the famous "tanks" as the British soldiers call them), the new machines have proved a complete failure, says the Overseas News Agency today. It continues:

"The prisoners point out that the cars are only able to advance at the rate of a mile an hour and therefore make excellent targets for artillery fire. They instance a case of seven of these machines that started in the advance of Sept. 16, only two of which reached their objective, even these being then completely put out of action by shell fire. Their occupants declare them atrocious to travel in because of the noise, smoke and heat and the treacherous ground over which they have to move when in field service.

"In another case, the prisoners say the infantry had been told that six of the machines had been sent to the attack, but only one appeared and this shortly afterward also was wrecked."

FIELD WORK FAVORED BY WEEK'S WEATHER

Washington, D. C., Sept. 27.—Widespread dry weather, with mostly mild temperatuers was decidely favorable for field work generally throughout the week which ended Tuesday, according to the national weather and crop bulletin today, in its final weekly issue of the season. Corn cutting, silo filling, threshing, harvesting tobacco, potato and beet digging and cranberry picking made fine progress.

Much fall plowing and grain seeding were accomplished, but dry soil seriously hindered this work in the majority of the states east of the Mississippi river. Gathering of hay and fodder made good progress but fall pastures, late feed crops, and late truck and gardens need rain.

Indianapolis, Sept. 27.—The American Association of Obstetricians and Gynecologists closed its 209th annual convention here today. Newark, N. J., was chosen for the meeting place of next year's convention and Dr. John W. Keefe, of Providence, R. I., was elected president of the association.

HELD FOR ATTACK ON FATHER.

South Bend Man Accused of Trying to Kill Parent.

South Bend, Ind., Sept. 27.—Jay Graham, 23 years old, of this city, was arrested yesterday, charged with attempting to kill his father, Harry Graham. The young man was trapped in the house of C. D. Eliot, which he had entered in an attempt to get away from the police. Graham is reported to have been chastised by his father on several occasions and the attempt to kill, it is charged, was planned for revenge. Graham is being held in jail.

LABOR CONVENTION OPENS.

Four Hundred Delegates at State Meeting at Logansport.

Logansport, Ind., Sept. 27.—The 33rd annual convention of the Indiana State Federation of Labor opened here today and will continue until Friday afternoon. About 400 delegates are present. The election of officers will take place just before adjournment.

DOG ATTACKS SCHOOL CHILDREN.

Indianapolis, Sept. 27.—Robert J. Elliott, 56, member of a live stock commission firm here, died at his home today. He had been ill for some time.

HUGHES ON TOUR OF INDUSTRIAL TOWNS

Sweeps Through Pittsburg Suburbs and Talks to Steel Workmen.

Pittsburg, Pa., Sept. 27.—Charles E. Hughes entered the Pittsburg district soon after noon today and from that moment until the time for his departure for Trenton, N. J., at midnight, every hour had been carefully filled by the republican leaders who made up the committee of arrangements.

Mr. Hughes was met at the station by a great crowd of republicans from all over western Pennsylvania, eastern Ohio and northwest Virginia, and immediately began a tour of industrial towns escorted by a parade of automobiles filled with his supporters. The line of march led through the east end residential district and then on to Homestead, where the gates to the big mills of the Carnegie Steel company were thrown wide open and the automobiles drove through, past blazing furnaces and thundering machinery.

Mr. Hughes spoke briefly at the Carnegie library in the borough, and then passed on to Duquesne, where was another trip through a Carnegie company mill and where another speech was made. Here the procession crossed the Monongahela river and entered McKeesport where after a trip through the immense National Tube works, a reception was held in front of the Elks club.

A short drive took the party over the hill into the Turtle Creek valley where are located the great electrical machinery manufacturing plants and where Mr. Hughes addressed a large gathering of workmen, principally employes of the Westinghouse Electrical and Manufacturing company. This was the last speech of the afternoon, Mr. Hughes returning to his hotel to rest before the night meeting at the Pittsburg exposition. The nominee was joined on his trip here from Cleveland by Senators Oliver and Penrose and by William Flynn, former Roosevelt leader of this city.

FAMILY OF VICTIM LODGES A PROTEST

Objections to Clemency in Case of Terre Haute Murderer.

Indianapolis, Ind., Sept. 27.—The cases of William Record, charged with killing Joseph L. Gilbert, at Terre Haute, April 27, 1913, and sentenced to life for the death was reviewed today before the state board of pardons. Attorneys for the Gilbert family entered a bitter protest against clemency for Record, who it was alleged, had constantly imposed on Gilbert, who was his benefactor.

Fred Bays, formerly prosecuting attorney in Sullivan county, appeared and asked clemency for Joe Jones, sentenced for life from Sullivan county for the murder of Wm. Andrews after Andrews was alleged to have attacked Jones with a heavy miner's tool.

Henry Dickey, father of Burt Dickey, implicated in the robbery of the Latts Creek Coal company of $8,000, asked leniency for his son.

RAPS THE OFFICEHOLDERS.

Goodrich Assails Incumbents in Evansville Speech.

Evansville, Ind., Sept. 27.—Before a crowd that packed the largest hall in this city James P. Goodrich, republican nominee for governor, flayed the democrats last night, chaging them with extravagant administration of the state's affairs.

Mr. Goodrich contrasted the management of state institutions under democratic and republican administrations. He said that efficient democrats who were in office when the republicans came into power in 1897, survived the change of administrations. The state institutions, he said, "did not become havens of refuge for broken-down politicians."

The speaker criticized the makeup of the present banking department and public service department, asserting "broken-down farmers, newspaper reporters, lawyers and ward politicians occupied places experts should have filled."

BANKERS WILL URGE SOME CHANGE IN LAW

Have List of Improvements to Financial Measures to Suggest.

Kansas City, Sept. 27.—Recommendations for changes in the national banking and federal reserve acts were expected to be made here today by the bankers attending the annual convention of the American Bankers' association. This action was to come up before the national bank section, following last night's meeting addressed by John Skelton Williams, comptroller of the currency. It was to concern consolidation into the federal reserve board of the officers and jurisdictions under the old national banking act that are partly duplicated by the newer system.

The discussion was to embrace the subjects of immediate retirement of greenbacks and a general withdrawal of national bank notes in favor of the more recent reserve currency, return to members of the reserve system of part of their subscriptions and making membership in it optional for banks with a surplus of less than $100,000. These subjects were declared to be among the most important to come before the convention.

Savings Bank Section.

Congressional legislation in regard to railroads, which make federal control superior to that of the states, was asked in resolutions adopted today by the savings bank section of the American Bankers' association in annual convention here. The resolutions declared that railroad improvements had been arrested because of the "costly conflicts" arising between the various state and congressional rulings in the supervision of the railroads. Less new mileage was built last year than in any one year in half a century, with more lines in bankruptcy than at any time in the history of the country, the resolutions set forth.

Other national legislation was asked for in resolutions adopted by the national bank section. It included the passage of laws retiring greenbacks and national bank currency and making burglaries against national banks a federal offense.

MAN LONG MISSING IS AT THE BORDER

Insurance Manager Brings News That Salisbury Went With Troops.

"Lavern Salisbury told me to keep my mouth shut but since I have found he is at the border with the troops I might as well let it be known," Warren Brokaw, an employe of the Citizens Trust company, said Wednesday.

"First I knew where Salisbury was after he disappeared from Fort Wayne was when I ran across him in Indianapolis, about three months ago. We spent three hours together at the Washington hotel. He said for me to keep still about seeing him. He is never coming back to Fort Wayne, he said."

"Yes, Salisbury left some bad debts and several of them have not been paid," Brokaw admitted. "He said he did not want it known where he was. He was working for an insurance company out of Chicago when I chanced upon him."

An official of a large insurance concern was in the city last week and Brokaw quietly asked him where Salisbury was.

"Salisbury has gone to the Mexican war. He left the last of June with an Indianapolis regiment," Brokaw says he was told.

Salisbury, who presented a striking appearance, was well known in Fort Wayne, where he had worked for two years. There has been much consternation as to his welfare and an extended search since he suddenly dropped from sight one day last January.

"He said he just skipped out and did not want folks to know where he was," Brokaw said Wednesday.

WIND AT A VELOCITY OF 36 MILES AN HOUR

"Barometric Low" — Nothing Like "Bermuda High" —Now in Control.

A barometric low is passing through this vicinity and as a natural consequence the wind has reached a high velocity. At 2 o'clock Wednesday afternoon it was traveling at the rate of thirty-six miles an hour. The weather man states that it may reach a higher velocity before the low passes out of existence. Showers can also be expected at any time since conditions are of such a nature that a slight change in pressure would cause precipitation.

The government thermometer on the Shoaff building recorded a temperature of 83 degrees at 2 o'clock today and 81 at 1 o'clock.

Thunderstorms, accompanied by winds, are common in the lake regions and in a few of the western states. They may reach this district before becoming exhausted.

The wind wrought some damage in the city in the way of breaking large limbs off trees and in a few cases entire trees were blown over.

WELL KNOWN EDITOR SUCCUMBS TO CANCER

Karl Gerner, of the Auburn Courier, Dies at Home in Waterloo.

(Special to The Sentinel.)

Waterloo, Ind., Sept. 27.—Karl Gerner, editor of the Auburn Courier, and one of the best known newspaper men in northern Indiana, passed away at his home here last evening, at 5:30 o'clock after an extended illness with cancer of the stomach.

While he had been in poor health for some time, he did not give up until three weeks ago when he was taken much worse. He did not leave his home after that time. Mr. Gerner was for years publisher of the Waterloo Dawn, which, however, is no longer in existence.

The deceased, although residing here, went to Auburn every morning and attended personally to the editing of his paper at that place. He was born in Germany in 1854 and had been a resident of Waterloo for twenty years.

A wife and two sons, Karl, jr., and Harold, survive. The sons are brakemen on the B. & O., and reside in Garrett. Funeral services Thursday afternoon at 2:30 o'clock from the residence.

DEATH SUMMONS A WELL KNOWN TAILOR

Anton Kayser Dies at His Home at the Age of 79 Years.

Anton Kayser, a well known tailor of Fort Wayne, died at 12:15 o'clock Wednesday afternoon at his home, 920 West Jefferson street, at the age of seventy-nine years. He had been in failing health for the past two years and nearly two months ago he was forced to his bed. Death was due to complication of diseases and old age.

The deceased was born in Germany, but came to this country when a young man. He came directly to Fort Wayne, where he had resided ever since. He entered the tailoring business. He conducted his place of business at his home. Two years ago when his health became impaired he retired from active work.

He celebrated his golden wedding anniversary on April 28, 1913. He is survived by the widow and four children, George and Theodore and the Misses Minnie and Mary Kayser, all of this city. There are also five grandchildren.

BROWN.

Lewis Brown, aged 73 years, and a veteran of the civil war, died Tuesday at the soldiers' home at Marion, following a stroke of apoplexy which he suffered two weeks ago. He was a former resident of Fort Wayne, and is survived by four children, Mrs. Grover Hasslet, of Howe; Mrs. August Reamer, of Fort Wayne; Edward Brown, of Howe, and William L. Brown, of this city.

The body was shipped to Fort Wayne and was taken to the Reamer residence, 1231 Hugh street, where the Wayne Circle Ladies of the G. A. R. held services Wednesday afternoon at 2:30, and the Union Veteran Legion and Sion S. Bass posts on Thursday morning at 10 o'clock.

Funeral services Thursday morning at 10:30 o'clock at the residence, Rev. J. W. Borkert officiating. The body will be sent to Howe for burial.

RICHARDSON.

John Richardson, aged 76 years, a retired farmer residing on Chestnut street, died at 12 o'clock Wednesday noon at the residence following an extended illness due to Bright's disease. He had suffered from the disease for the past eleven years. He came to Fort Wayne twelve years ago from Ohio.

Surviving he leaves five sons—Albert and Charles, of this city, and James, Frank and Ed, of Ohio, and two daughters—Mrs. John Kessler, of Michigan, and Miss Lula, of Fort Wayne.

The remains will be shipped to Antwerp, O., Friday morning, where burial will take place.

FUNERAL NOTICES.

Wiehe.—Funeral services for August Wiehe will be held Friday afternoon at 1:30 o'clock at the residence, 1518 Wayne Trace, and at 2 o'clock at Zion's Lutheran church, Rev. Luehr officiating. Interment at Concordia.

Felger—Funeral services for Henry Felger will be held Thursday morning at 10 o'clock at the residence in Lake township and at 10:30 at St. John's Lutheran church in Lake township. Interment at Eel River cemetery.

Hofman.—Funeral services for Mrs. Magdalene Hofman will be held Thursday afternoon at 1:30 o'clock, sun time, at the residence in Madison township and at 2 o'clock at the Soest Lutheran church. Interment at the church cemetery.

Trabaugh.—Funeral services for Mrs. Charles Trabaugh will be held Thursday afternoon at 1:30 o'clock at the residence, 2404 John street, and at 2 o'clock from the Immanuel Baptist church, Rev. J. B. Bair officiating.

HAS SERVED ON POLICE FORCE FOR 25 YEARS

Charles Spillner, Subject to a Pension, Refuses to Quit.

"For fear the boys might think I am a quitter I expect to go on with my work for a while yet," Charles F. Spillner, 2132 John street, said Wednesday, on the twenty-five anniversary of his becoming a policeman, when asked if he expected to resign at once from the force.

Spillner has been in some of the hardest of the fighting since he has been a policeman. He was a patrolman until three years ago when promoted to sergeant detective. He is now subject to retirement and life pension of $50 a month.

CHARLES SPILLNER.

Spillner was appointed as patrolman by the police commission on September 28, 1891. The commission was made up of Tony Kelker, Charles Buck, L. Hazzard and Herman Michael. Charles Zollinger was then mayor of the city. Zollinger, Buck and Hazzard are dead.

First roll call for Spillner was in the old building which stood where the city market now extends. Frank Wilkinson was police captain. He has been dead six years. There was no police chief in that day.

Spilner has never had an extensive lay-off since a member of the force. He served as patrolman for some time through the old Chicago street district when four and five riots each night was the common thing.

He considers his battle with George Kelley, a well known yegg of ten years ago, as one of his most desperate affairs. Spillner attacked Kelley near the Pennsylvania railroad bridge after Kelley had held up and robbed several citizens. In the hand to hand encounter which followed Spillness disarmed the outlaw and succeeded in handcuffing him.

"Police business is a snap now days to what it was in the nineties," Spillner says. "The horses were galloping most of the time ahead of the little patrol which answered calls in those days. Fort Wayne is a model city now."

Spillner will serve until January first. Then he will retire from active life on the pension due him. It has not been decided who will be appointed successor to Spillner in the detective service.

FIRE SWEEPS OVER ENTIRE CITY BLOCK

Indianapolis, Sept. 27.—Fire of unknown origin in a residence district of the western part of the city destroyed one entire block of dwellings, composed of twelve houses, this afternoon. The fire was placed under control after the one block had been burned over.

All the houses were frame. The loss was about $25,000, it was said. The high wind made it impossible to control the fire until it had burned to the side streets.

A second fire starting about the time that in the western part of the city was under control has destroyed five dwellings in Irvington, in the eastern part of the city. It was still burning shortly before 3 o'clock. No estimate of the damage has been made.

Guest of Honor Tonight.

S. F. Bowser, president of the S. F. Bowser Co., will be the guest of honor tonight from 6:15 to 7:15 o'clock, and will address the body of workers.

Rev. A. J. Folsom complimented the workers upon their intense enthusiasm and interest which seemed to grip them in their devotion to the cause. "The entire church brotherhood of the city commends and admires the membership of the Christ Lutheran church in their ambition to reach their goal," he said. "The church of Jesus Christ stands as the mother of every good philanthropic, charitable and religious agency on the face of the earth; behind the church is Christ, and behind Christ is the Father, so that behind the cause represented in this movement for Christ Lutheran church is the common Father of us all. There shall be wars and rumors of war; there shall be tumult and turmoil upon the face of the earth; but more enduring than time, superceding all the ages, stands the church of Jesus Christ."

The leading team in the men's division was captained by George A. Dehm, who turned in for the day's work a total of $807; second team in the men's division for the day's work was that captained by Harry Geyer, with a total of $518; third team for the day's work was captained by W. F. Renz, with a total of $446.

Three leading teams in the ladies' division for the day were: Team No. O, Captain Mrs. Mullendore, $466, and two tied for second place, teams No. E, Captain Mrs. Benner, and team No. L, Captain Mrs. Kelsey, with $366.

Within three minutes after the luncheon and business session closed the spacious dining hall was practically deserted, men and women darting out in their eagerness to glean all the dollars possible for the cause, so that late tonight and late every night will the one hundred and fifty workers be found going up and down Fort Wayne in their unselfish mission of making Fort Wayne greater and better.

WORLD'S SERIES WILL OPEN SATURDAY, OCT. 27

Announcement is Made by President Johnson of American League.

Chicago, Sept. 27.—The world's series will open on Saturday, Oct. 7, according to President B. B. Johnson, of the American league, who is a member of the national commission, and is today ready to begin preparations for the series. With the race as uncertain as it is, no final action has been taken yet by the national commission, Mr. Johnson said.

"I am certain that the world's series will start on Oct. 7," said Johnson. "The contestants might be willing to begin Oct. 6, but I hardly think so. The American league race closes one day earlier than the Nationals, so I do not think that would be fair to the National league winner, however, so it looks as if the opening game will be played a week from next Saturday.

"Owing to the uncertainty of the race we have been unable to make any arrangements for the series, and I don't know whether to start east or remain in the west. The White Sox still have a chance, but of course in the National league the winner will be an eastern team."

POST-SEASON SERIES.

Chicago, Sept. 27.—A post-season series between the New York Nationals and the Chicago Americans, to take the place of a city championship was discussed today among followers of the game. On account of the uncertainty of the pennant race in both leagues, no negotiations for such a contest have been started, but Charles Comiskey, owner of the local American league team, apparently looked on the proposed series with some favor. "I have heard some talk of a series of that kind," said Mr. Comiskey, "but no one has approached me in reard to such games. It would undoubtedly be an interesting series, but there are so many obstacles in the way that I do not see how the two teams could meet. If Brooklyn wins the pennant it would of course be out of the question as I would not invade any part of Greater New York while Mr. Ebbets' team was contending in a world series."

TWO GAMES AT BOSTON.

Boston, Mass., Sept. 27.—Both major league ball clubs staged games in this city today. Because of the inability of the Boston and Pittsburg Nationals to finish their schedule even by repeated double-headers, it was decided to play the final game on Braves' field this forenoon. In the afternoon the regular schedule brought a game at Fenway park between the Boston and New York Americans.

SERIES WILL DECIDE AMERICAN LEAGUE RACE

Boston is Still Two and One Half Games Ahead of White Sox.

Chicago, Sept. 27.—The series of four games which starts today between Boston and New York will be watched with interest as the championship in the American league probably will be definitely located by the time the last of the series is played. As all of the American league teams were idle yesterday, there is no change today in the positions of the three leadgers, Boston maintaining a lead of two and one-half games over Chicago and four over Detroit.

Boston is the only one of the three leaders to go into action today, the others all having open dates. Tomorrow Chicago will begin a series of four games with Cleveland, which will end the season for both clubs. Boston has seven games to play, four with New York and three with Philadelphia. Detroit has only three games left.

In the National league today Brooklyn held onto its lead of a single game over Philadelphia, but Boston, by winning two games from Pittsburg yesterday, gained half a game and therefore is only three and one-half games behind the leaders.

Through special permission, Pittsburg and Boston this morning will play off their tie of last Saturday, which will add another game to Boston's schedule. Brooklyn has eight games more to play, Philadelphia nine and Boston twelve.

FOOTBALL NOTES.

The Badgers will practice this evening at 7:30. All members are asked to be present.

The Fort Wayne Athletics will practice tonight at Swinney park. The opening game will be played at Kendallville Sunday and the Athletics want to start with a win.

The Calaviers will practice tonight at 7:30 at the Western Gas grounds. All players are requested to be present.

MOLLA BJURSTEDT BEATEN.

Boston, Mass., Sept. 27.—Miss Molla Bjurstedt, national women's tennis champion in singles, was eliminated as a competitor in the doubles in the women's open tennis tournament at the Longwood Cricket club yesterday. Paired with Miss Eleanor A. Sears, of this city, she was defeated by Mrs. A. A. Shurtleff, of Boston, and Mrs. H. H. Smith, of Philadelphia, 2-6, 6-4, 6-4.

In the singles Miss Gwendolin Brandon, of New York, who scored an unexpected victory yesterday over Miss Marion Fenno, of this city, continued her success by defeating Miss Florence Ballin, of New York, in straight sets, 8-6, 10-8.

IN FLAG RUSH.

Local Athlete Mentioned Among Freshman Leaders.

Clarence Stillwell, former captain of the local high school track team, and individual star in the district meet held here last spring, is mentioned as one of the freshmen who distinguished himself in the annual freshman-sophomore flag rush at Western Reserve university. When the flag was found by the freshmen it was given to Stillwell, who carried it safely to within a few feet of the goal, where he was pounced upon by several sophs. In the mixup the flag was lost, but the freshmen recovered it and won.

"HUMAN BULLET" TELLS HOW TO PLAY FOOTBALL.

Third of a series of pictures, posed especially for The Sentinel by Johnny Maulbetsch, Michigan captain and all-America halfback, known as "The Human Bullet" of gridiron, showing how he shakes off tacklers.

(By Johnny Maulbetsch.)

(As told in an interview with Harold Johnson, The Sentinel Special Sport writer).

A forward pass may be made in a variety of ways, but everything depends upon accuracy and judgment. The simplest and easiest is a two-handed toss, either from the waist or from over the head.

The ball is grasped firmly and the position is like that of an overhand throw in baseball. For a spiral pass the ball is driven forward, the grasp of the fingers on the lacing and the thumb on the ball causing the pigskin to fly with a spiral or revolving motion.

Another way of making the forward pass is that of the end-over-end motion as used in the quarterback's pass, only sending the ball up into the air instead of low. It is possible to make this kind of pass even when the tacklers are almost on the passer, and it is useful when the ball is down within the opponent's danger zone.

Too much practice cannot be had in developing interference for the man carrying the ball. In open field interference the interferer should not hesitate to leave his feet to remove a man in his path, particularly if the opponent is the defensive fullback.

Make sure of your man and if necessary give him the straight arm, as shown in the accompanying picture. This is a sure means of taking a man out of the way.

The quarterback is an important cog in the interference machine. When the halves or fullback make straight plunges he should aim to get in ahead of the runner or immediately behind. The quarter playing thus is practically a free man and in position to be alert for fumbles. In end running it is a cardinal principle for the quarterback to lead the way.

Lyceum A. A. Makes Plans for Big Season

At a smoker and meeting held Monday evening plans were started for the opening of a big season at the Lyceum. Enthusiasm ran high and a most successful season is predicted by all of the members. The bowling season will begin Oct. 14. The league schedule will be arranged in the split season system and the winners of the two sections will play for the championship. Basketball will be stronger than ever this year. Although the team has lost Flaherty, who has entered Notre Dame, a new star from Chicago has been discovered and will work with the Lyceum.

Monday night will be ladies' night at the gym and the whole thing will be turned over to them. It is planned to get a physical director for that night each week.

CARRANZA SEEKS TO CONTROL DRINK EVIL

Puts Stringent Regulation on Making and Sale of Pulque.

Mexico City, Sept. 27.—Stringent regulation of the manufacture and sale of pulque, the principal strong drink of Mexico, is ordered by First Chief Carranza in a decree which has just been promulgated. The beverage is made from the juice of the maguey cactus. The new regulations double the tax on the bringing of pulque into towns, and require manufacturers of it to record with proper authorities all details concerning their business.

The decree provides that no factories may be established more than 40 kilometers from the town in which the product is to be sold. This is to insure that the pulque arrives quickly and in good condition.

Should the product spoil in process of fermentation, the manufacturer must notify the authorities and establish that it has been thrown out or used to make alcohol.

It is provided that the maguey lands also must be used to raise other agricultural products as well as maguey.

Infractions of these regulations will be punished by a fine of ten times the amount of the taxes or the factory may be closed.

LITTLE GIANTS PLAY ROSE POLY SATURDAY

Wabash Has One of the Hardest Schedules in the State This Season.

Crawfordsville, Ind., Sept. 27.—Coach Sheeks, who has opened football practice in anticipation of the opening games of the season here on Sept. 30 with the Rose Poly eleven, is confident that from the squads of thirty to forty men reporting nightly for training that a team will be developed which will sustain the reputation of the Little Giants of previous years. The schedule of games is regarded as one of the stiffest that any eleven in the state will play.

The first setback in Coach Sheeks' hopes has been the temporary loss, it is believed, of one of the most promising freshman players, Earl Worth, star all-Iowa high school end last year. Worth was called to his home on account of the serious illness of his father. He is expected, however, to return to college within a week or ten days.

The scarlet eleven's schedule calls for the following home games:

Sept. 23—Rose Poly.
Oct. 7—Hanover.
Oct. 24—Butler.
Nov. 4—Earlham.

The following games are to be played away from home:

Oct. 14—Purdue at Lafayette.
Oct. 28—Notre Dame at South Bend.
Nov. 11—DePauw at Indianapolis.
Nov. 25—Marietta at Marietta, O.
Nov. 30—(Thanksgiving day) Marquette at Milwaukee, Wis.
Nov. 18—Open date.

CHICAGO MAYOR IS FINED.

William Hale Thompson Convicted of Motor Boat Law Violation.

Chicago, Sept. 27.—Mayor William Hale Thompson, of Chicago, has been fined $500 by federal authorities for violations of the motor boat laws, it became known here today. The fine has not yet been paid, according to an official of the coast guard service. The fine resulted from the finding at Green Bay, Wis., of a motor boat yacht tender belonging to the mayor which was without fire extinguishers, life preservers, pilot rules, whistle or bell and fog horn.

DAYTON TEAM LOOKS GOOD

The Dayton Cadets, who will play the Friars Sunday, certainly look good on paper. Grant, of Pitcairn, and Carroll, the Fordham university star, are numbered among the players. The team averages 175 pounds and expects to put in a good bid for the bonus which the Friars have offered some of the teams which will play here if they win from the locals.

Under the training of Deac Jones the Friar line is being rounded into form, closely resembling that of a big nine team. Last night while Capt. Byroade ran the backs through some hard drilling Deac worked with the line, and especially with Miller and Smith, last year's tackles, who are developing wonderfully under the training.

As far as is known now, the Friars will line up Sunday the same as they have been in practice. That makes a good combination to start the season with, and if there are any bad places, they will show up in the game.

DEPAUW IS STRENGTHENED.

Greencastle, Ind., Sept. 27.—That the DePauw university football team has been strengthened at the expense of the University of Michigan eleven in securing Oscar ("Dutch") Hendrian and Edward Peacock, former stars on the championship Detroit central high school teams, is the opinion of followers of the Methodists. Hurry-Up Yost watched the work of these two—Hendrian as a back field man and Peacock as a lineman—for two years, and urged them to attend Michigan and try for the football team. They decided to attend DePauw instead, and in the practice so far have indicated by their work that they will be selected as regulars by Coach Buss. Ray Northway, who starred at tackle for the Methodists for three years, has reported for practice.

The opening game is scheduled to be played at Bloomington Saturday, Sept. 30, when the locals meet Indiana.

NEW RECORD FOR JONES.

Fielder Jones has made a new record in baseball. In seven games against the Chicago White Sox the manager of the Browns started each contest with a left-hander. And twice Jones' theory that a southpaw could tame the Rowlands held good. However, right-handers might have done a dinged sight worse—did, in fact, when they relieved the southpaws.

MOTORCYCLE RUN.

Ride Yellowstone Trail from Fort Wayne to Tri-Lake.

Forty-six riders have entered the race for a $100 stake which will be run next Sunday. The riders will go over the Yellowstone road to Columbia City and from there to Tri-lake. The racers leave here thirty seconds apart. They are scheduled to reach Tri-lake 58 minutes after leaving this city. Of this time, fifteen minutes is taken up at checking stations, leaving forty-three minutes of actual running time. In order to complete the ride in time, it will be necessary to maintain a fifty-two mile per hour road average.

Mayor Frank L. Myers, of Columbia City, has given the racers permission to pass through that place.

ADAMSON LAW WAS DISCUSSED BY CLINE

Congressman and Philip Zoercher Speakers at Garrett Meeting.

Garrett, Ind., Sept. 27.—With Congressman Cyrus Cline speaking on the Adamson eight-hour law and Philip Zoercher, candidate for reporter of the supreme court, discussing state finances, the democrats of Garrett and surrounding territory held an enthusiastic meeting here last night.

Mr. Cline said: "The republican candidate for the presidency has had much to say in communities where there were no labor organizations about congress being bludgeoned into passage of the Adamson bill by the labor organizations of the country without any investigation of the facts. Mr. Hughes was traveling up and down the country campaigning for the presidency while the conference between President Wilson and the heads of the labor unions and the representatives of the railroads were conferring at Washington.

"As conferences progressed conditions became acute and the country was alarmed. The contending forces were the most powerful in the commercial world. Both parties were unyielding and awful and frightful conditions were impending unless the strike could be averted. Not only were the rights of the railroads but the rights of labor were also at issue and above all the rights of one hundred million people were involved and no one to represent them but the president of the United States.

No Suggestions Offered.

"Under these extreme conditions what suggestions did Candidate Hughes offer to solve the trouble, standing as the representative of a great party and asking for the presidency of this great republic? Not a word. The president came to congress, asking us to recognize eight hours as a working day and save the country from the threatened disaster.

"We passed the Adamson bill—every democratic member of congress voting for it with seventy-five republicans. Now Mr. Hughes charges that congress was coerced into the passage of the act by the unions without any information or investigation of the facts and that the act is of doubtful constitutionality. Two things would have happened if Mr. Hughes had chanced to have been president. He would have permitted the strike to have been called while he investigated."

"He would have ignored the truth that the eight-hour proposition had been under investigation for more than twenty years. He would have let the strike plunge the industries into paralysis while he investigated. He would have let men, women and children in the large cities starve to death while he investigated. He would have let food rot in the fields and at railway stations waiting for transportation while he investigated. He would let food of all kinds be held up for lack of transportation facilities while he investigated.

"And that fact alone determines his unfitness for the presidency because he has not the ability to rise to the great emergencies. Mr. Hughes would give the country to know that the eight-hour question was a new one, suddenly thrust into the social structure of the government upon which the people had no information. It is impossible to believe that Candidate Hughes wants the country to believe either that there is no information on the subject or that he is ignorant of it. The subject began to be written about the very time organized labor took on its existence more than twenty years ago.

Not Forced by Unions.

"The action of congress on the eight-hour law was not forced by the action of the unions. It was protection for the people of the United States, who were vitally interested in the settlement of the strike. We recognized the growing sentiment of the country in favor of an eight-hour day in the industries of the nation. We could not permit the roads to be tied up by the strike nor permit the managers of the roads to smash the unions if they had an opportunity.

"Mr. Hughes protests that he is a friend of labor. Both the record of the candidate and his party as the friends of labor is a mockery. Labor had no recognition from any party until the democratic party came into power. The republican party fought labor in its national convention in 1908 and its representation in congress since that time has contested every measure looking to the betterment of labor. When you moved away from the theory that labor is a commodity, you could go into the market and buy as you would a ton of coal. But when we understood and appreciated the fact that labor was a part of the great social compact of the republic producing and evolving means for the improvement of the government, then we came to understand that the rights of the millions who toil ought not to be ignored.

In addition to speaking on state issues Mr. Zoercher also spoke on international affairs, including our relations with Germany.

Many county candidates of DeKalb county attended the meeting. Richard Heinlin, president of the Wilson-Marshall club, presided. Lunch was served after the speaking.

EXTORTED $100,000 IN PAST 18 YEARS

Edward A. Leet Admits He Made New York Lawyer His Victim.

New York, Sept. 27.—Edward A. Leet, 42 years old, an inventor, accused by Edward Lauterbach, a well known lawyer, of having extorted about $100,000 from him during the last eighteen years, pleaded guilty to the indictment against him yesterday. He will be sentenced on Oct. 3. The maximum penalty for the crime is fifteen years.

Lauterbach went before the August grand jury and said that for nearly two decades he had been victimized by Leet and his wife, who demanded huge sums, asserting that the lawyer was under "moral obligations." He produced checks showing payments in excess of $50,000 and letters threatening violence alleged to have been written by Leet.

Helped by Attorney.

The Leets, it is alleged, came here from Scranton, Pa., eighteen years ago with a letter of introduction to Lauterbach. They were in financial straits and the lawyer helped them. Lauterbach called on them frequently and then Leet began making his demands.

Lautenbach was in court to testify against Leet if necessary. Assistant District Attorney Weller asserted that he had subpoenaed a prominent Scranton attorney and three other residents of that city who were prepared to testify that Leet had victimized them in the same manner that he had Lauterbach.

Recalls "Wolf of Wall Street."

Lauterbach was in the public eye about two years ago, when his name was mentioned in indictments brought against David Lamar, known as "the wolf of Wall street," for impersonating former Congressman A. Mitchell Palmer, of Pennsylvania, in an attempt to swindle J. P. Morgan & Co. and the United States steel corporation in an alleged plot to influence legislation.

Charges against Lauterbach were filed with the New York Bar association. The effort to disbar him was unsuccessful, but he received a censuring.

Lamar now is serving a term in the federal prison at Atlanta, Ga.

INSURES HIS LIFE THEN KILLS HIMSELF

South Carolina Business Man is Found Dead in Chicago Hotel.

Chicago, Sept. 27.—The body of Allen U. Tomlinson, salesman for the Tomlinson Chair Manufacturing company, High Point, N. C., was found on the floor of his lighted room in the Hotel Brevoort yesterday afternoon. There was a bullet wound in the right temple. Near the body was a revolver.

The body was found by a chambermaid who went to the room to put it in order. On the bed lay severaly neatly folded newspapers and a magazine. The coat and vest had been laid carefully over a chair back. In the trousers' posket were found a few coppers.

Tomlinson had registered at the Brevoort on Sept. 23 as T. U. Allen, of Minneapolis. He was well dressed, unobtrusive and made no friends. A solitary business card, a membership card in the Mechanical Manufacturers' club, of Atlanta, Ga., and two health insurance policies were the means of his identification. No letters were among his few personal effects.

One insurance policy, payable to Tomlinson's mother, Mrs. Anna Tomlinson, of High Point, is for $2,000, in the Travelers' Protective association, of St. Louis. The other, for $5,000, in the Travelers' Health association, of Omaha, is payable to the estate. Both policies were issued about ten days ago.

The position of the body on the floor indicated that Tomlinson had stood before the mirror when firing the fatal shot, according to Dr. A. Baxter Miller, who made the examination. He said the man had been dead since the preceding evening.

Detective Sergeant Barney Marroy, who investigated the case, said he was satisfied that the man had committed suicide.

Three Monday newspapers were found on the dresser in the room. One of the papers was opened to the page containing the story of the suicide of Mrs. Arthur Gellatt, in Madison, Wis. The police believe that Tomlinson shot himself after reading the story.

A telegram from Greensboro, N. C., said Tomlinson was 31 years of age and unmarried. He was from Pine Ridge, S. C., and was a brother of C. F. Tomlinson, manager of the manufacturing concern and formerly the national president of the Travelers' Protective association. The president of the manufacturing concern, S. A. Tomlinson, is the uncle of the brothers. Allen Tomlinson's relatives could assign no reason for his act.

DON MUNGEN GOES TO WILDWOOD BUILDERS

Resigns Position at Bowser Plant Which He Held Eight Years.

Don D. Mungen, for seven or eight years employed in responsible positions at the factory of S. F. Bowser & Company, has tendered his resignation, to become effective October 9. He has accepted a position with the Wildwood Builders company and assumes the duties of his new office as soon as released at the Bowser works. Mr. Mungen has been production manager at the Bowser factory for two or three years. He is quite prominent and popular at the works and takes a prominent part in all the movements towards the advancement of shop conditions and the interests of the company and employes. He was president of the Bowser Efficiency club the past year. H. J. Grosvenor, the factory manager to whom Mr. Mungen reports, said this morning that no successor had been named. Mr. Mungen is out of the city on business for the company at present.

CLERKS HAVE JOLLY TIME.

Enjoy Wienie and Marshmallow Bake in Glen Grove.

"The best time of our lives," is the way the clerks in the receiving and shipping department of the General Electric works express their opinion of the wienie and marshmallow bake given them by Mr. and Mrs. J. W. Crise, the latter the head of one of the departments, last night. There were thirty-one in the party and they went out to Glen Grove, the home of Mr. and Mrs. Crise, as soon as working hours in the offices closed. Fires were kindled in the grove, at which the wienies and the marshmallows were baked and as soon as members of the party had "their fill," they repaired to the home of Mr. and Mrs. J. W. Crise, their host and hostess, where they enjoyed a season of music, dancing and jolly generally, coming home at a late hour in automobiles. In the jolly party were Mr. and Mrs. J. W. Crise, Mr. and Mrs. J. A. Lamboley, Mr. and Mrs. J. R. Pulver, Mr and Mrs. Carl Stogdell, the Misses Simminger, Clara Philley, Gladys Rogers, Mary Rosencranz, Matilda Boyce, Blanche Forker, Ester, Hellman, Josephine Kelly, Georgiana Bell, Carrie Burke, Eugenia Buchanan, Margaret Sorgen and Grace Banks and Messrs. Elmer Beverforden, Roland Leidolf, Joseph Grosjean, Carl Bartels, Don Lerverton, Harry Brueggeman, Herbert Krock, G. Middendorf, Ford MacLain and Otis Borchelt.

TALKING VOCATIONAL SCHOOL.

Pennsylvania Employes Preparing to Take Up Studies.

Over 100 of the young men employed at the Pennsylvania shops gathered at the committee room in the Baker street passenger station this afternoon to hear the advantages of a course in the vocational school explained and at the close of the meeting the greater portion of the audience expressed a desire to enroll and attend the school the coming season. Walter C. Hamilton, assistant master mechanic, presided at the meeting this afternoon and addresses were made by Prof. Walter E. Gordon, of the vocational school; J. T. Gelder, a special man in the motive power department of the Pennsylvania, and James A. Foster, foreman of the airbrake department of the Pennsylvania shops. Mr. Gelder and Mr. Foster will also assist in conducting the vocational classes at night. Last year fifty-two of the young men in the Pennsylvania shops attended the vocational school and will testify to the benefits derived from the course.

SHOP CLERKS MEET.

Assemble Here to Discuss "Uniformity of Accounting."

The shop clerks from the division points on the Pennsylvania Northwest system are here today to attend a meeting designed for the discussion of the question of "Uniformity of Accounting by the Shop Clerks" of the system. The meeting is being presided over by W. J. Wilt, chief clerk of the motive power department of the Northwest system, and others participating in the discussions are Shop Clerk J. H. [illegible], of Fort Wayne; Shop Clerk Henry Weischler, of Chicago; Assistant Shop Clerk John Mumaugh, of Allegheny; Shop Clerk J. M. Winter, of Crestline; Shop Clerk W. D. Moore, of Wellsville, and Shop Clerk Harry Campbell, of New Castle, and Material Inspector C. P. Cherry, of the Northwest system.

ANOTHER EXPANSION IN SHOPS.

Branch of Small Motor Shop to Be Moved Friday.

Next Friday General Foreman George Smith, of the small motor department of the General Electric works, will commence moving the field winding department from the fourth to the third floor of the big factory building, No. 17. The space to be occupied by their department is the north end of the third floor, recently vacated by the special machine department, which has been moved to the fourth floor of the new store house building. This change is absolutely necessary to make room for the expansion of some of the other of Foreman Smith's departments. Work at the big plant continues to press each department to the limit of its capacity.

WILL MEET OCTOBER 3.

Speakers Announced for Meeting of Bowser Efficiency Club.

There will be a meeting of the Bowser Efficiency club at the Country club on the evening of October 3, according to an announcement by George S. Bacon, chairman of the program committee. For some time it has been customary for Fort Wayne business and professional men to attend these meetings and often make addresses.

S. F. Bowser, president of the S. F. Bowser & Co., S. B. Bechtel, general manager, and W. N. Ballou, attorney, will be among the speakers of the evening. The object of the club is partly educational and partly social and its meetings are always filled with interest.

MEET IN RICHMOND IN MAY.

Master Boilermakers' Convention to Be Held There.

The executive committee of the National Master Boilermakers' association, which held a meeting in Chicago Monday, is having sent out notices of the next annual convention of the association, which will be held in Richmond, Va., next May. B. F. Sarver, general foreman of the Pennsylvania boiler shop, is chairman of the committee and attended the meeting.

ONCE WORKED FOR BOWSER.

Frank T. Hyndman, general manager of the Damascus Brake Beam company, of Cleveland, was the Philadelphia representative of S. F. Bowser & Company in 1912 and 1913 and made occasional visits to Fort Wayne. Mr. Hyndman began his business career as a brakeman and later a fireman on the Central New Jersey. Thence he went to the Pittsburg and Western and remained there until he reached the position of master mechanic. Then he went to the Baltimore and Ohio in a similar capacity, soon becoming mechanical superintendent of the road. From that position he transferred to the Bowsers.

SPECIAL SERVICE FOR BOURBON.

The Bourbon fair, which has always been one of the biggest events of its kind on the Pennsylvania between Fort Wayne and Chicago, will be in progress next week and arrangements are being made for extra train service on the Pennsy. During the four days of the fair, all the local passenger trains will carry extra coaches and on Thursday, which is the big day, there will be a special train into Bourbon from each direction. The train from this city will leave at 7:20 o'clock Thursday morning, immediately ahead of No. 809.

SAFETY FIRST MEETING RESUMED.

The safety first committee of the Wayne Knitting mills resumed the monthly meetings today, when the full membership assembled this afternoon to talk over matters pertaining to safety first practices in the factory. There are about twenty-five members in the committee, including the foremen of the various departments and some of the shop foremen. Since the inauguration of the safety first committee at the knitting mills there have not been as many accidents there as formerly.

BACK ON PENNSY PAY ROLLS.

W. F. Meyers, who took a position as machinist in the tool room at the Pennsylvania shops this morning, was employed there once before, resigning about two years ago to take a position in the Wabash shops at Decatur, Ill. He is well known to the Pennsylvania machinists and his return is a matter for rejoicing among the boys. Mr. Meyers is recorded as W. F. Meyers, No. 2, at the Pennsylvania shops, there being another machinist employed there under that name.

ENGINE BURIED IN COAL.

Fifty tons of coal dropped onto and buried the engine pulling Wabash westbound passenger train No. 3 Tuesday at the coal docks at Tilton, when a part of the docks gave way. The engine was taking coal at the time and the engineer and fireman were both in the cab, but escaped injury. Only the locomotive was buried and a freight engine went to the rescue and took the train to Decatur. Only slight damage to the locomotive resulted.

HAY BARN BURNED.

A barn used for storing hay by the Ireton Brothers, at Van Wert, was completely destroyed by fire yesterday afternoon. The loss is estimated at $1,500 and it is said that good work on the part of the fire company prevented a much heavier loss. Adjoining the barn was a lumber yard, but the fire was prevented from breaking out in it.

TO GIVE STUNT PARTY.

The Gymnit club, composed of girls at the Wayne Knitting works, will open the social season Friday night with a "stunt" party, whatever that is. The girls who will have charge of the affair are keeping the program a secret, but they promise those who attend the party a good time.

FELL OUT OF WINDOW.

Herold Weist, an assembler in the dynamo department of the General Electric works, sustained some painful bruises about the head and face yesterday when he fell from the window sill and struck on the floor of the room. He was attended by Dr. Shulz and then sent to his home.

J. Rogge and L. L. Nelson More brakemen are to be promoted until the list of promotions from the brakemen's rank has reached twenty-six.

Failing to get white laborers, the Pennsylvania company brought in a number of colored people from the south to work on the Sandusky-Columbus division, where some new track is being laid. The plan is said to have been satisfactory. The wives of the colored men were brought with them. The company the week before took thirty-one tramps from Pittsburg to this piece of road, expecting them to work. After giving the fellows a good supper and breakfast, they left, not one showing up for work.

MIGRATORY SEASON FOR WILLIES IS HERE

Railroad Detective Explains Why Men Are Riding Passenger Trains.

"It is the migratory season for all birds of passage. I mean the restless flock of tramps, crooks and petty yeggs," explained Captain H. C. Stoll when asked why so many men are being removed from passenger trains of late.

"Fellows will now take a chance at a passenger train who would not think of trying it at other seasons of the year," Stoll continued.

"All the fellows we have removed from Pennsylvania passenger trains have been youths. They are active and think there is a chance to get away. A part of them are homesick lads who have been wandering during the summer. Maybe they have had a cheap job. Frosty nights bring homesickness. They are trying to get back to the old roof tree before snow flies.

"Thieves and crooks of all kinds are hunting winter quarters. They gather in a camp some place during the summer and live an easy life. It requires but little plunder to keep them. They can steal enough from the farmers to live. But with the first sharp winds they break up camp. They hurry to some city and settle for the winter. The younger fellows take all sorts of chances. Older men still ride the freight trains in all seasons.

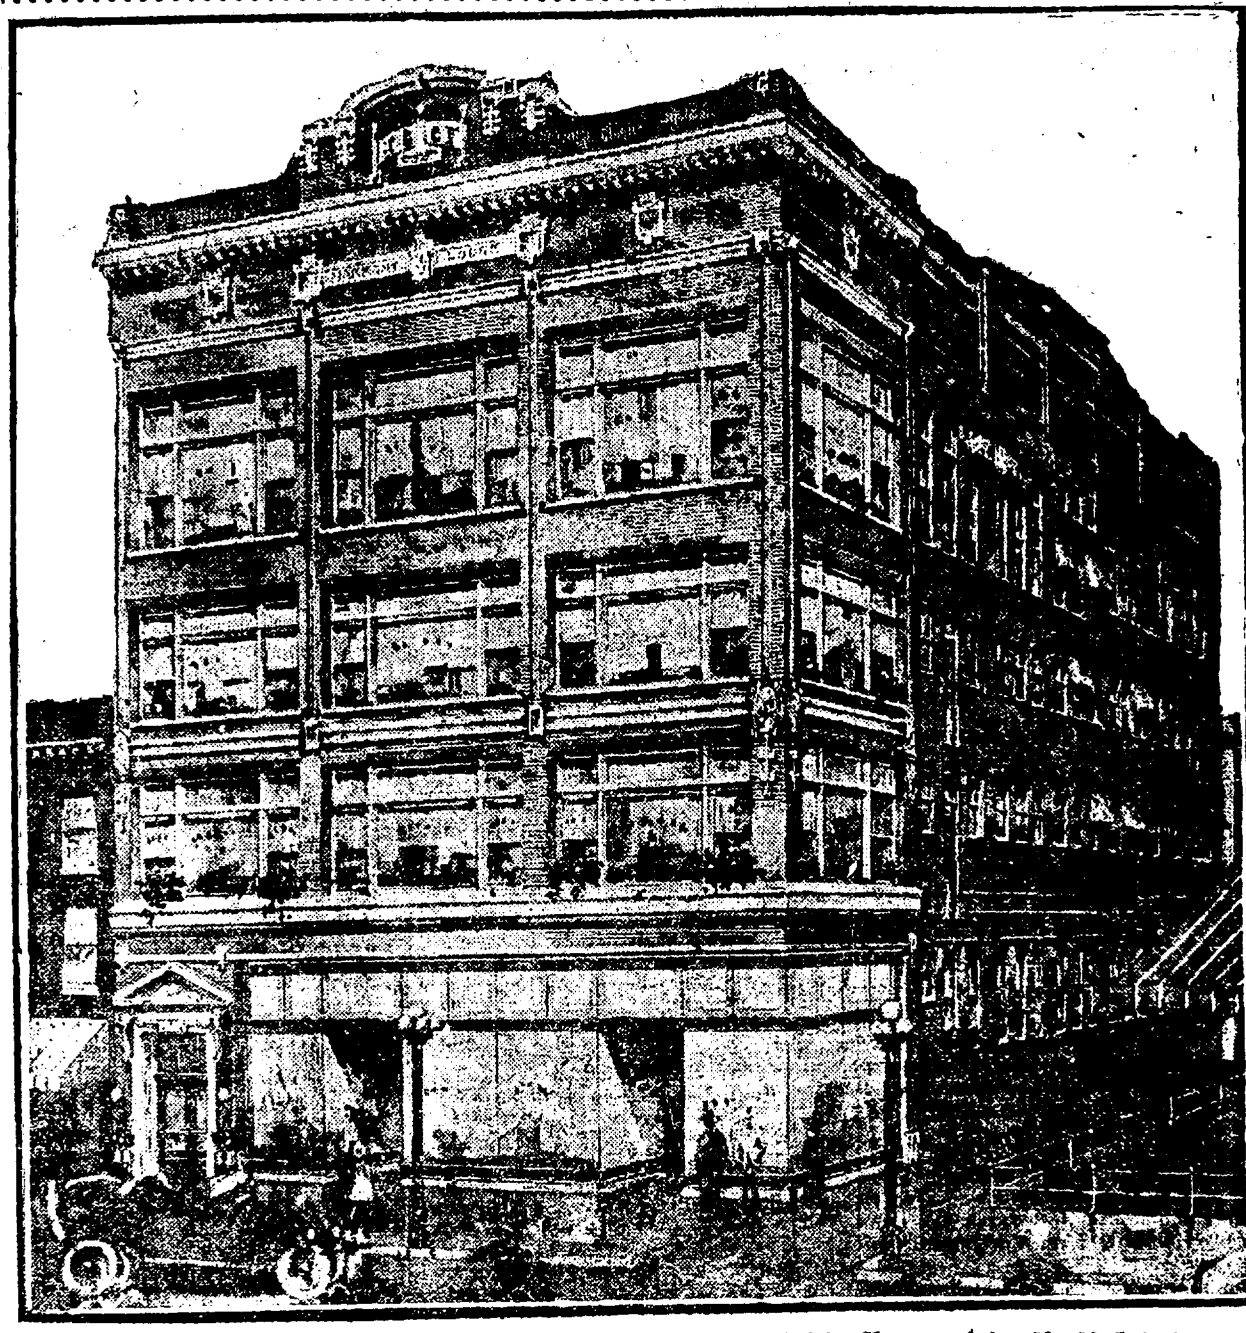

"There is not much hope of breaking the practice up. We can jail the fellows we take from the tenders and try to scare them but next year when cold weather frowns again the young blood will make a dash for cover and the passenger route is swiftest travel."

MUCK FIRE MAY BURN FOR SEVERAL WEEKS

Farmers Moving from Their Homes in Fear of the Flames.

One hundred farmers are engaged in what appears to be a hopeless task of checking the muck fire, which is raging in the district between the Huntington and Wabash railroad tracks and west of Sprankle station. The men are digging deep trenches along the east side of the heath in an effort to stop the fire which is smouldering both above and below ground.

Half a dozen homes in the district have been vacated in fear that the fire would engulf them. Loss is constantly growing as the value of the land is practically destroyed when burned.

Fort Wayne firemen were called to the scene Tuesday night but could render little service. The fire which smoulders as far as twenty feet under ground, is not to be attacked by chemicals or moderate use of water. Only drenching rain for a period of several days would benefit the burning bog.

Some farmers say the fire has been smouldering in the earth for many days. The ground has been hot and here and there puffs of smoke has been known to arise, it is said.

Direct cause of the muck fire is given in the burning of trash by Charles Lowdan, who recently came from Payne, O., to tenant the John Lamb farm. Lowdan did not know the chemistry of the soil, he says, and did not hesitate to start a fire in the blackest portion of the muck land.

The land is made up of decayed vegetation and is the richest in northern Indiana. It is the vegetable matter which burns when the muck is overheated. Many years ago, old settlers say, the muck ground is known to have burned the year around. Practically the only remedy is to allow the muck land to burn itself out.

The method of stopping the blaze by digging deep trenches is the most effective, farmers say, and the strip of 100 acres now on fire is being surrounded with ditches that take on the appearance of a European battlefield.

WHEAT PRICES BREAK STANDSTILL AND GO UP

Local Millers Add Three Cents to the Bushel on the Grain.

Following a standstill of nearly three weeks in the price of wheat, the markets again took life Wednesday morning and a raise of 3c per bushel was quoted on the grain. Local millers and grain dealers are now offering from $1.46 to $1.48 a bushel for wheat. Followers of the markets are divided in their opinion as to which way the price will go. Some state that the market is bound to recede while the majority of them state that with a possible chance of the opening of the Dardanelles wheat prices are bound to make another sensational climb as they did in the winter of 1914 and 1915, when the price reached the $1.65 mark.

Although the price of wheat has advanced, millers did not raise their price on flour but if the grain continues to climb the inevitable result will be a higher price for flour, and consequently a higher price for baked goods.

Little life was to be found on the local markets Wednesday and receipts in all departments were exceedingly light. Quotations of the previous day remained unchanged.

Hog prices have come to a deadlock at the $10.25 mark and there seems to be no relief in sight. The price will undoubtedly remain at this same level until the new corn begins to arrive in larger quantities on the markets. It is possible then that the prices will come down.

BABY BONDS PROTECT AGAINST INCOME LOSS

It is essential for any man or woman to protect themselves against the possibility of the loss of their income and especially so if they have others dependent upon them. Baby Bonds are particularly suited for such an office because of their soundness and because the small denomination makes them easy to accumulate. Baby Bonds are in $10 denominations secured by first mortgages on local real estate and bearing six per cent. interest. There are also larger bonds in $500 denominations which have the same security and the same rate of interest.—Advertisement.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Sept. 27.—Wheat prices today appeared to be still weighed down by the bearish influence of the big world supply, the largest known at this season. Initial quotations, which ranged from ⅜c off to ⅜c up, with December at $1.54 to $1.54½, and May at $1.54 to $1.54¾, were followed by a material general decline and then something of a rally.

The close was unsettled, 1c to 1¾c net lower, with December at $1.52½ to $1.52¼ and May at $1.52¾.

Unwelcome rains made corn relatively firm. After opening at ¼c decline to a like advance, the market fluctuated within narrow limits.

The close was nervous at a range varying from ⅜c decline to a rise of ⅛c, compared with yesterday's finish.

Oats tended to sag in the absence of any aggressive demand from the seaboard.

Lower prices on hogs carried down provisions.

THE DAY ON WALL STREET.

New York, Sept. 27.—Investment shares dominated today early active operations, with further substantial gains in rails, the inquiry for those issues being more impressive than at any time in the recent general rise. There were many transactions embracing single blocks of 1,000 to 4,500 shares in Union Pacific, Southern Pacific, Pennsylvania, Reading and New York Central at advances extending from fractions to over a point. Coppers also were in renewed favor, with such industrials as U. S. Steel, Crucible and Republic Steels, Colorado Fuel and General Electric, the latter at an advance of over five points. Texas company was the only active stock to display heaviness, yielding eight points.

The pace set by rails at the outset was more than maintained, leaders of that group increasing their advantage to levels that placed them at highest quotations for the last hour or two, while Reading at 115½, made a new record. Union Pacific was the most active stock of the first hour, at which time [illegible]

a million shares, for the first time in many months superseding steel and coppers.

Gross gains in rails ran to two points in many issues, with an increasing demand. Steel and representative industrials, as well as prominent specialties, held their ground and shipping shares rose substantially. Realizing provoked moderate reactions before noon. Bonds were firm.

The New Neckwear Is Wonderfully Smart

It is quite necessary to complete the Autumn frock, whether it be silk or the fashionable blue serge, to wear a dainty collar of Georgette.

Neckwear never was lovelier, daintier, than right now. And every charming novelty is here, making our present showing the largest and finest stock of neckwear we have ever had.

Notable among the new things are collars of Georgette, with broad tucks or faille ribbon trimmings; white satin collars in the new deep roll effects and flat, deep back styles; broadcloth collars with deep back and high roll—the novelties are almost endless, each one lovelier than the other.

Starting at 25c for the least expensive of these collars, prices range up to $6.50.

LETTER EXPLAINS HOW TO GET RELIEF FUNDS

Soldier Fund Relief Committee Seeking Appropriations from Congress.

In response to a letter which W. N. Ballou, secretary of the committee receiving relief fund money for dependents of Fort Wayne guardsmen going to the border, wrote to the secretary of war, inquiring steps necessary to procure relief funds recently appropriated by congress for dependents of the guardsmen, H. P. McCain, adjutant general connected with the war department, has written as follows: "Under the policy adopted by the department applications for aid for the support of dependent families from the appropriation mentioned should be made by the soldiers themselves on forms which will be supplied them by their commanding officers.

"If the soldiers in question have not already been advised of the plan referred to, it is suggested that it be brought to their attention by persons in interest," adds Mr. McCain.

Some time ago an order was issued by the war department authorizing the discharge of enlisted men, but in view of the terms of the army appropriation act, the previous order was revoked.

What Act Provides.

The following is in part the congressional appropriation act:

"That the sum of $2,000,000 is hereby appropriated out of any money in the treasury not otherwise expended under the direction of the secretary of war, and under such rules and regulations as he may prescribe, for the support of, at a cost of not more than $50 a month, or so much of the amount as the secretary of war may deem necessary, and not more than such enlisted man has been contributing to the support of his family at the time of his being called or drafted into the service of the United States or during his enlistment period in the regular army at the time of such call or draft of the organized militia or national guard, the family of each enlisted man of the organized militia or national guard called or drafted into the service of the United States until his discharge from such service."

Mr. Ballou will probably call soon a meeting of the Fort Wayne relief committee soliciting funds for dependents of the guardsmen and consider the opinion received from the war department. A second appeal for funds to maintain families of the guardsmen was recently sent out by the committee.

O-EAT-IT Bran Food

Health Without Medicine.

The marvelous new scientific bran food, O-EAT-IT, quickly puts the stomach and bowels in perfect condition, restores your vitality and renews your old time strength and vigor by giving your system the food it is craving. What is needed is proper food, not medicine; when this is supplied, constipation and stomach troubles quickly disappear, energy returns, and life is worth living once more.

The new pure bran food, O-EAT-IT, comes baked, ready to serve, in crisp, toasted slices that keep fresh and tasty indefinitely—made from a combination of wheat with a large percentage of rich golden bran and the coarse parts of other grains added. It takes the place of all kinds of old style bread and breakfast foods, morning, noon and night, and supplies the stomach and bowels with a coarse ample bulk that makes constipation and indigestion impossible. Wonderful for growing children. A well known Rockford physician writes us that he considers O-EAT-IT a real food blessing for all mankind. O-EAT-IT is for sale at most good grocers. Physicians endorse it. Ask yours. Trial package mailed free. Address The Ideal Food Co., 181 Studebaker Bldg., Chicago, Ill.

If your grocer does not have it, you will find it on sale and recommended by the following grocers:

Heiny's Grocery, Coverdale & Archer, J. A. Hetrick, White Fruit House, I. Freiburger Co., E. Dickmeyer & Son, Joe Suelzer, Wayne Grocery, Getz, Sharp & Orr, Klug's Grocery, H. C. Cline, H. P. W. Brinkroeger.

Woman Elector for Illinois Democrats; Endorse Suffrage

Catherine Waugh McCullough

Springfield, Ill., Sept. 27.—In adopting a state platform here yesterday the democrats of Illinois declared for woman suffrage and named Mrs. Catherine Waugh McCulloch, of Evanston, noted suffrage worker, as one of the presidential electors-at-large. The convention also declared for the eight-hour day for both men and women engaged in non-agricultural pursuits, and a compulsory workmen's compensation act.

IOWA MAN ALSO VICTIM.

Investigation of New Blackmail Plot Is Begun at Chicago.

Chicago, Sept. 27. Investigation of a new blackmail plot in which it is alleged a wealthy Iowa man was fleeced out of $10,000 by methods similar to those employed by the "million dollar blackmail syndicate," recently exposed, was started today by federal officers. The Iowa man, a widower, is said to have been duped by a young woman and a man who posed as a government agent and "arrested" the Iowan on a charge of violating the Mann law. Federal officials have withheld names.

FEARS DAM MAY CUT OFF WATER SUPPLY

City Will See That River is Not Dropped Below Factory Pipe.

Henry Berghoff, president of the Rub-No-More soap factory, called upon Mayor Hosey, Wednesday, and expressed the fear that the proposed collapsible dam may reduce the Maumee river level below the dam until the suction pipe of the factory will not longer be under water.

Constant supply of water at the factory is absolutely necessary, Berghoff showed. The water is drawn up into the factory through a long pipe dropped in the river. Berghoff fears that all of the ready supply of water in summer may flow through the intercepting sewers and none over the dam.

Hosey pointed out that the amount of water to pass through the sewer system can be regulated. The Maumee river carries 36,000 gallons of water a minute, according to government survey, Hosey says. There is absolutely no danger of the river being reduced to a startling degree below the Walton avenue bridge by the dam, he says.

The matter will be investigated before survey for the dam is made, however, Hosey explained.

NEW PAVING PROCESS.

Steam Wagon Used to Distribute the Coating on Rudisill Boulevard.

A big steam boiler, carried on a wagon drawn by four horses, is being used to spread the top coating of asphaltic macadam on Rudisill boulevard. The tank is saturated with steam and also holds several hundred gallons of the concreting substance. The steam heats the macadam and also forces it out through the pipes to the street.

The new macadam spreader works on the same order as a city street flusher. The boiling macadam rushes out of the pipes and fills the crevices [illegible] been distributed the twelve-tone steam roller is employed to run over the street. Later another coating of the macadam is administered. When a fine layer of screening has been put on the top the boulevard will be completed.

Paving in the mile strip of Rudisill boulevard is promised by the Grace Construction company, to be finished in twenty days.

WHAT THEY ARE WEARING.

(By Betty Brown.)

Shoes of canary color suede and laced high. Spats the color of buttercups to top white pumps or Oxfords.

Party dresses as yellow as the heart of a daisy and made of filmy tulle—from which you may gather, as I did after visiting a dozen fashion exhibits, that yellow is popular. A long narrow scarf that winds gracefully around the neck and drops below the waist line is one of the faddy things of the autumn. The scarf is of the same material as the street suit to which it belongs and at either end there's an odd-shaped patch of seal or some other fur. The veilless lady is a rarity. Some of the new veils are lovely, and all are voluminous and float about the face and shoulders in a way that's fascinating. Study the violet, dear lady, if you would know the colors of the season. Maple leaf red is one of the new colors brought out this fall. Burgundy and other shades of reddish purple are also favored.

The Nickel Plate is assembling the material for the subway at Coombs street and will be ready to take up the work as soon as the Osage street subway is completed. The piling was unloaded from cars at that point today.

Men's shoes fastened with pieces of spring metal instead of laces have been invented.

125,600 JOIN N. Y. STRIKE

LEADERS SAY MORE WILL GO

Union Labor's Sympathetic Move to Aid Car Men is Under Way.

CITY IS SHOWING LITTLE EVIDENCE

Organizer Asserts 263,000 Will Join the Ranks Tomorrow.

New York, Sept. 27.—Union workers to the number of 125,600 went on strike today in sympathy with the striking traction employes, according to figures given out at a meeting of representatives of labor unions.

These were the figures reported to the meeting by the union delegates, according to Ernest Bohm, state organizer of the American Federation of Labor.

The trades which have responded to the strike call, he said are the United Garment workers; building trades unions, the paperhangers, painters, house wreckers and a number of small organizations. Bohm declared that 263,000 more would go out tomorrow.

Little Evidence About City.

Despite this fact, there was little evidence about the city that a strike was in progress.

Private canvassers among the labor unions reported at least twenty-two unions had failed to respond to strike calls this forenoon. The only report received at police headquarters was that 250 members of the Painters union had refused to report for work.

Among the unions which failed to go out today was the Brewery workers, numbering 6,000, but their leaders declared they would strike tomorrow.

Attempts to estimate the number of strikers were complicated by the fact that thousands of Jewish workers will remain idle over Thursday and Friday in celebration of the beginning of the Jewish new year. Of the 200,000 expected by the leaders to strike, 143,000 are members or affiliated with the Unit-

LINEMAN IS KILLED BY ELECTRIC SHOCK

Samuel Smith Victim of Fatal Accident Wednesday Afternoon.

Samuel T. Smith, 35 years old, a lineman in the employ of the city, was electrocuted shortly before 3 o'clock Wednesday afternoon on top of a pole in the 1700 block Broadway directly across from the new buildings of the General Electric company. Smith lived at 916 Harmer street, and is survived by a wife and two children.

Smith was engaged in testing out the fire call system at the plant of the General Electric when a guy wire fell across a high tension wire belonging to the Traction company. Death is believed to have been instantaneous.

Smith's clothing soon caught fire and before hundreds of spectators he was burned to a crisp. At 3:15 his body had not been removed from the pole. Later a rope was tied around his body and in this manner it was lowered to the ground.

It was found that his right leg was entirely burned off and one arm badly burned. His partner, Charles Winbaugh, assisted in getting him down from the pole. City Electrician Gaskill had previously cut the deadly wire.

A fire alarm was turned in and three companies responded. Hundreds of spectators soon gathered and watched the men work in attempting to rescue. Because of the condition of the wires their work was exceedingly perilous. Smith had been in the employ of the city as a lineman for the past four years.

SHOP STRONG FOR WILSON.

Wabash Employes Threaten to Quit When Photo Is Removed.

Decatur, Ind., Sept. 27.—Between 200 and 250 employes of the Wabash shops yesterday threatened to walk out because an American flag surrounding a photograph of President Wilson had been taken down from over the door of the shops. The flag had been removed on instruction of Master Mechanic H. C. Ettinger, but when informed that the employes were preparing to walk out he had it replaced.

VICTORY AFTER TEN DAYS.

Sofia, Sept. 27.—(Via London, 12:15 p. m.)—After ten days of heavy fighting between Serbian and Bulgarian troops on the western end of the Macedonian front the Bulgarians forced back their opponents, compelling them to retreat along the whole front, it was officially stated today.

More Guardsmen Go; 10,000 Will Return

HUGHES COMPLETES MIDDLE WEST TRIP

Cleveland, O., Sept. 27.—Charles E. Hughes ended today his second campaign in the middle west. He will return on his third and last campaign trip in this section early in October.

Mr. Hughes left Cleveland at 7 o'cock for Pittsburg, where he was due to arrive at 12:30 p. m. A ten minute address at Akron and a fifteen minute address at Canton, both from the rear platform of his car, were down on the program for delivery en route to Pittsburg.

The nominee will leave Pittsburg at midnight and will speak tomorrow morning at Trenton, N. J., and tomorrow night at Saratoga Springs, N. Y.

Before leaving Ohio Charles E. Hughes today sent the following telegram to Gov. Willis, who accompanied the nominee on his trip through the state. "On leaving Ohio I desire to express my most hearty appreciation of your many courtesies. The trip has been a most enjoyable one and I am greatly indebted to you for going with us and for your effective support."

NOW AIMING AT CHALUNES

French Strike at Key to Southern End of Line Along Somme.

CLAIM NEW GAIN AT VERMANDOVILLIERS

Greek Troops Join Revolutionists as Their Nation Nears War.

Today's War News Given in Summary

No rest is being given the Germans by the victorious Franco-British forces on the Somme front. The British capture of the long resisting Thiepval stronghold, followed closely and unexpectedly upon the capture of Combles by the combined allied forces was itself followed up last night by a new stroke on the part of the French south of the Somme, where they drove German forces out from Vermandovillers and captured a strongly fortified wood east of the town. Apparently this new drive is aimed at Chaulnes which bears to the southern end of the Somme line somewhat the relation that Combles did to the northern sector. Meanwhile the military importance of the gains from Thiepval to the Somme are expected by military observers in the entente capitals to be made manifest by speedy further inroads upon German-held territory.

Belated reports from the front today announce the capture of between 3,000 and 4,000 Germans by General Haig's forces in the fighting Monday and Tuesday. The reported captures by the French bring this total up to more than 6,000. Unofficials figures show the aggregate number of prisoners taken by the Anglo-French armies during the Somme offensive from July 1 to date have been 60,000, with some 190 square miles of territory and forty-nine villages.

In Macedonia the entente forces apparently are encountering a stiffened Bulgarian resistance, especially west of the Vardar region. Paris reports Kaimakcalan height subjected to repeated attacks by Bulgarian forces, but declares the Serbians held fast to the captured position. Sofia, however, reports that the Serbians have been forced to retreat along the entire front.

Greece apparently is on the verge of entering the war on the side of the entente, King Constantine being now reported to have consented to such action.

Paris, Sept. 27.—(Noon.)—A brilliant French attack east of Vermandovillers has succeeded in capturing a strongly fortified wood, according to an official statement issued by the war office today.

The Serbians have repulsed three violent Bulgarian attacks on Kaimakcalan height, according to an official statement issued by the war office dealing with the Saloniki front.

Widow Who Gave Jewels to Blackmailers Chief Witness Against Syndicate.

Mrs. Klipper, of Philadelphia, widow and mother of two children, will be the chief witness in the trial of alleged blackmailers caught by secret service agents and said to have extorted $1,000,000 from wealthy men andn women.

Frank Crocker, said to be a member of the blackmail syndicate who turned state's evidence, told the authorities he met Mrs. Klipper in a flirtation at a New York hotel.

It is alleged he contrived to get into her room and was there when two members of the syndicate walked in and demanded money for secrecy. Mrs. Klipper is said to have given them her jewels and $500 and later to have been kidnaped to prevent her appearance at a trial.

MARTINE IS WINNER BY HEAVY MAJORITY

Republican Senatorial Race in New Jersey Primary is Very Close.

Trenton, N. J., Sept. 27.—Senator James D. Martine won the democratic nomination for United States senator by a safe majority over John W. Wescott, according to the vote canvassed at 7 o'clock this morning. Wescott is the state's attorney. Returns from 723 districts of the 893 in the state gave Martine 12,844 and Wescott 6,687.

The vote for the republican nomination for United States senator is very close. Late returns give Jos. Frellinghausen 54,503 and Franklin Murphy 50,672. In the three cornered fight for the republican gubernatorial nomination, Walter E. Edge of Atlantic City, was far in the lead when the returns from 982 districts was counted. H. Otto Wittpenn of Jersey City, was unopposed for the democratic nomination for governor.

RESULTS IN MASSACHUSETTS.

Boston, Mass., Sept. 27.—A revision today of last night's figures confirmed the substantial plurality received at the state primaries yesterday by Frederick W. Mansfield for the democratic nomination for governor and by State Auditor Alonzo B. Cook, who was renominated by the republicans. With only a few precincts missing Mansfield held a lead over former Adjutant General Charles H. Cote of 9,760. Cook, with twelve precints out of a total of 1,166 unreported, led Joseph G. Brown by 16,235 votes.

DISGRUNTLED TROOPS PUT BOMB UNDER TRAIN

Berlin, Sept. 27.—Indirect reports from Kronstadt, Transylvania, declare that disgruntled Rumanian soldiers set off a dynamite bomb under a train loaded with 400 Rumanian officers, only seven of whom escaped unhurt.

Following serious instances of disobedience, the advices add, the Rumanian military authorities instituted an investigating commission and ordered two non-commissioned officers and four soldiers shot, the only result, however, being the refusal of an entire regiment to obey orders.

ROTARY CLUB OFFERS FINE SEASON PROGRAM

Seven Headliners Secured in Announcement Made by President.

Complete program for the fall and winter season of the Fort Wayne Rotary club, covering seven meetings of the club and including some of the highest class talent obtainable in the country, has been announced by Frank E. Bohn, president of the club. The entertainment committee has worked hard during the past spring and summer in selecting the headliners, first of which will be Thomas Brooks Fletcher, editor of the Tribune, Marion, Ohio, who was secured through the Redpath chautauqua bureau. He will speak at a banquet of the Rotarians next Monday night at the Hotel Anthony and it will be the first meeting of the season.

Because the meeting set for November 6 falls so near the date of election, the second meeting of the club has been set for October 30. Edward Reno, expert illusionist and rapid fire magician, has been secured as the entertainer.

Ex-Governor Coming.

Robert Glenn, ex-governor of North Carolina, will be the speaker before the Rotarians on December 4. Members of the club consider themselves fortunate in being able to secure him.

Since the January first meeting of the club falls on New Year's, the fourth of the series has been set for January 8. Montraville Wood, of the Edison labratory, will be the speaker. His address will be of a scientific nature. He will give actual demonstrations from the stage of his gyroscope. Members of the entertainment committee were elated over their ability to get Mr. Wood.

On February 5 Adrian Newens will be the headliner. Up until September 1 he was official critic for the Redpath bureau and had the department of speech arts in the Horner institute of Kansas City. He is now devoting his attention along dramatic lines and to platform work.

Impersonator is Secured.

John B. Batto, called America's greatest impersonator, will be the attraction on March 5.

Louis Beauchamp, well known chautauqua lecturer, will close the entertainment season of the Rotarians with some humorous readings. He comes on April 2.

The entertainment committee for the Rotary club is composed of Martin H. Luecke, chairman; Frank Stonder, Page Yarnelle, Dr. E. W. Dodez, Fred Church and H. P. Moran.

MANY DOCTORS ALREADY HERE

Session of State Medical Association Convenes This Evening.

WILL GET DOWN TO BUSINESS TOMORROW

Open Meeting Will Be Held at Majestic Theater on Thursday Evening.

Physicians from all parts of the state began to arrive Wednesday to attend the three days' session of the Indiana State Medical association, which convenes in this city this evening.

There will be approximately one hundred and eleven delegates, distributed as follows: Marion, 6; Allen, Vanderburg, Vigo and Lake, each 2, and the other eighty-two counties, each 1, the thirteen councilors and the president and secretary. Of course, a large per cent of the delegates will bring their wives. There will also be visiting doctors who are not delegates but who are members of the association, which should run the number of visitors beyond the two hundred and fifty mark.

The house of delegates will convene promptly at 7 o'clock this evening in the assembly room on the third floor of the Commercial club and again at 11:30 o'clock Friday morning at the same place. Election of officers will be the first order of business Friday morning. In addition to the regular officers, the terms of the following expire January 1, 1917, and their successors must be elected at this session: Committee on medical defense, A. C. Kimberlin; delegates to the American Medical association, C. H. Good, Miles F. Porter; alternates, C. A. White, A. M. Hayden.

G. V. Sheridan, representing the Ohio State Medical association, has been invited by President Keiper to address the house of delegates this evening.

All of the other sessions of the association are open to the members. An informal reception for ladies will be given this evening at the home of Dr. and Mrs. M. F. Porter, 207 West Wayne street, and an informal smoker at 9 o'clock in the assembly room of the Elks' club.

At the Majestic Theater.

The general public is invited to attend the open meeting of the association to be held Thursday evening at the Majestic theater. The program includes a concert by Mrs. Edith Nickell-Bailhe, soprano, and the Bailhe trio, George Bailhe, piano; Gaston Bailhe, violin, and Leroy Schwab, cello, and addresses by Dr. Henry A. Christian, of Boston, and Dr. Joseph C. Boodgood, of Baltimore.

The program is as follows:

SEABURY EXPECTING A VICTORY IN NEW YORK

Long Branch, N. J., Sept. 27.—Samuel Seabury, democratic candidate for governor of New York, who came to Shadow Lawn, held an early morning conference with President Wilson and then left for New York. He said he expected victory to result from the active campaign which would result.

It is probable that at a conference to be held late today between the president and Vance McCormick, chairman of the democratic national committee, definite plans will be made for Mr. Wilson to speak in New York. Mr. McCormick will remain here over night and discuss the political situation tomorrow.

PRESIDENT GEORGE F. KEIPER.

TARGET PRACTICE FOR HOOSIERS ON BORDER

Llano Grande, Texas, Sept. 27.—Batteries A and C, of the Indiana field artillery battalion, will go to Point Isabel on the Gulf of Mexico soon to fire about $5,000 worth of Uncle Sam's ammunition from their three-inch field pieces. The Indiana batteries, because of the excellent showing made in all inspections and tests conducted by regular army officers, will be the first national guard artillery organizations of those mobilized in the lower Rio Grande valley to be given their chance at target practice with the service ammunition.

Each battery will fire about 300 rounds of shrapnel and shells. Each shell represents a value of between $8 and $10. It is expected that the batteries, moving over land with their eight pieces, twelve caissons, eight scout wagons and two battery wagons, will start for Point Isabel early next week. With favorable road conditions the trip of about sixty miles will be covered within three days.

SLAYER WAS N. Y. WOMAN

Graveur's Murderess Who Then Killed Herself is Identified.

MAN'S COMPANION WAS NOT HIS WIFE

Lady Friend Turns Visit to Philadelphia Into a Double Tragedy.

Philadelphia, Sept. 27.—The woman who shot and killed J. S. Graveur, of New York, seriously wounded his female companion and then committed suicide in a prominent hotel here early today has been identified as Mrs. Harry Belzer, of 315 Euclid avenue, New York, by a sister of the dead man. This sister, whose name is Mrs. Frances Apman, came here today with Harry F. Fancy, of New York, a business partner of Graveur, and made the identification at the morgue.

Mrs. Apman told the police Mrs. Belzer's maiden name was Margaret McAndrews and that the woman had not been living with her husband recently. Graveur she also told the police, was a widower and had been very friendly with Mrs. Belzer. From cards found in Mrs. Belzer's handbag the police at first believed she was Mrs. J. C. LeDur or Le Duc.

The wounded woman in the hospital at first supposed to be Graveur's wife has not made any statement. Mrs. Apman will go to the hospital later in the day to see if she can identify her.

HANLY STREWS QUERIES ALONG FAIRBANKS' WAY

Leaves Questions to Confront Vice Presidential Nominee in West.

Salida, Colo., Sept. 27.—Questions for Coloradoans to ask Charles W. Fairbanks, republican vice presidential nominee, regarding his attitude on the liquor problem when he arrives here this week were strewn along his path through the state today by J. Frank Hanly, prohibition presidential candidate.

"Ask him what he inteids to do on the liquor question," Hanly said here. "Ask if there is any reason to suppose that he and his running mate will take any steps toward furthering the abolition of the liquor traffic. Demand of him an answer. He is asking power at your hands and you have a right to know what he intends to do with it if it is granted him.

"He will not answer. He will talk about protective tariff." The prohibition special left Colorado Springs early today after meetings in churches there last night. One meeting was transferred at the eleventh hour because the pastor of a Presbyterian church declined to grant its use for a political meeting.

FIRE AT VAN WERT.

(Special to The Sentinel.

Van Wert, O., Sept. 27.—The large storage house of Ireton Brothers was almost completely destroyed by fire yesterday afternoon, doing damage estimated at $1,500, which, however, was fully covered by insurance. The blaze originated in the southeast corner of the shed and spread rapidly until both the building and contents were in ruins.

SOME 6,000 GET ORDERS

Remaining State Troops in Mobilization Camps Sent to the Border.

RETURN MOVEMENT WILL START SOON

Funston is Told to Select 10,000 Men Now There for Muster Out.

Washington, D. C., Sept. 27.—Some 6,000 national guardsmen from thirteen states and the District of Columbia were ordered to the Mexican border today by the war department and at the same time Major General Funston was directed to select ten thousand troops now on the border patrol for return to their home states to be mustered out of the federal service.

Today's order will send south virtually all of the guardsmen now in the mobilization camps of the states named and will leave only about 10,000 state troops in all the country that have not seen service on the border.

Within a short time the remainder probably will be ordered out, releasing

$8,000 IS LOSS IN EARLY MORNING FIRE

Building Formerly Occupied by Cushion Heel Concern Burns to Ground.

The frame factory building formerly occupied by the Cushion Heel Manufacturing company, located between the Nickel Plate railroad tracks and the Maumee river at the foot of Hanover street, was completely destroyed Wednesday morning in a fire which raged for three hours.

Loss is estimated by Maurice Goldberger, 1320 East Wayne street, owner of the structure, at $8,000. There was no insurance. Most of the loss is in destruction to leather goods stored in the building.

Sparks from a train on the Nickel Plate tracks are supposed to have fired the roof of the structure. Firemen were summoned at 3:30 o'clock a. m. from the box at the corner of Wayne and Hanover street. It is not known who turned in the call. There is a theory that a tramp might have sought lodging in the old factory and accidentally set fire to the place. He may have turned in a call and then fled, firemen think.

Had a Good Start.

The roof of the structure was burning from end to end when firemen arrived. The interior of the building was a mass of flames. Firemen battered in the doors but could render little effective service against the fire which had gained a strong headway.

Great stacks of leather clippings were enveloped in flames. The several partitions in the place shut off the sweep of water streams. Pieces of machinery were rolled down the hill, north of the building, in order to gain room for action.

It was not until 7 o'clock that the fire was checked. Smoke continued to rise from the heap of ruins throughout the day. The two smokestacks alone are standing.

Two years ago it was planned to install a foundry in the building. Repairs were made on the chimneys at that time. Many barrels of fine sand were stored in the building preparatory to carrying on the work. It is said that plans were again under way to put moulding works in the discarded factory when the building burned.

MEXICANS PROFESS TO BE MUCH SURPRISED

New London, Conn., Sept. 27.—The Mexican representatives on the joint commission that is seeking a basis for an agreement between this country and Mexico on border control professed surprise today that the departure of Ambassador Designate Arredondo for Mexico was attributed in some quarters to failure of the commissioners to agree.

According to their information Mr. Arredondo's visit will be brief and is not due to the conference of the commission. When the commissioners met today the consideration of the different plans for the better control of the border was considered.

REPORT OF BREAD LAW ACCEPTED BY COUNCIL

Stickers to Be Used When Loaves Are Not 16 or 32 Ounces.

The standard loaf of bread shall be sixteen and thirty-two ounces and when flour prices force making a smaller loaf the bakers shall put a sticker on the bread stating the exact weight and name of the baker, was the recommendation of the council committee appointed two weeks ago to investigate the bread situation.

The report was accepted and a new bread ordinance is expected to be introduced at the next council meeting. A part of the council members expressed themselves as favoring the withdrawal of all attempts to regulate weight and only demand that stickers be put on bread. Competition will force bakers to give the biggest possible loaves, they think. The committee, which has made the investigation, will introduce the new measure, it is expected.

Owing to the vast amount of legal papers which the city attorney has been forced to turn out and will be expected to furnish for the city in the future, an ordinance creating the office of stenographer to the legal department was introduced. The ordinance provides that the stenographer be paid $60 a month salary and asks that pay start in November and $120 be furnished for the remainder of this year.

From every department of the city government Attorney Colerick is called upon to word resolutions, petitions, contracts and other papers of a legal nature and services of a stenographer all the time is necessary, it was pointed out. City Attorney Colerick has been forced to pay for stenographic services out of his own salary during his term of service.

An ordinance appropriating $600 from the general park fund to the engineering account and also for the bureau of assessments was passed by the council.

William A. Bayer, president of the council, said he had sounded people from every district of the city and was sure the project of a collapsible dam across the Maumee river was meeting with hearty approval. Work on the dam should start with the opening of spring, he said.

FORTY HOURS' DEVOTION AT NEW HAVEN CHURCH

Tuesday evening marked the solemn opening of the forty hours' devotion services at St. John's Catholic church at New Haven. The church was crowded for the opening services and all heard with interest the sermon of Rev. Alexius Schuette, C. PP. S., the Precious Blood missionary, who has been engaged to conduct the services.

Ten priests took part in the opening service. Rev. H. F. Jos. Kroll, pastor of St. Paul's church, Fort Wayne, was celebrant; Rev. George Hasser, assistant at St. Mary's church, deacon; Rev. Robert Emmet Kelly, assistant at the Cathedral, sub-deacon; Rev. John A. McCarthy, assistant at the Cathedral, chanter; Rev. Bernard Wiedau, pastor of St. John's church, New Haven, master of ceremonies. Others of the clergy present included the missionary, Father Schuette; Rev. Charles H. Thiele, rector of St. Peter's church; Rev. Michael Swiatkowski, pastor of St. Hyacinth's church; Rev. Otto Peters, assistant at the Cathedral; Rev. George Moorman, pastor of St. Louis church, Besancon.

SECOND EFFORT SUCCESS.

Anderson Man Finally Dies a Suicide by Poison.

Anderson, Ind., Sept. 27.—Two attempts at suicide were made here yesterday by Joseph H. Beeson, 55 years old, a meat cutter, before he ended his life. The first effort, at 8:30 o'clock in the morning, was frustrated by Mrs. Ira Mefford, who knocked a bottle of poison from Beeson's hand. At 10:30 o'clock Beeson swallowed poison and walked two blocks to an open field, where he died. The cause of his despondency has not been learned. He leaves seven children, Mrs. Lucretia Brimhall and Miss Stella Beeson, of Indianapolis; Miss Marie Beeson, Mrs. Esther McFarland, Frank, Herbert and Charles.

NEW SULTAN IS VERY HOPEFUL FOR EGYPT

Hussein Kamil Says He Has Pledged His Faith to the British.

Alexandria, Egypt, Sept. 8.—(Correspondence of the Associated Press.)—"I have great hopes for Egypt. Without hope no man's life would be worth living. So I am very hopeful, and I believe that under the protection of England, the greatest of liberal powers, the future of Egypt is assured." It was his highness, Hussein Kamil, the new sultan of Egypt, speaking.

The occasion was an audience granted to a representative of the Associated Press at Reas-el-Tin, the sultan's summer palace here.

His highness talked with the correspondent for nearly two hours and outlined his position freely, the keynote of his remarks being the sentiment quoted above.

The sultan is a man of magnetic personality and a charming conversationalist. Democratic in his ideas—and he expresses pride in this fact, because, he says, the spirit of democracy is the foundation of Islamism—he is equally democratic in manner and speech.

Throughout his life—he is 65 years of age, although from his appearance he might easily be taken as many years younger—he has been a student of the world and has a profound knowledge of many subjects.

"When I was asked to assume the position of sultan, I declined at first," continued his highness. "The situation then was a complicated and difficult one, and I have no personal ambitions. After careful reflection I decided that I could do Egypt a service by accepting, and that consequently it was my duty to undertake the responsibility, for I love my country. Accordingly I cast my lot with Great Britain. I have shaken hands with the British; I have pledged my faith and I shall carry my agreement to a finish, understanding well that it is in the interest of my country."

500 PUT TO DEATH AFTER VILLA ATTACK

Wholesale Executions Are Now Taking Place in Chihuahua City.

El Paso, Tex., Sept. 27.—Wholesale executions are taking place in Chihuahua City following the Villa attack, it was announced at military headquarters here yesterday. Five hundred Villa adherents have been executed since the fight, the report to Gen. George Bell, jr., states, and many other prisoners have been taken.

American passengers who arrived from Chihuahua City yesterday brought reports of a fight between Villa's forces and Carranza troops under Col. Zuazua, near Santa Ysabel, thirty-three miles west of Chihuahua City, on the Mexican Northwestern railroad, Friday.

Col. Zuazua lost a number of his men, the dead having been thrown down a deep well, the Americans reported.

Gen. Bell has a report of a skirmish at Arena, ten miles south of Juarez, Sunday night. He says wounded Carranza soldiers have been brought back to Juarez from that station. The Carranza officials in Juarez insist that these wounded soldiers were brought from Chihuahua City following the fight with Villa forces.

MEETING OF MOTORISTS AT INDIANAPOLIS SOON

Over Fifty Machines Are Expected to Go from Fort Wayne.

A. L. Randall, who was elected treasurer of the Indiana Automobile association at its recent session and who returned from the capital city Tuesday night, states that on October 12, the Hoosier Motor club has arranged for a good roads demonstration and that from fifty to a hundred machines are expected from Fort Wayne.

President Wilson will be in attendance on this date and arrangements are being made to have several representatives from every motor club in the state present.

Resolutions were adopted at the closing session of the State Auto association, favoring the appointing of a state highway commission by the legislature. Indiana is one of the four states of the union without such a commission. The establishment of this commission will entitle the state to $2 109,000 from the United States treasury. This sum is not available unless the commission is appointed.

THREE INDICTMENTS

Returned Against Floyd Mock by Wells County Grand Jury.

Three indictments have been returned by the grand jury of Wells county against Floyd Mock, who is employed in this city. He is charged with public indecency, intoxication and petty larceny. In the latter case the young man is charged with stealing an automobile tire from Ben Buckner. The other case grew out of Mock's trouble with Frank Brown at the Merry Widow lunchroom in Bluffton several months ago. In these cases the court fixed the bond at $100 and $50. Before coming to Fort Wayne Mock was a drayman in Bluffton.

President Theodore F. Thime, of the Wayne Knitting mills, who has been on a business trip to New York and other points in the east, is home after a week's absence.

Pioneer Has Helped Rear 24 Children

J. F. FLETCHER.

Although J. F. Fletcher, 711 Barr street, has helped to rear twenty-four children, he has never had any children of his own. Mr. Fletcher celebrated his eighty-third birthday anniversary Wednesday. He is never so happy than when he has children around him. In the above picture he is holding the little son of Mrs. Carl Thieme, whom he reared from infancy.

Mr. Fletcher came to Fort Wayne shortly before the civil war and has resided here ever since. For years he was engaged in the livery business, retiring ten years ago.

ARREDONDO GOING TO TALK WITH CARRANZA

May Give Clearer View of American Position, It is Believed.

Washington, D. C., Sept. 27.—Eliseo Arredondo, the Mexican ambassador designate, now on his way to Mexico, is expected by personal conferences, to give General Carranza a clearer understanding of the American view of difficulties between the two countries, and state department officials hope he may be able to convince the first chief of the necessity of consenting to full consideration of all issues by the joint commission.

Mr. Arredondo left Washington quietly yesterday afternoon after calling on Secretary Lansing, Councillor Polk and Assistant Secretary Phillips. He explained to these officials that General Carranza had requested his presence in Mexico City, but did not go into details as to reasons. Secretary Lansing said he had no direct knowledge of Mr. Arredondo's trip but indicated that he expected him back in Washington within two or three weeks. The ambassador's wife and children have remained in Washington.

General Carranza has shown plainly recently that he is not in accord with the American idea of the work undertaken by the Mexican-American commission at New London. Officials here have been puzzled by his notice to governors of Mexican states that the commissioners could discuss nothing beyond the withdrawal of American troops from Mexico.

Mr. Arredondo's personal status in this country also probably will be considered at his meeting with General Carranza. For a long time the envoy has been known to be dissatisfied with his doubtful position as ambassador-designate and to have desired his acceptance by the state department as ambassador and the accrediting of Henry P. Fletcher to Mexico City as ambassador there. Mr. Fletcher, though named some time ago, has been held in Washington pending adjustment of the relations of this government with Mexico.

BOARD HEARS PLEA FOR FREEDOM FOR DR. THAIN

Effort is Made to Secure Release of Fort Wayne Physician.

Indianapolis, Sept. 27.—The father, mother and sister of Mrs. Henry Descamp, who was killed by her husband at Brazil, Ind., in 1911, have appeared before the state board of pardons and protested against the release of Descamp who is applying for a pardon. They related abuse heaped upon the woman during her married life and asserted that Descamp after his conviction had boasted that he would be free in a few years.

Rufus Warren, implicated in the killing of two policemen at Alexandria in 1904, was reported before the board by W. H. Free, of Anderson. Mr. Free told the board that Warren fled after the first sign of violence and that John Walker fired the shots which killed the officers. He declared there was doubt enough in the case to warrant lenity.

Mrs. Earl Thrailkill, of Pleasant Mills, appeared in behalf of her husband, sentenced from Decatur in 1915 for manslaughter. She declared that she and her children needed his support.

Other cases heard were presented for the following persons: Dr. George Thain, Fort Wayne, sentenced in 1915 for illegal practices; Floyd Black, Greene county, 1913, burglary; Peter Sobieski, Laporte, 1909, burglary; Harry Gemple, Indianapolis, 1915, grand larceny; George Wise, Decatur county, 1915, for burglary; Frank Zatlin, Hendricks county, June, 1916, petit larceny, and George W. Heatley, of Vincennes, sentenced from Putnam county, 1915, escaping from the state penal farm.

FATHER PAUSES TO THINK AFTER ARREST

Decides to Share His Seventeen Dollars a Week With Family.

Edward Hendricks, 28, decided in police court, Wednesday morning, to divide his earnings of $17 a week with his family. He had been arrested, Tuesday, on a charge of non-support.

The wife told Judge Kerr she believed they could get along together from now on, Hendricks thought so, too, he said. He is held under $100 bond to remind him of his promise to look after his child.

Other Police Court Cases.

Carl Yergens, charged with unlawful possession of an automobile, which he is said to have taken for a joy ride from the Randall Auto Sales company, last Thursday night, will be tried Thursday. He is held under $200 bond.

Leroy Staples, jitney driver, charged with assault, will be tried October 3. He is held under $400 bond. He struck a railroad flagman with his automobile several weeks ago when Staples crossed the tracks while the flagman was waving his warning.

Mrs. Tom Smith, Riverside avenue, said her husband kicked and beat her when he came home drunk, Sunday morning. Mrs. Smith said her husband had told her that he bought the drink of Nora Keever, who formerly operated a saloon in Bloomingdale. Smith was fined $5 and costs.

Peter Arndt, 58, who said he did not drink whisky because he liked it, but for the after effects, was fined $1 and costs on a drunk charge. Others fined on intoxication charges were: Irvin Overholtzer, $10 and costs; Eugene Webb, $5 and costs; William Mayer, $1 and costs; James Baldwin, $1 and costs.

Toney Miller will be tried on September 29, on a drunk charge. Reed Sneider and Fred Adamson were released.

BRITISH CLAIM ADVANCE.

London, Sept. 27.—The British again advanced on the Somme front last night, the war office announced today. The greatest success was won in the direction of Eaucourt l'Abbaye.

Between 3,000 and 4,000 prisoners were taken by the British in Monday's and Tuesday's fighting on the Somme front, according to a delayed portion of Gen. Haig's report of Tuesday night which was given out today. The report says:

"The battle continued violently during the day over the whole front between the Somme and the Ancre. Our troops were successful everywhere, carrying out their attacks most brilliantly. During the last forty-eight hours between 3,000 and 4,000 prisoners were taken."

GAINS DEARLY BOUGHT.

Berlin, Sept. 27.—After unusually severe fighting on the Somme front in which the entente allies suffered heavy losses they captured Thiepval and gained ground on both sides of Courcellette, the war office announced today. Attacks further to the east were repulsed by the Germans.

SCENE WAS PICTURESQUE.

British Front in France, Sept. 26.—Via London, Sept. 27.—The capture of Combles was one of the most picturesque incidents in the whole course of the great Somme offensive. It marked the opening of today's forward surge of the British and French forces, which reached its climax in the capture of Gueudecourt and Thiepval.

All night long bitter fighting had been in progress at various points on the front and with dawn the battle broadened to include the whole British left.

Combles fell as the sun rose on a perfect summer day. Sitting in the midst of a heap of hills the town was isolated yesterday by the seizing of the high ground on either side by the French and British. In the early hours of the morning the British took an orchard in the northern outskirts and then after a heavy preliminary shelling, they charged the trenches on the edge of the village. The trenches were empty when they reached them. At the same time the French, dashing forward on the other side of the village, pushed vigorously into the heart of the village. In the main street the soldiers of the two nations met and joyously shook hands, calling out to each other, "Parlez vous" and "How d'ye do."

Dugouts Full of Wounded.

Combles had a labyrinth of dugouts and well fortified cellars, but at the last practically no defense was made. Those Germans who had not managed to escape when the town was hopelessly surrounded, were taken prisoner. One lot of Germans who were endeavoring to find a way through the encircling allied infantry, walked into the British skirmishing line. The cellars and dugouts of the village were full of wounded, who found security there from the furious fighting on the slopes and ridges.

Having cleared Combles of any stray Germans the British and French moved on side by side to further attacks.

One of the most striking features of the fighting was the surprisingly slight resistance offered at Morval and Combles by the Germans, according to all reports made by the British officers. The Germans made the usual counter attacks against the British new positions last night but the reports of the allied officers to headquarters agree that they lacked spirit. Some German trenches taken yesterday were lightly occupied or not at all. In other instances the allied commanders stated that considerable bodies of Germans threw down their rifles promptly as soon as the attackers approached their trenches, although it was known that they had orders to stand to the last. Batches of prisoners have been coming in from all parts of the front throughout the day.

Seek to Save Artillery.

Both today and yesterday the Germans showed an inclination to withdraw their guns immediately they were in any danger, evidently desiring to take no risk of losing any of their artillery. This sometimes leaves their troops in the front line unprotected by cannon fire and may account for the number of surrenders.

Since the offensive began the British have taken nineteen villages and at some points their gains are now six miles in depth. Elation over today's and yesterday's work is greatest at the casualty clearing stations where the real cost of victory is best measured. All surgeons report that the casualties have been surprisingly light.

The weakened German resistance which seems obvious to any spectator is variously interpreted by the allied officers. Some believe that the Germans are making a rear guard defense of the lower ground while their main forces fall back to another prepared line of trenches stretching from Bapaume. Others insist that the unceasing hammer blows of the British and French are resulting in a decided softening in the morale and fighting power of their opponents. The soldiers in the ranks do not seem to be bothered with such speculations. "Give us more weather like this and let us push on," is the prayer alike of the English Tommy and the French poilu.

ed Hebrew trades, who stop work each year at this time for the Jewish holidays.

Among the organizations which voted to strike today, according to those directing the movement, are: Ladies' garment workers, 95,000; clothing workers, 40,000; painters and decorators, 15,000; furriers, 15,000; tinsmiths, 10,000; butchers, 10,000; sationary firemen, 2,500; paper box makers, 7,000; milliners, 6,000; jewelry workers, 3,000; brewery workers, 6,000. Total, 209,000.

The leaders asserted that in addition to those to quit work today, they would be able to call 100,000 more daily for the next two or three days.

At the last moment it became known that T. V. O'Conner, national president of the Longshoremen's union, had decided not to call the 45,000 members of that organiaztion today. It was stated there was serious doubt whether he would ask them to take part in the strike at any time.

The joint labor conference committee directing the strike, met this morning to hear the reports of the unions whose members had responded to the strike call.

more of the organizations now under General Funston's command. The gradual return and mustering out of all the guardsmen then is expected to begin.

Battery A, field artillery, Maryland, it was announced, will be returned to the state mobilization camp and mustered out of the federal service.

SLOWLY IMPROVINNG.

Rollin and Noah Binkley, Hurt in Accident, Will Recover.

(Special to The Sentinel.)

Van Wert, O., Sept. 27.—Rollin and Noah Binkley, the only surviving members of the Binkley family in Sunday's railroad crossing accident, are slowly improving and, it is believed, will recover, although they are not entirely out of danger. Funeral services for Mr. and Mrs. Binkley and two of their children were held this afternoon at the St. Matthew Lutheran church and was one of the largest funerals ever held in Van Wert.

ORRINE SAVED HIM FROM DRINK

That Orrine really does bring quick relief to those being tortured by the liquor habit, is the testimony of many mothers, wives and daughters.

This scientific preparation promptly kills all desire for whisky, beer and other intoxicants. It can be given in the home secretly without loss of time from work. No sanitarium expense.

We are so sure that Orrine will benefit that we say to you, if, after a trial you fail to get any benefit from its use, your money will be refunded. Costs only $1.00 a box. Ask us for free booklet telling all about Orrine.

NEWS OF FORT WAYNE'S NEIGHBORS

FIRE AT BRYANT DOES BIG DAMAGE

Loss Estimated at $11,000—Electric Light Plant, Picture Show and General Store Suffer.

Portland, Ind., Sept. 27.—Fire at Bryant last night caused a loss estimated at $11,000. The electric light plant owned by Bowen & Son, a picture show owned by the same firm and the Montgomery & Son general store suffered from the blaze. Judge J. F. Denny, of this city, candidate for congress on the democratic ticket, was ready to speak in a hall just across the street from the light plant. He joined the fire fighters and assisted in working a hand engine which subdued the fire.

FILES CROSS COMPLAINT.

Columbia City, Ind., Sept. 27.—Marion Nelson, of Churubusco, has filed a cross-complaint to the charges brought by his wife, Rose Nelson, in her suit for divorce filed a few days ago. The defendant in his cross-complaint confirms that they were married on the 7th day of July, 1907, and lived together until August 26, 1916, when the plaintiff left his home. They were the parents of two children, one of whom, Virginia Nelson, aged eight years, survives. The plaintiff was twice married. By her first marriage she has two children, Audrey Hall and Austin Hall, who have lived at the defendant's home and have been amply provided for during all the years of such residence. The defendant says that he has made ample provision for the plaintiff, and while it is true that she at times has been employed as a bookkeeper, her duties were chiefly those of assistant to the defendant, who has been in charge of grain elevators for the O. Gandy Grain company.

FALLS FROM MOWER.

Columbia City, Ind., Sept. 27.—Frank Pearl, of south Columbia township, while mowing some wheat stubbles on his farm Monday afternoon, fell from the mowing machine and in the fall his right leg struck a foot lever that cut his clothing and penetrated his leg to the bone. The seat on which he was riding broke and fell from the mower. The leg was caught in a cramped condition and a gash three inches long was made. Fortunately for him the team which he was driving stopped on the instant and thus saved him from being dragged over the ground. Mr. Pearl came to this city Tuesday morning and three stitches were taken in the cut by Dr. O. V. Schuman.

WAR BABY FINDS HOME.

Warsaw, Ind., Sept. 27.—Milo, a little homeless "war baby," arrived at the home of Mr. and Mrs. Ernest Clase, of North Buffalo street, on Tuesday. He is a good-natured, smiling little chap of about three months. "War babies" are not unusual in the large cities of the United States, the fathers having gone back to fight for their country and through the deaths of the mothers and their inability to support their babies in a strange land they are being placed in American homes.

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.—Advertisement.

GIRL SEVERELY BURNED.

Warsaw, Ind., Sept. 27.—Elizabeth Katherine Hall, the twenty-months-old baby of Mr. and Mrs. H. K. Hall, who live on South Buffalo street, was severely burned Monday afternoon by the caustic chemical action of lye. The child has a great fondness for talcum powder and is attracted to anything which has the appearance of talcum. It was wash day and the lye had been used in breaking water and was contained in a sifter box. Mrs. Hall was called out of the house Monday afternoon and before going she placed the box of lye on the back part of the table behind a pile of dishes, where she thought it would be out of reach of the baby. While she was out, however, the baby climbed up to the table and secured the box containing the white powdered substance and used it as she was accustomed to using talcum powder. She spread it lavishly over her hands and face and succeeded in getting it in her mouth.

ELECTED VICE PRESIDENT.

Bluffton, Ind., Sept. 27.—W. W. Rogers, cashier of the Studabaker bank, has been notified of his election to the Indiana vice presidency of the newly organized state bank section of the American Bankers' association, a national association which is in session this week at Kansas City, Mo. The state bank section is a new feature in the association which had already included sections for trust companies and national banks. The organization of the section will include a vice president from each state. Mr. Rogers was notified of his appointment by Felix McWhirter, of Indianapolis, who is prominent in the state and national bankers associations.

NINE FARM CLUBS.

Auburn, Ind., Sept. 27.—NNine boys' and girls' farm clubs have been organized in the different district schools of DeKalb county so far by County Agent A. Z. Arehart. The work of getting the school children organized is meeting with success everywhere. These clubs will work in co-operation with the county agent in selecting seed corn, making soil tests, putting on schoolhouse exhibits, fairs and meetings and assisting in every way possible. The boys and girls that have been organized so far seem to be enthused over the newly organized movement and are entering into the work with might and main.

DROVE HORSE IN SEWER.

Decatur, Ind., Sept. 27.—Joseph Gephart, driving north on Third street Monday night, had his horse fall down an eleven-foot deep sewer that extended entirely across the street. He and two companions in the buggy were not injured. Captain Henry Dellinger, of the fire department, was called and with a derrick and ropes fifteen men under his direction were unable to pull the horse out. The animal died within fifteen minutes after falling into the sewer. It was hoisted out Tuesday morning and taken to the fertilizer works. The horse was worth probably $100.

HAD PEANUT IN THROAT.

Portland, Ind., Sept. 27.—An autopsy conducted over the remains of the two-year-old son of Mr. and Mrs. Russell Greaf, southeast of the city, who choked to death Monday noon, revealed a peanut lying across the trachea just below the vocal cords. The baby had been eating peanuts Sunday morning and almost strangled to death when one lodged in his throat. He rallied and was apparently all right, being able to play about the house. Monday noon he suffered another choking attack, dying within a few minutes.

TAKEN IN CHARGE AGAIN.

Bluffton, Ind., Sept. 27.—William Derr, the Lancaster township young man who supposedly has been under surveillance at his old home since his third escape from the Easthaven hospital for the insane at Richmond, but who has been roaming around at will part of the time, arrived in Bluffton Monday afternoon with a considerable supply of booze on board to help bewilder his weakened mind, with the result that when he became a nuisance and a menace on North Main street, a call was sent for the police to come and take him in charge.

PIONEER RESIDENT DEAD.

Bluffton, Ind., Sept. 27.—Philip H. Gilbert, one of the pioneer residents of Rockcreek township, passed away Tuesday after a week's severe illness. He had been ailing for a long time with some form of stomach trouble and one week ago became seriously sick with some complication, the exact nature of which has not been determined. His condition from the very first was very serious.

DIES AT EASTHAVEN.

Bluffton, Ind., Sept. 27.—Mrs. Christian Baller, wife of a well known farmer residing just east of the Christian Apostolic church, north of Vera Cruz, passed away Tuesday at the Easthaven sanitarium at Richmond, where she had been for the last three years. Her physical condition had not been good of late and her relatives were more or less prepared for her demise.

ANNUAL REUNION.

Antwerp, O., Sept. 27.—The annual reunion of Company G, of the Fourteenth regiment O. V. I.; Company I of the One Hundredth; Company C of the Sixth-eighth, and Company A of the One Hundred and Thirty-second, was held at this place Wednesday. The meeting and campfire were held at the municipal auditorium. The ladies of the W. R. C. served a fine dinner at G. A. R. Hall.

FRANCIS M. CRUM DEAD.

Bluffton, Ind., Sept. 27.—Francis M. Crum, a well-known farmer residing near the Wells-Adams county line, died Tuesday at his home a mile north and six miles east of Bluffton. He has been a sufferer from diabetes which has lately been complicated by gangrene. He had been very low for several days.

ARE YOU ABOUT "FIVE FEET SIX"?

HAVE you a forty chest and a thirty-eight belt?

These are the average measurements of the majority of men around the forties. It is what tailors call a "medium stout"

Until recently such men were skeptical of being fitted in ready-made clothes. Now it's all different

Hart Schaffner & Marx have a regular "line" of sizes they call medium stouts--made for the prevailing business man's figure.

If you want to enjoy the advantages of ready made clothes, don't dodge them because your figure is the "established" kind.

DOG KILLED; KENNEL UNDAMAGED

Lightning Does Heavy Damage in Region of Valparaiso.

Valparaiso, Ind., Sept. 27.—A watch dog owned by F. A. Adams was killed by a bolt of lightning yesterday, but the kennel was not damaged. Five barns and their contents, including eleven horses, five cows and 200 tons of hay in stacks, were destroyed by the storm which swept over the county.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

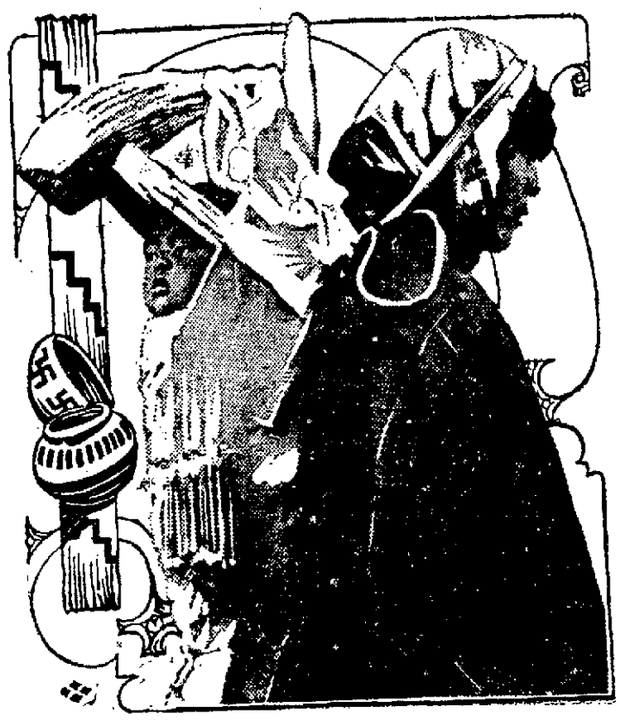

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Advertisement.

BETTER INDIAN BABIES.

Piute Mother and Papoose Out for a Walk.

Bishop, Cal., Sept. 26.—Under auspices of the United States government, Piute Indians of this locality will hold the first aboriginal baby show that has ever been staged.

Squaws for a radius of 150 miles will bedeck papooses in their finest beads and feathers and bring them to the Indian exhibit to be held here the latter part of September. The Indian infants will be passed upon by competent judges and cash prizes awarded the winners by Uncle Sam.

These copper colored babies are to be judged more for health than beauty, contrary to rules of most baby shows. The reason is that Indian authorities are anxious to encourage sanitation among wards of the government and thus preserve the welfare of the Piute tribe.

Prizes will total $100. Eight dollars will be the highest amount for a baby prize. Other awards will go for best work in basketry, domestic science and art, poultry raising and manual training. Highest prize in athletics will be awarded to the crack bow-and-arrow shot of the tribe.

REMARKABLE OPERATION.

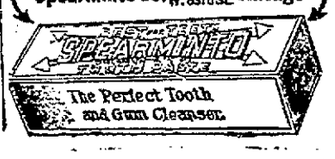

Huntington, Ind., Sept. 27.—Frank Emley, a carpenter at the Erie, barely escaped death when he was struck by a piece of flying steel that severed the carotid artery (jugular vein) in his neck. Only by the most daring of surgical operations was the end of the artery obtained and tied. Mr. Emley was rushed to the Huntington hospital, where the coagulation was removed and the end of the severed artery pulled out and tied. When the coagulation was removed the blood started spurting again. The first try after the end of the artery was unsuccessful, but the surgeon knew it must be caught or death would occur. The second trial was successful and the end of the artery was obtained. Mr. Emley is doing as well as could be expected, although he is very weak from loss of blood.

WRITES FOR WOMEN'S MAGAZINES

Van Wert, O., Sept. 27.—Helen Labogh Johnson, director of the cafeteria and instructor in domestic economy at the new Young Women's Christian Association, arrived in Van Wert Monday night and began arrangements for her work yesterday morning. Miss Johnson's home is in Monticello, N. Y., and comes to Van Wert after being in charge of the diningroom of the Y. W. C. A. at Los Angeles for the past two years. She is a contributor to most of the leading women's periodicals of the country and is an authority in her line of work.

IDEAL IMPROVEMENT PLAN FOR LAFAYETTE PLACE

The plan which the Lafayette Place company provided for the improvement of their new addition between Calhoun and Lafayette streets, McKinnie and Petit avenues, has occasioned considerable interest on the part of prospective purchasers because of the saving it affords them. Under this plan all improvements are to be made within three years and the property holders are relieved from petitioning for the improvements as well as from the danger of having them defeated by remonstrances. Where the improvements installed at this time the cost of them would have to be added to the purchase price of each lot, and each buyer would be forced to figure interest on this additional cost. There would also be a depreciation in the improvements before they were really used, and this item together with the interest charge would amount to at least $125, which is saved the buyer under the Lafayette Place plan. For further particulars concerning this addition, see the Wildwood Sales company, Shoaff building.—Advertisement.

DAILY BIBLE READINGS FOR THE HOME

Psalms 37:14-28.

14 The wicked have drawn out the sword, and have bent their bow, to cast down the poor and needy, and to slay such as be of upright conversation.

15 Their sword shall enter into their own heart, and their bows shall be broken.

16 A little that a righteous man hath is better than the riches of many wicked.

17 For the arms of the wicked shall be broken: but the Lord upholdeth the righteous.

18 The Lord knoweth the days of the upright: and their inheritance shall be for ever.

19 They shall not be ashamed in the evil time: and in the days of famine they shall be satisfied.

20 But the wicked shall perish, and the enemies of the Lord shall be as the fat of lambs: they shall consume; into smoke shall they consume away.

21 The wicked borroweth, and payeth not again: but the righteous sheweth mercy, and giveth.

22 For such as be blessed of him shall inherit the earth; and they that be cursed of him shall be cut off.

23 The steps of a good man are ordered by the Lord: and he delighteth in his way.

24 Though he fall, he shall not be utterly cast down: for the Lord upholdeth him with his hand.

25 I have been young, and now am old; yet have I not seen the righteous forsaken, nor his seed begging bread.

26 He is merciful, and lendeth; and his seed is blessed.

27 Depart from evil, and do good; and dwell for evermore.

28 For the Lord loveth judgment, and forsaketh not his saints; they are preserved for ever; but the seed of the wicked shall be cut off.

The Permanence of Prosperity.

One is so frequently confronted nowadays by the dire prediction that with the close of the European war America's present prosperity will explode with one big reverberating crash, and that we shall be left without either trade abroad or business at home, that it is rather a pleasant discovery to find among the big business minds of America a good many who subscribe to no such gloomy doctrine as that. A conspicuous instance of this is the case of Gen. George F. Randolph, vice president of the Baltimore & Ohio railroad system. Mr. Randolph has just returned from four months in Europe which he devoted to the study of trade conditions on the continent with particular reference to present and future relations between the United States and foreign nations. What he has to say is not only of much interest, but his view is entitled to carry weight in an analysis of the situation.

Briefly, General Randolph gives it as his conviction that the business between the United States and Europe will continue to expand, and that following the close of war, instead of absolute stagnation in foreign trade, new opportunities for the American manufacturer and the American exporter will be presented with a resumption of the normal state of shipping conditions. Europe will not then be purchasing war munitions here, it is true. There will be a readjustment of trade to new commodity demand, but Europe will be buying here other American products that, as a matter of fact, we would much rather sell her than the commodities she is now buying.

General Randolph is, we think, too, an unbiased witness. He made his inquiries and formed his judgments as a hard-headed business man, with no desire other than to ascertain the truth and to discover precisely what conditions are going to confront him and the big transportation system for whose destinies he shares responsibilities. His firm belief in the permanence of that prosperity which is dependent upon American trade with foreign lands after the war is valuable because it will tend to counteract some of the dire lamentations of the prophets of gloom.

With Senator LaFollette defending the Adamson eight-hour law against the assaults of Mr. Hughes, Senator Cummins upholding the integrity of the child labor bill recently enacted, and Harry Garfield protesting against the republican effort to inject the old-time "bloody shirt" into the present campaign, not to mention the insistence of inquisitive voters in knowing something of his views on the Danbury hatters' case, how can you expect Mr. Hughes to be entirely happy or whoopingly enthusiastic over the united party he says is behind him?

Does anybody doubt that Congressman Cline's extended experience, his familiarity with governmental affairs, his high standing in Washington, his power for getting things done by reason of his rank as a member of congress, and above all his assiduous devotion to the interests of his district fairly entitle him to continued confidence and favor of the Twelfth district voters? There can be no stronger argument for his retention in the position than the record of his service there on which he is now going before the people.

The Mexican joint commissioners believe Uncle Sam should revise and make much more stringent his neutrality laws. Perhaps they need revision, too, but what is most needed at this juncture is agreement—not counsel. But the Mexican joint commissioners are not the first instances of individuals who, making a rather sorry mess of managing their own affairs, never for a moment doubt their ability to give sage and sound advice to others on how the thing should be done.

Fort Wayne friends of Col. Francis H. French are immensely gratified at the advancement of the Fort Wayne regular army officer to the rank of brigadier general. He has had an active career both at home and abroad since he left Fort Wayne to enter West Point many years ago, and his steady advance in rank indicates that his services have always been recognized as thoroughly devoted, competent and soldierly.

Illinois democrats in state convention at Springfield took an admirable step in declaring unquivocally for complete woman's suffrage in that state, where woman already has the right of limited suffrage. More than that, they gave further evidence of their faith by naming Mrs. Catherine Waugh McCulloch, a gifted Chicago leader of the votes-for-women movement, as a democratic presidential elector from Illinois.

FOOLS NEVER CHANGE.

(South Bend Times.)

That part of the Massachusetts press that is kept by the manufacturers employing infants is roasting Wilson because, when he signed the anti-child labor bill "with genuine pride," he, several years ago, pronounced similar legislation a mischievous inclination of congress to extend its own powers.

It is notable of Mr. Wilson that he exercises his right to change his opinions. It is a common practice among wise men and uncommon only among fools and incorrigible bigots. Before Mr. Wilson came into intimate touch with congress, he probably was, like many others, a bit jealous of that body's possession of authority as against the authority of the United States supreme court. When he became chief executive, he at once discovered that congress was pretty nearly human and representative of common humanity, while the supreme court had assumed superior authority over both congress and the executive. He had supposed that the people got what they wanted through their law-making and law-executing departments, and discovered that the people got only what the judicial branch of government gave them.

Naturally, his opinions as to the powers of congress changed. The man who doesn't change his opinions when he sees good grounds for it had better go back to climbing trees for nuts for a living.

EXIT ROBERT BACON.

(Fatherland, Sept. 27.)

Tarred with the same brush as Roosevelt, Morgan's man Bacon went down in ignominious defeat. The indorsement of Theodore Roosevelt was fatal to the hopes of his protege. Let Charles Evans Hughes read the handwriting on the wall.

HICKSVILLE TO HAVE A LARGE NEW GARAGE

Hicksville, Ohio, is soon to have a large new brick garage, which will mean a considerable outlay of money on the part of the owners. The new building, which will be erected for Grier and Kimble, will be forty-five feet by one hundred and fifty feet and will be two stories high.

The new building will be joined to the old building, which is now occupied by the firm, and when completed will be the largest garage building in the town. The upper floor will be used for flats, while several offices will be built on the lower floor. Church and Coover, a Fort Wayne firm, are the architects.

Chronic Dysentery.

"An old gentleman of this town who was almost at the point of death with chronic dysentery some time ago and had given up all hope of recovery, was induced to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. One dose stopped the discharge, and after taking a few more doses he was completely cured," writes J. L. Baer, West Manchester, Pa. "Many residents of Baer's Station can testify to the truth of the above and were aware of the old gentleman's condition." Obtainable everywhere.—Advertisement.

BOY CHARGED WITH MURDER.

Raymond Abbott, 13, Sent to Jail at Terre Haute.

Terre Haute, Ind., Sept. 27.—Following an investigation of the shooting yesterday of Paul Hoopingarner, 11 years old, by Raymond Abbott, 13, the Abbott boy was sent to jail charged with murder. He is the youngest person ever held in Vigo county jail on a charge of murder. The police inquiry developed the fact that the boys had quarreled frequently. The police reported that evidence showed that the Hoopingarner boy pointed a toy gun at the Abbott lad, who procured his brother's shotgun and fired through a window at the neighbor lad.

The average wage of plumbers throughout the country is $5 for an eight-hour day.

"Pep" Ginger and Ambition for "Run Down" Men Weak, Nervous Women

A medicine that helps the weak, nervous, half-sick, nerve-starved men and women, can be bought of any live druggist by asking for three grain Cadomene Tablets in sealed tubes at one dollar per tube, or six tubes for five dollars—a full treatment.

BEFORE TAKING

You have headaches, backaches, shattered nerves. Your ambition is gone, extremities cold or numb, heart flutters, kidneys inactive, vitality low, confidence gone, life seems hopeless. Despondency attacks you — your friends desert you, you're not interesting, energetic, full of life and vitality.

AFTER TAKING

Your health improves, aches are banished; ambition returns; blood circulates freely, powerfully; nervousness disappears, heart becomes normal, organic troubles corrected, vitality renewed, confidence restored and life becomes brighter, your friends find you of interest, admire your strength, your magnetism; which is another word for smiles and joy.

All this comes because your nerves, blood and vital organs feel the beneficent medicines in three grain Cadomene Tablets.

YOUR SYMPTOMS tell you that you need a powerful, vitalizing tonic to regain all that you have lost. Try

3 Grain Cadomene Tablets

They are guaranteed to help you or money refunded by the Blackburn Products Co., Dayton, Ohio. The "Best thing in the world" for "run down" men or weak, nervous women. Price $1.00 at all druggists. Six tubes for $5.00 is full treatment.

AIN'T NATURE WONDERFUL?

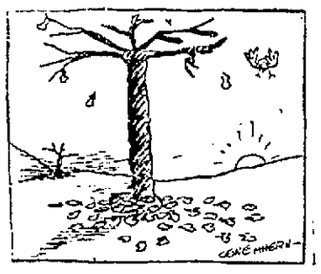

Unnatural History, by Eugene Ahern.

FALL.

In the fall Mother Nature's business fails and goes into bankruptcy.

The smell of burning leaves and moth balls fill the ozone. The wind is pretty brisk on account of the wind-up of campaign speeches.

In the A. M. the air is snappy; at

noon, warm, and along about 5:30 the thermometer does a downward skid that makes the Philadelphia Americans look almost as high as the price of potatoes.

Hoarse throats flourish in the fall, owing to the world's series and college yells, but it gets clothing salesmen the worst.

The frost gets on the pumpkin and some vaudeville acts, and the cobwebs grow thicker in the pocketbook.

We turn around to give the iceman the merry ha! ha! and the coal man comes along and steps on our corns.

The kids scare each other with candle-lighted pumpkin faces, while the grownups turn green at the sight of the forgotten janitor's mug.

All the birds go south except the sparrows, pandhandlers, and other bum birds.

Get Rid of That Miserable Feeling.

There are few diseases that make one feel more miserable than a disordered stomach. Mrs. A. Wingate, Gorham, N. Y., writes: "I began using Chamberlain's Tablets about five years ago. At that time I was having a great deal of trouble with my stomach. I suffered great distress due to indigestion and constipation. Nothing did me much good until I got Chamberlain's Tablets." Obtainable everywhere. — Advertisement.

WIFE SHOWS THE SPOT.

Tells Court Husband Tried to Bite Piece Out of Her.

Indianapolis, Sept. 27.—"That is where he tried to bite a piece out of me," declared Mrs. Thomas Hall in court yesterday. She showed a bare arm to Judge Deery and when the court saw the black and blue marks, fined her husband $1 and sent him to the workhouse for five days.

HARRISON BOULEVARD BUILT UP IN 3 YEARS

A unique feature of Harrison Hill, the new addition located on South Calhoun street just south of Rudisill boulevard, which is attracting many people to this addition, is the restriction requiring all purchasers of lots on Harrison boulevard to build upon their lot within three years from date of purchase. This provision insures that Harrison Hill will be built up rapidly, and it also removes the necessity for purchasers of lots who plan to build immediately to pioneer for four or five years without any neighbors. Prospective purchasers of this class object to this condition in most new additions, but because of this new restriction requiring immediate building, it is expected that a great number of home-builders who could not be persuaded to venture away from a long established residence district under any other condition, will be attracted to Harrison Hill. For further details see Hilgemann & Schaaf, North American building.—Advertisement.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

The new European School of Music and Art opened at 170 West Wayne street today.

Monroeville has struck a rich gas well. The flow is estimated at a half million feet a day.

R. T. McDonald left for New York city Saturday evening, accompanied by Joseph J. Wood and wife.

Bids for the Henry Schwartz block on Calhoun street will be opened by Architect Riedel, Wednesday, and the contract let.

"Whitey" Carl, of the Second ward engine house, distinguished himself by stopping a runaway horse Saturday evening. He has bravely risked his life several times in the performance of such an act.

Englebert Mueller, the well known grocer at Leo, has a two-year-old child whose remarkable feats as a gymnast awaken the interest of all who see its performance. Among other things the child will balance itself on his father's hand. It will be a contortionist.

Today the quarters opposite the Cathedral, used by the Rifles as an armory, were deserted, the effects being removed to a place of storage. For some unaccountable reason the new muster of the company has failed to arrive. It was deemed advisable to not remain in the quarters at an unnecessary expense, so the goods were removed.

The new deputy of Postmaster C. R. Higgins to succeed the late Charles W. Howey will be Josh J. Williams if the present plans do not fall through. Mr. Williams was long in the employ of the Pennsylvania company and is well known in and out of railroad circles. He served one term as the "light-weight" councilman of the Sixth ward.

E. W. Cook, agent for the Wabash Railway company at Defiance, O., tendered his resignation last week and has moved with his family to this city. He has assumed the management of the Ryan Truck company, of the city, which was recently consolidated with the Transfer and Storage company. He has purchased the stock held by T. B. Empie, who retires, and the stock is now held jointly by R. T. McDonald, P. A. Randall and Mr. Cook.

TIME BRINGS CHANGE IN CORDWAY'S LIFE

Says He Feels Better and Stronger Every Way, Since Taking Tanlac.

F. S. Cordway, a well known farmer residing on rural route No. 6, Fort Wayne, told on April 21 of the big benefits he gained through use of Tanlac, the celebrated new medicine.

"I had muscular rheumatism in every joint in my body," Mr. Cordway said. "It seemed as though every joint in my body ached and I experienced pains across my back caused by a kidney derangement. I couldn't sleep at night and was so weak at times that I could not do my day's work.

"I read accounts of Tanlac's work in the newspapers and decided to give the new medicine a trial. Before I had finished the first bottle of Tanlac I began to sleep better and I felt stronger. I am now taking my second bottle and the rheumatic pains are much less severe and I felt stronger and better in every way. I can do my work better than I have for several years.

"For the benefit of my friends, or anyone troubled with rheumatism I gladly recommend Tanlac."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like and has proven a fine blood purifier and general system cleanser.

Tanlac is now being specially introduced and explained in Fort Wayne at the four Meyer drug stores—Wayne and Calhoun streets; Calhoun and Columbia; 1420 Calhoun and Broadway and Taylor streets.—Advertisement.

NAMES COMMISSION TO STUDY PRISON LABOR

Indianapolis, Sept. 27.—A special commission composed of eight persons to study the question of prison labor as it affects the four penal institutions of the state has been appointed by Governor Ralston. Demarchus Brown is chairman of the committee. The other members are John P. Holliday, Indianapolis; Charles J. Orbison, Indianapolis; Dr. Mary E. Spink, Indianapolis; E. J. Fogarty, warden of the state prison at Michigan City; David N. Peyton, superintendent of the Indiana reformatory at Jeffersonville; Margaret M. Elliott, superintendent of the woman's prison at Indianapolis, and Charles E. Talkington, superintendent of the state farm at Putnamville.

The commission will study the plans of institutions of other states relative to bettering prison labor conditions and recommendation which might improve conditions in the state's penal institutions.

Terrible Croup Attack Quickly Repulsed By Old Reliable Remedy

Well known Georgia store keeper has mastered croup and colds for his family of ten with Foley's Honey and Tar Compound.

The minute that hoarse terrifying croupy cough is heard in the home of T. J. Barber, of Jefferson, Ga., out comes Foley's Honey and Tar Compound—there's always a bottle ready.

Here's what he says: "Two of my children, one boy and a girl, aged eight and six years respectively, had terrible attacks of croup last winter and I completely cured them with Foley's Honey and Tar Compound. I have ten in family and for years I've used Foley's Honey and Tar Compound and it never fails."

Banish worry and save doctor bills—keep Foley's Honey and Tar Compound always on hand, in your home. One bottle lasts a long time—it's reliable and safe—and the last dose is as good as the first. Get the genuine.

The Misses Cleo Robinson, Florence McDonald, Madge Fee and Gertrude Madden were entertained at 1 o'clock luncheon by Miss Alda Mumaw in honor of Mrs. Amos Riley, of Toledo, who is a guest in the city.

Kennith Cosper and Miss Viola Graham were the Sunday guests of Don Cosper and family and Mr. and Mrs. Noble Cosper, of Montpelier, O.

Word was received in Butler this week of the death of Mrs. Elizabeth Haley, formerly of Butler. She passed away at Seattle, Wash., September 18. Mrs. Haley had been in poor health for a number of years and at the time of her death was living with her children.

Had Bilious Attacks.

"My son, nineteen years of age, suffered frequently from bilious attacks. My husband brought home a bottle of Chamberlain's Tablets and began giving them to him. They helped him right away. He began to eat heartily and picked up right along," writes Mrs. Thomas Campbell, Kirkville, N. Y. Obtainable everywhere.—Advertisement.

OF INTEREST TO WOMEN

OF PURPLE DUVETYNE

AS THE fall days approach women are reminded of necessity for long coats, and immediately become interested in the newest models. A very stunning model is this one of purple duvetyne. It is cut on lines that give the wearer a youthful appearance. The coat buttons in a sensible manner close up to the neck and is finished with a wide collar which can be fastened about the chin in an emergency. Altho the coat is belted, a straight line is preserved by slipping the belt thru slots cut at either side of the garment in front. Huge smoked pearl buttons add a distinctive note to the coat.

The sleeves are set into very deep armholes and are finished with deep cuffs, which are slashed. Bands of sealskin edge the sleeves, the collar and the generous pockets at either side of the coat.

Equally as interesting as the outside is the honey-colored silk lining, which is covered with huge flowers of various colors. Many of the new fall models have the lining conspicuous in the collar, cuffs and pockets.

This model is seven-eighths length. Some separate coats are longer, reaching beyond the hem of the dress.

NORFOLK COAT DRESS

EVEN little missie must have her coat dress like mother's. It is so much more comfortable than a dress and separate coat for the first cool days of school. Therefore, mother starts to make her a coat out of serge or cheviot or jersey cloth.

This long-waisted frock is becoming to the little girl whose legs are beginning to grow too fat. The pleated sec-

tions at the sides are held in by the belt, which buttons to give an excuse for a pocket on each side.

In dark blue serge, with white collar and cuffs that can be washed and black bone buttons, mother will find this an excellent first frock of the season with which to start the little girl off for her first class. The buttons unbutton only as far as the belt; the remainder of the buttonholes are sham.

ANSWERS TO CORRESPONDENTS

Cleaning Chiffon

Will you please tell me how to cleanse a white chiffon scarf at home? Thanking you in advance, I am. J. K.

Let the scarf stand in a weak solution of cold soapy water a few minutes, then shake it up and down without rubbing. If the scarf is small enough use a quart jar for this purpose. Rinse well, dry and iron on the fabric itself.

Spats to Be Worn

Would you advise my buying pumps at this time of year? Are spats to be fashionable this winter? M. L.

The spat promises to hold equal place with the high boot this winter, the most fashionable of which are buttoned. I do not think it unwise, therefore, to purchase pumps at this time.

SUIT POINTS

THE interest in suit-coats is ever increasing. The extremely long coat is the new one, but as this type is most unbecoming to the short figure, the coat of shorter length is in vogue for small women. It is, therefore, quite safe to say that both styles are in vogue.

Among the dressy models there are a few suits with very short coats, cut with considerable flare from the shoulders and falling in ripple effect. An exception to this style is the short coat belted in front, with full back.

It is easily understood that with the extremely long suit-coat it would be bad taste to wear a skirt very much trimmed. Consequently, the skirts accompanying the long coats are very plain. Usually they are gathered at the waistline, altho here and there a number have side pleats or cluster pleats alternating with plain panels. Pockets and belts are seen on many models, and on the more expensive ones the pockets are fur-trimmed.

The cuffs of suit-coats are decidedly different from those of other seasons, in that they are much larger. One sleeve had a cuff of fur which was half again as wide as the actual cuff. It was joined to fit the edge of the sleeve, and from there it flared out in a stiff fashion.

Other sleeves fit in at the normal shoulder line and are made to flare over the wrist in bell shape, revealing, in many cases, a narrow ruffled cuff of lace or lingerie.

Here and there are shown suits trimmed with suede leather. In some cases panels of the leather hang down the front and back. On a suit of black velvet the panels were of green suede. Green buttons and green embroidery were introduced to carry out the color scheme.

Vests are a feature of fall suits. These are of fur or of velvet.

Velvet ribbon 1 inch to 1¼ inches in width is used to trim tailored suits.

FINISHINGS

THE home sewer has a store of methods for finishing off rough edges, which are bound to be met with in sewing.

A very exquisite yellow evening gown, bearing a high price, had the skirt made of two tiers of net. The material was pointed, and along the edge was turned up once and held in place with running stitches made of silk to match the color of the dress. Surely this is simple enough, and requires no special knack for completion.

Another gown of black net had the edges of its ruffles, sleeves, etc., finished with a very narrow silver braid in loop design. This was stitched by machine, and gave a most satisfactory bright touch to the somber gown.

Quite a few models are finished with picoted edges. This touch means that there is very little work for the maker of the gown. She can send her material to an establishment, where the picoting can be done for 5 or 10 cents a yard.

Beads, wooden, steel and porcelain, are very much used for edgings.

NOVELTIES

Among the latest materials for evening gowns is a woven striped silk having jewel effects in color. It is rather expensive, but in the long run it is an economy, because it requires very little trimming.

The men will have reason to guard themselves sufficiently from the hats which are extremely angular and which women will wear because the style is the latest.

Society

The dozen young women who have been giving lovely prenuptial parties to do honor to Miss Ruth Evans, met at the home of Mrs. John C. Hoffman, in Oakwood place, this afternoon, and enjoyed a game of bridge with Miss Evans, whose wedding to Bartlett Shryock will be a home event of Thursday evening. Mrs. Hoffman had a pretty arrangement of garden flowers in her rooms and served delicious and refreshing things at a supper after the card game.

Mr. and Mrs. James Kennedy, of Hammond, arrived in the city to attend the wedding of their son, Walter L. Kennedy, to Miss Ruth Riker. Mrs. Tom Thompson, of Dayton, Ohio, is another guest who reached the city on Tuesday to remain for the same nuptials.

A pretty wedding of Thursday morning will be that of Miss Mary Zuber and Mr. Franklin Carr, which will take place in St. Mary's Catholic church at 9 o'clock. Mgr. J. H. Oechtering will officiate at the nuptial mass. Miss Elizabeth Zuber and Miss Amelia Thieme will be bridesmaids and Harold Carr will be best man. The ushers are to be Byron Hayes and Calister Devine. Master Jerome Evart will be the ring bearer.

Miss Margaret Russell, who is to be an October bride, was the honor guest on Tuesday evening at a dinner party given by her associate friends, who work in the gas office. Covers were laid for ten and Miss Russell received a corsage bouquet of "my sweetheart" roses. Other young ladies present were Misses Irene Lennon, Daisy Wickliffe, Lucinda Bell, Hilda and Loretta Knothe, Mrs. Stella Phillips and Mrs. Fred Schultz. The table was beautifully decorated by Miss Marguerite Flick with white vases of pink roses. The company went to the Palace theater after the dinner.

Carl Lepper, of West Jefferson street, celebrated his natal anniversary on Tuesday evening in an entirely unexpected manner. The surprise was planned by the young boy's father, C. C. Lepper, and the party was a "stag" dinner at the Baltes hotel at 8 o'clock followed by a gathering at the Lepper home afterwards for more cigars and a general good time. The guests were Wilbur Gidley, Herbert and Earl Siebold, Fred Bloemker, Wilbur Stocks, Fred and William Wiebke, Walter Brase, P. M. Certia, P. J. Steup, Theodore Haberkorn, George Newport, E. F. Fruechte, Charles Steger and Mr. Koehlinger.

Lauer—Petgen.

The wedding of Miss Celeste Petgen, a beautiful daughter of Mr. and Mrs. F. Petgen, of 355 Baker street, to Mr. Jerome H. Lauer, a son of Mr. and Mrs. Peter Lauer, of 1205 Maumee avenue, took place at the Cathedral, on Wednesday morning at 9 o'clock. The nuptial mass was celebrated by Rev. John R. Quinlan. In the bridal party were beside the bride and groom, Miss Edna Petgen as bridesmaid, little Geraldine DeWald, a niece of the bride, as flower girl, and Messrs. William Kiep as best man and Sylvester Klotz and Fred Grime as ushers. The bride walked in alone and she presented a lovely and sweet appearance in her stylish gown of white silk net, the full skirt being corded and trimmed with narrow satin ribbon. A tulle veil was held to her hair by a very becoming cap edged with princess lace and fell to the hem of the short skirt. The bride carried a shower bouquet of bride roses and swansonia tied with tulle ribbons. The bridesmaid was gowned in a pink taffeta, a lovely shade, with georgette crepe sleeves to correspond and her gown was also trimmed with narrow pink satin ribbon looped in festoon effect on the skirt and held with tiny satin bows. The bridesmaid wore a beautiful hat of pink taffeta with a crown of spangled pink net and a trimming of dark fur and tiny roses of pink satin. Miss Petgen carried a large bouquet of pink roses tied with pink tulle ribbon. The little flower girl was a picture in blue satin covered with white net with blue stockings and white shoes and a fluffy and large bow of white tulle on top of her golden curls. Miss Geraldine carried a basket filled with pink roses and a bow of blue tulle tied to its handles. After the wedding service the bridal party with relatives and friends to the number of forty were entertained with a bountiful breakfast at the home of the bride. The chandeliers were wreathed in green vines and ferns and pink and white roses while a handsome wedding cake built in pyramid style, and topped off with a wedding ornament, stood in the center of the bridal table. Mrs. Frohenapfel catered for the breakfast. During the day the bride and groom left on a wedding trip of ten days' time to eastern points. On their return Mr. and Mrs. Lauer will go to housekeeping at 633 West DeWald street. For traveling Mrs. Lauer is wearing a dark blue serge suit with trimmings of marten fur. A pink georgette crepe blouse, hand embroidered and a large hat of black velvet with facing of mahogany velvet and an ornament of fur were becoming details of the traveling costume with which the bride wore tan gloves and shoes.

If Thin or Wrinkled Try This

Many women of fashion and refinement in this country, as in Europe, seem to have recently discovered that there is nothing quite so good to remove wrinkles and fill out hollows in face or neck as ordinary am-o-nized cocoa cream. It is so easy to get a little from any druggist and apply this at night wherever there are wrinkles or hollows in face or neck that no woman should suffer embarrassment because she is thin or wrinkled. You simply apply it with the finger tips, and it is so pleasant to use and is so quickly absorbed that results are almost immediate. Nothing else is required and there is no hurt or injury to the skin. On the contrary it is positively beneficial to the complexion, feeding and stimulating the tissues so that the face becomes nice and plump and the wrinkles disappear. You can not help but wonder at its nourishing and beautifying action upon the skin. Many complexion ills such as rough, blotchy skin can also be quickly overcome by its use, but it has found particular favor in the elite Beauty Parlors for removing wrinkles and filling out the hollows in face and neck.—Advertisement.

AT THE PALACE

BILL CLOSES TONIGHT.

New Program at the New Palace Opens Tomorrow Afternoon.

New Palace audiences will bid goodbye tonight to the current bill featured by such remarkable acts as Mlle. Luxanne and corps de ballet in a group of delightful lyric dances; Baby Helen, the captivating little Miss with the sweet smile and clever songs and stories; Willing, Bentley and Willing, the two scrappy coons and the pianist in Tom Foolery; Billy Swede Hall and company in the absurd sketch, Bud Weisser; Hager and Goodwin, the Rathskeiler Duo, and Nora and Sydney Kellogg in a novel uniquely staged bell ringing act.

On Thursday afternoon a record-smashing week end bill will be on the board. From Coney Island to the North Pole is something of a trip, but that is the one taken by Art LeVine and company in the three scene miniature musical comedy that will feature this coming bill. The scenic effects are engaging and there are just enough girls flitting through the comedy to add spice to it. Godfrey and Henderson, a young man and a pretty girl in "Aboard for Abroad," a nautical comedy; the beautiful Grace Renee Close, mezzo soprano; DeWitt Young and Sister, as the College Boy and the Fair Co-ed; Mae Curtis, the Personality Girl and the Oxford Trio, the originators of basketball on bicycles, are other favorites on this promising program.

AT THE MAJESTIC

"Experience" Next Tuesday and Wednesday, With Wednesday Matinee.

Mayor George M. Wright, of Worcester, Mass., saw "Experience" several times during its record-breaking two weeks' run in that city, a run which was unparalleled in the history of Worcester theatricals and the comment of Mayor Wright was: "The play, 'Experience,' should be seen by every person interested in life. It seems to be a departure from the usual drama. It teaches lessons that everybody should learn. One of the greatest charms of this play is that those who witness it feel that the characters are not preaching sermons, but portray real life." Wherever "Experience" has been given, it has established new records for attendance. The play ran for nine months in New York, seven months in Chicago and five months in Boston. "Experience" will be presented at the Majestic Theatre next Tuesday and Wednesday.

"Mr. Jackson in the Mountains," Friday Evening.

All friends and admirers of excellent zither music and Bavarian, Tyrolian and Swiss Yodlers will undoubtedly have a big treat when on Friday evening they hear the famous Oberammergau Peasant Players, who will then give a performance at the Majestic theatre.

There is no similar company in Germany with such a reputation, and so high a standard of excellence as the Oberammergan which are under the supervision of their musical director, Heinrich Marchetti. In nearly every act there will be yodlers, quartets and solos, even during the pauses entertainments will be given. The original Bavarian national dance (Schuhplattler) is one of the most striking and graceful dances that has ever been created, and Miss Lisi Nagel has the reputation throughout Bavaria of being the leading dancer of this kind.

The towers of the Panama cathedral are roofed with pearl shells, which reflect the sunlight so that they can be seen far out at sea.

AT THE TEMPLE.

Many Attend Matinee Reception of Temple Stock Company.

Rare scenic effects and with the players all cast for good parts, are putting the finishing touches on this week's bill at the Temple theater, the stock company under Manager Louis Wolford winning a world of praise in their interpretation of Roi Cooper Megrue's masterpiece, "Under Cover," a play that has thrilled millions since it was first staged two seasons ago. Two capacity houses witnessed the performances at the Temple yesterday, and scores of patrons took advantage of the opportunity to personally greet the players when a matinee reception was held on the stage.

The great dramatic triumph of the playwright is reached in the third and fourth acts when Stephen Denby reveals himself as the greatest of secret service men and traps the grafting official, Daniel Taylor, who, false to his duty, accepts a bribe from his chief whom he believe sto be a real smuggler of jewelry of fabulous wealth through the United States custom house from Europe.

"Under Cover" will run all the rest of the week at the Temple with matinee on Saturday afternoon. Next week, one of the greatest of all plays, "Bought and Paid For," will be the attraction at the popular play house, when for the first time it will be seen at popular prices with scenic effects and a stage setting fully in keeping with the requirements of the peace.

AT THE LYRIC.

Big Feature, "The Unborn," to Be Shown for Two Days.

"The Unborn" is the title of a new five-reel picture which will be the attraction at the Lyric theater for two days with Gertrude Bondhill, the well known star, featured with a cast of unusual strength.

Briefly, the story of this picture concerns Nancy Lee, a farmer's daughter, who meets a young man from the city while she is driving along a country road. This chance acquaintanceship ripens into love. Nancy, fascinated by her sweetheart, surrenders her affections unreserved. Greenville, her lover, suddenly returns to the city and leaves Nancy to her shame. Shortly afterward he marries a society debutante not because he loves her, but for the position, both socially and financially, that she brings him.

Years pass, and Greenville finds that such honors that he has received are hollow in the extreme. Fond of children, his wife refuses to bear them and his home is made unhappy in consequence of his wife's determination not to sever her social activities for motherhood.

Nancy, meanwhile, has come to the city to earn her living for herself and the child that is born to her. The boy grows up and becomes of material assistance to his mother by selling papers on the streets. Greenville meets the boy and becomes very much attached to him, and on Nancy's death persuades Dick, the boy, to come and live with him. Dick accepts the invitation and is very happy for awhile, but Greenville's wife has taken a dislike to Dick and makes his life so uncomfortable that he determines to leave his new home and seek abode elsewhere.

At this moment, Greenville by accident learns of Dick's identity and confides to him that he is his father. The boy remembering his mother's struggles turns on his father and repudiates him and leaves his home. Greenville knowing that through the assistance of a society doctor that it has been made possible for his wife to refuse him children, turns on the quack doctor and threatens him with prosecution. Just as he receives this letter from Greenville, he is arrested in his office by detectives, charged with malpractice. The doctor escapes and he is satisfied that Greenville is the author of the law's visitation and seeks out Greenville to kill him. Just as he is about to fire the shot, little Dick rushes in and receives the bullet intended for Greenville. The doctor, of course, is arrested and put into prison, where his dreams are troubled with visions of unborn children that he is responsible for.

A TOUR OF THE SHOPS.

(By Betty Brown.)

The silk sports suit of many colors has had its day, and September will bring a new model—a combination of pockets of soft white kid.

Abelt of striped jersey silk to match a striped silk hat adds to the brightness of the late summer sports suit.

The newest and smartest handbag is a gaily striped affair of jersey silk embroidered in wool. No getting away from those sports stripes.

When the college girl returns to school she will have one or more organdy blouses—I would call them coats myself, but Mme. Modiste insists they are blouses—of knee length and belted at the waist. A pale green blouse with cuffs and collars of light yellow is stunning enough to please even the hard-to-be-pleased college young person.

LITTLE INDIANA TOWN IS DOOMED BY FLAMES

Anderson, Ind., Sept. 27.—Fire which started at 11:45 a. m. in a woodshed adjoining the A. C. Hendricks residence at Cadiz, Ind., six miles southeast of Markleville, already has spread through the residence section of the town, destroying twelve houses and barns, and the entire town seems doomed.

The fire departments of Newcastle and Anderson have been called and the chemical wagons and motor trucks are on the way to the Henry county town.

A high wind which has been blowing has spread the conflagration and residents of the town fear that the business section, which is only a block distant, may catch fire before outside help can arrive.

It is estimated that at least $40,000 damage already has been accomplished by the flames.

Later—Chief Alfred, of the local fire company, notified firemen here, at 2:30 this afternoon, that Cadiz fire was under control.

CALL FAMOUS "TANKS" MISERABLE FAILURES

Imprisoned Crews Discount Efficacy of the Transformed Tractors.

Berlin, Sept. 27.—According to imprisoned crews of the armored automobiles used by the British on the Somme (the famous "tanks" as the British soldiers call them), the new machines have proved a complete failure, says the Overseas News Agency today. It continues:

"The prisoners point out that the cars are only able to advance at the rate of a mile an hour and therefore make excellent targets for artillery fire. They instance a case of seven of these machines that started in the advance of Sept. 16, only two of which reached their objective, even these being then completely put out of action by shell fire. Their occupants declare them atrocious to travel in because of the noise, smoke and heat and the treacherous ground over which they have to move when in field service.

"In another case, the prisoners say the infantry had been told that six of the machines had been sent to the attack, but only one appeared and this shortly afterward also was wrecked."

FIELD WORK FAVORED BY WEEK'S WEATHER

Washington, D. C., Sept. 27.—Widespread dry weather, with mostly mild temperatuers was decidely favorable for field work generally throughout the week which ended Tuesday, according to the national weather and crop bulletin today, in its final weekly issue of the season. Corn cutting, silo filling, threshing, harvesting tobacco, potato and beet digging and cranberry picking made fine progress.

Much fall plowing and grain seeding were accomplished, but dry soil seriously hindered this work in the majority of the states east of the Mississippi river. Gathering of hay and fodder made good progress but fall pastures, late feed crops, and late truck and gardens need rain.

Richmond, Ind., Sept. 27.—A dog believed to have been made attacked a crowd of 50 children in the school yard of the Middleboro school, north of here today and bit two boys before it was shot and killed by R. N. Lammott, the teacher.

COMMISSION MAN DEAD.

Indianapolis, Sept. 27.—Robert J. Elliott, 56, member of a live stock commission firm here, died at his home today. He had been ill for some time.

HUGHES ON TOUR OF INDUSTRIAL TOWNS

Sweeps Through Pittsburg Suburbs and Talks to Steel Workmen.

Pittsburg, Pa., Sept. 27.—Charles E. Hughes entered the Pittsburg district soon after noon today and from that moment until the time for his departure for Trenton, N. J., at midnight, every hour had been carefully filled by the republican leaders who made up the committee of arrangements.

Mr. Hughes was met at the station by a great crowd of republicans from all over western Pennsylvania, eastern Ohio and northwest Virginia, and immediately began a tour of industrial towns escorted by a parade of automobiles filled with his supporters. The line of march led through the east end residential district and then on to Homestead, where the gates to the big mills of the Carnegie Steel company were thrown wide open and the automobiles drove through, past blazing furnaces and thundering machinery.

Mr. Hughes spoke briefly at the Carnegie library in the borough, and then passed on to Duquesne, where was another trip through a Carnegie company mill and where another speech was made. Here the procession crossed the Monongahela river and entered McKeesport where after a trip through the immense National Tube works, a reception was held in front of the Elks club.

A short drive took the party over the hill into the Turtle Creek valley where are located the great electrical machinery manufacturing plants and where Mr. Hughes addressed a large gathering of workmen, principally employes of the Westinghouse Electrical and Manufacturing company. This was the last speech of the afternoon, Mr. Hughes returning to his hotel to rest before the night meeting at the Pittsburg exposition. The nominee was joined on his trip here from Cleveland by Senators Oliver and Penrose and by William Flynn, former Roosevelt leader of this city.

FAMILY OF VICTIM LODGES A PROTEST

Objections to Clemency in Case of Terre Haute Murderer.

Indianapolis, Ind., Sept. 27.—The cases of William Record, charged with killing Joseph L. Gilbert, at Terre Haute, April 27, 1913, and sentenced to life for the death was reviewed today before the state board of pardons. Attorneys for the Gilbert family entered a bitter protest against clemency for Record, who it was alleged, had constantly imposed on Gilbert, who was his benefactor.

Fred Bays, formerly prosecuting attorney in Sullivan county, appeared and asked clemency for Joe Jones, sentenced for life from Sullivan county for the murder of Wm. Andrews after Andrews was alleged to have attacked Jones with a heavy miner's tool.

Henry Dickey, father of Burt Dickey, implicated in the robbery of the Latta Creek Coal company of $8,000, asked leniency for his son.

RAPS THE OFFICEHOLDERS.

Goodrich Assails Incumbents in Evansville Speech.

Evansville, Ind., Sept. 27.—Before a crowd that packed the largest hall in this city James P. Goodrich, republican nominee for governor, flayed the democrats last night, staging them with extravagant administration of the state's affairs.

Mr. Goodrich contrasted the management of state institutions under democratic and republican administrations. He said that efficient democrats who were in office when the republicans came into power in 1897, survived the change of administrations. The state institutions, he said, "did not become havens of refuge for broken-down politicians."

The speaker criticized the makeup of the present banking department and public service department, asserting "broken-down farmers, newspaper reporters, lawyers and ward politicians occupied places experts should have held."

BANKERS WILL URGE SOME CHANGE IN LAW

Have List of Improvements to Financial Measures to Suggest.

Kansas City, Sept. 27.—Recommendations for changes in the national banking and federal reserve acts were expected to be made here today by the bankers attending the annual convention of the American Bankers' association. This action was to come up before the national bank section, following last night's meeting addressed by John Skelton Williams, comptroller of the currency. It was to concern consolidation into the federal reserve board of the officers and jurisdictions under the old national banking act that are partly duplicated by the newer system.

The discussion was to embrace the subjects of immediate retirement of greenbacks and a general withdrawal of national bank notes in favor of the more recent reserve currency, return to members of the reserve system of part of their subscriptions and making membership in it optional for banks with a surplus of less than $100,000. These subjects were declared to be among the most important to come before the convention.

Savings Bank Section.

Congressional legislation in regard to railroads, which make federal control superior to that of the states, was asked in resolutions adopted today by the savings bank section of the American Bankers' association in annual convention here. The resolutions declared that railroad improvements had been arrested because of the "costly conflicts" arising between the various state and congressional rulings in the supervision of the railroads. Less new mileage was built last year than in any one year in half a century, with more lines in bankruptcy than at any time in the history of the country, the resolutions set forth.

Other national legislation was asked for in resolutions adopted by the national bank section. It included the passage of laws retiring greenbacks and national bank currency and making burglaries against national banks a federal offense.

MAN LONG MISSING IS AT THE BORDER

Insurance Manager Brings News That Salisbury Went With Troops.

"Lavern Salisbury told me to keep my mouth shut but since I have found he is at the border with the troops I might as well let it be known," Warren Brokaw, an employe of the Citizens Trust company, said Wednesday.

"First I knew where Salisbury was after he disappeared from Fort Wayne was when I ran across him in Indianapolis, about three months ago. We spent three hours together at the Washington hotel. He said for me to keep still about seeing him. He is never coming back to Fort Wayne, he said."

"Yes, Salisbury left some bad debts and several of them have not been paid," Brokaw admitted. "He said he did not want it known where he was. He was working for an insurance company out of Chicago when I chanced upon him."

An official of a large insurance concern was in the city last week and Brokaw quietly asked him where Salisbury was.

"Salisbury has gone to the Mexican war. He left the last of June with an Indianapolis regiment," Brokaw says he was told.

Salisbury, who presented a striking appearance, was well known in Fort Wayne, where he had worked for two years. There has been much consternation as to his welfare and an extended search since he suddenly dropped from sight one day last January.

"He said he just skipped out and did not want folks to know where he was," Brokaw said Wednesday.

WIND AT A VELOCITY OF 36 MILES AN HOUR

"Barometric Low"—Nothing Like "Bermuda High"—Now in Control.

A barometric low is passing through this vicinity and as a natural consequence the wind has reached a high velocity. At 2 o'clock Wednesday afternoon it was traveling at the rate of thirty-six miles an hour. The weather man states that it may reach a higher velocity before the low passes out of existence. Showers can also be expected at any time since conditions are of such a nature that a slight change in pressure would cause precipitation.

The government thermometer on the Shoaff building recorded a temperature of 83 degrees at 2 o'clock today and 81 at 1 o'clock.

Thunderstorms, accompanied by winds, are common in the lake regions and in a few of the western states. They may reach this district before becoming exhausted.

The wind wrought some damage in the city in the way of breaking large limbs off trees and in a few cases entire trees were blown over.

PRICE OF SHINES ON HOLIDAYS ADVANCED

Not to be outdone by the bakers, barbers, etc., announcement was made Wednesday that beginning Saturday all shoe shines on Saturday, Sunday and holidays will hereafter be 10 cents at all stands. Advance in the price of everything else is given as the reason.

Agreement to raise the price of shoe shines on Saturday, Sunday and holidays—the very days a man wants a shine—was reached at a recent meeting of the various owners of shoe shining parlors in the city.

WELL KNOWN EDITOR SUCCUMBS TO CANCER

Karl Gerner, of the Auburn Courier, Dies at Home in Waterloo.

(Special to The Sentinel.)

Waterloo, Ind., Sept. 27.—Karl Gerner, editor of the Auburn Courier, and one of the best known newspaper men in northern Indiana, passed away at his home here last evening, at 5:30 o'clock after an extended illness with cancer of the stomach.

While he had been in poor health for some time, he did not give up until three weeks ago when he was taken much worse. He did not leave his home after that time. Mr. Gerner was for years publisher of the Waterloo Dawn, which, however, is no longer in existence.

The deceased, although residing here, went to Auburn every morning and attended personally to the editing of his paper at that place. He was born in Germany in 1854 and had been a resident of Waterloo for twenty years.

A wife and two sons, Karl, jr., and Harold, survive. The sons are brakemen on the B. & O., and reside in Garrett. Funeral services Thursday afternoon at 2:30 o'clock from the residence.

DEATH SUMMONS A WELL KNOWN TAILOR

Anton Kayser Dies at His Home at the Age of 79 Years.

Anton Kayser, a well known tailor of Fort Wayne, died at 12:15 o'clock Wednesday afternoon at his home, 920 West Jefferson street, at the age of seventy-nine years. He had been in failing health for the past two years and nearly two months ago he was forced to his bed. Death was due to complication of diseases and old age.

The deceased was born in Germany, but came to this country when a young man. He came directly to Fort Wayne, where he had resided ever since. He entered the tailoring business. He conducted his place of business at his home. Two years ago when his health became impaired he retired from active work.

He celebrated his golden wedding anniversary on April 28, 1913. He is survived by the widow and four children, George and Theodore and the Misses Minnie and Mary Kayser, all of this city. There are also five grandchildren.

BROWN.

Lewis Brown, aged 73 years, and a veteran of the civil war, died Tuesday at the soldiers' home at Marion, following a stroke of apoplexy which he suffered two weeks ago. He was a former resident of Fort Wayne, and is survived by four children, Mrs. Grover Hassiet, of Howe; Mrs. August Reamer, of Fort Wayne; Edward Brown, of Howe, and William L. Brown, of this city.

The body was shipped to Fort Wayne and was taken to the Reamer residence, 1231 Hugh street, where the Wayne Circle Ladies of the G. A. R. held services Wednesday afternoon at 2:30, and the Union Veteran Legion and Sion S. Bass posts on Thursday morning at 10 o'clock.

Funeral services Thursday morning at 10:30 o'clock at the residence, Rev. J. W. Borkert officiating. The body will be sent to Howe for burial.

RICHARDSON.

John Richardson, aged 78 years, a retired farmer residing on Chestnut street, died at 12 o'clock Wednesday noon at the residence following an extended illness due to Bright's disease. He had suffered from the disease for the past eleven years. He came to Fort Wayne twelve years ago from Ohio.

Surviving he leaves five sons—Albert and Charles, of this city, and James, Frank and Ed, of Ohio, and two daughters—Mrs. John Kessler, of Michigan, and Miss Lula, of Fort Wayne.

The remains will be shipped to Antwerp, O., Friday morning, where burial will take place.

FUNERAL NOTICES.

Wiehe.—Funeral services for August Wiehe will be held Friday afternoon at 1:30 o'clock at the residence, 1516 Wayne Trace, and at 2 o'clock at Zion's Lutheran church, Rev. Luehr officiating. Interment at Concordia.

Feiger—Funeral services for Henry Feiger will be held Thursday morning at 10 o'clock at the residence in Lake township and at 10:30 at St. John's Lutheran church in Lake township. Interment at Eel River cemetery.

Hofman.—Funeral services for Mrs. Magdalene Hofman will be held Thursday afternoon at 1:30 o'clock, sun time, at the residence in Madison township and at 2 o'clock at the Soest Lutheran church. Interment at the church cemetery.

Trabaugh.—Funeral services for Mrs. Charles Trabaugh will be held Thursday afternoon at 1:30 o'clock at the residence, 2404 John street, and at 2 o'clock from the Immanuel Baptist church, Rev. J. B. Bair officiating.

TWO ORDERED RELEASED.

Washington, Sept. 27.—Release of Major Arthur S. Humphreys and Lieut. Hugh Levick, jr., the British army officers detained at Ellis Island on their arrival from England was ordered today by Commissioner General Caminetti, of the immigration bureau.

HAS SERVED ON POLICE FORCE FOR 25 YEARS

Charles Spillner, Subject to a Pension, Refuses to Quit.

"For fear the boys might think I am a quitter I expect to go on with my work for a while yet," Charles F. Spillner, 2132 John street, said Wednesday, on the twenty-five anniversary of his becoming a policeman, when asked if he expected to resign at once from the force.

Spillner has been in some of the hardest of the fighting since he has been a policeman. He was a patrolman until three years ago when promoted to sergeant detective. He is now subject to retirement and life pension of $50 a month.

CHARLES SPILLNER.

Spillner was appointed as patrolman by the police commission on September 28, 1891. The commission was made up of Tony Kelker, Charles Buck, L. Hazzard and Herman Michael. Charles Zollinger was then mayor of the city. Zollinger, Buck and Hazzard are dead.

First roll call for Spillner was in the old building which stood where the city market now extends. Frank Wilkinson was police captain. He has been dead six years. There was no police chief in that day.

Spillner has never had an extensive lay-off since a member of the force. He served as patrolman for some time through the old Chicago street district when four and five riots each night was the common thing.

He considers his battle with George Kelley, a well known yegg of ten years ago, as one of his most desperate affairs. Spillner attacked Kelley near the Pennsylvania railroad bridge after Kelley had held up and robbed several citizens. In the hand to hand encounter which followed Spillness disarmed the outlaw and succeeded in handcuffing him.

"Police business is a snap now days to what it was in the nineties," Spillner says. "The horses were galloping most of the time ahead of the little patrol which answered calls in those days. Fort Wayne is a model city now."

Spillner will serve until January first. Then he will retire from active life on the pension due him. It has not been decided who will be appointed successor to Spillner in the detective service.

FIRE SWEEPS OVER ENTIRE CITY BLOCK

Indianapolis, Sept. 27.—Fire of unknown origin in a residence district of the western part of the city destroyed one entire block of dwellings, composed of twelve houses, this afternoon. The fire was placed under control after the one block had been burned over.

All the houses were frame. The loss was about $25,000, it was said. The high wind made it impossible to control the fire until it had burned to the side streets.

A second fire starting about the time that in the western part of the city was under control has destroyed five dwellings in Irvington, in the eastern part of the city. It was still burning shortly before 3 o'clock. No estimate of the damage has been made.

Guest of Honor Tonight.

S. F. Bowser, president of the S. F. Bowser Co., will be the guest of honor tonight from 6:15 to 7:15 o'clock, and will address the body of workers.

Rev. A. J. Folsom complimented the workers upon their intense enthusiasm and interest which seemed to grip them in their devotion to the cause. "The entire church brotherhood of the city commends and admires the membership of the Christ Lutheran church in their ambition to reach their goal," he said. "The church of Jesus Christ stands as the mother of every good philanthropic, charitable and religious agency on the face of the earth; behind the church is Christ, and behind Christ is the Father, so that behind the cause represented in this movement for Christ Lutheran church is the common Father of us all. There shall be wars and rumors of war; there shall be tumult and turmoil upon the face of the earth; but more enduring than time, superceding all the ages, stands the church of Jesus Christ."

The leading team in the men's division was captained by George A. Dehm, who turned in for the day's work a total of $807; second team in the men's division for the day's work was that captained by Harry Geyer, with a total of $518; third team for the day's work was captained by W. F. Renz, with a total of $446.

Three leading teams in the ladies' division for the day were: Team No. O, Captain Mrs. Mullendore, $466, and two tied for second place, teams No. E, Captain Mrs. Benner, and team No. L, Captain Mrs. Kelsey, with $366.

Within three minutes after the luncheon and business session closed the spacious dining hall was practically deserted, men and women darting out in their eagerness to glean all the dollars possible for the cause, so that late tonight and late every night will the one hundred and fifty workers be found going up and down Fort Wayne in their unselfish mission of making Fort Wayne greater and better.

WORLD'S SERIES WILL OPEN SATURDAY, OCT. 27

Announcement is Made by President Johnson of American League.

Chicago, Sept. 27.—The world's series will open on Saturday, Oct. 7, according to President B. B. Johnson, of the American league, who is a member of the national commission, and is today ready to begin preparations for the series. With the race as uncertain as it is, no final action has been taken yet by the national commission, Mr. Johnson said.

"I am certain that the world's series will start on Oct. 7," said Johnson. "The contestants might be willing to begin Oct. 6, but I hardly think so. The American league race closes one day earlier than the Nationals, so I do not think that would be fair to the National league winner, however, so it looks as if the opening game will be played a week from next Saturday.

"Owing to the uncertainty of the race we have been unable to make any arrangements for the series, and I don't know whether to start east or remain in the west. The White Sox still have a chance, but of course in the National league the winner will be an eastern team."

POST-SEASON SERIES.

Chicago, Sept. 27.—A post-season series between the New York Nationals and the Chicago Americans, to take the place of a city championship was discussed today among followers of the game. On account of the uncertainty of the pennant race in both leagues, no negotiations for such a contest have been started, but Charles Comiskey, owner of the local American league team, apparently looked on the proposed series with some favor. "I have heard some talk of a series of that kind," said Mr. Comiskey, "but no one has approached me in reard to such games. It would undoubtedly be an interesting series, but there are so many obstacles in the way that I do not see how the two teams could meet. If Brooklyn wins the pennant it would of course be out of the question as I would not invade any part of Greater New York while Mr. Ebbets' team was contending in a world series."

TWO GAMES AT BOSTON.

Boston, Mass., Sept. 27.—Both major league ball clubs staged games in this city today. Because of the inability of the Boston and Pittsburg Nationals to finish their schedule even by repeated double-headers, it was decided to play the final game on Braves' field this forenoon. In the afternoon the regular schedule brought a game at Fenway park between the Boston and New York Americans.

SERIES WILL DECIDE AMERICAN LEAGUE RACE

Boston is Still Two and One Half Games Ahead of White Sox.

Chicago, Sept. 27.—The series of four games which starts today between Boston and New York will be watched with interest as the championship in the American league probably will be definitely located by the time the last of the series is played. As all of the American league teams were idle yesterday, there is no change today in the positions of the three leadgers, Boston maintaining a lead of two and one-half games over Chicago and four over Detroit.

Boston is the only one of the three leaders to go into action today, the others all having open dates. Tomorrow Chicago will begin a series of four games with Cleveland, which will end the season for both clubs. Boston has seven games to play, four with New York and three with Philadelphia. Detroit has only three games left.

In the National league today Brooklyn held onto its lead of a single game over Philadelphia, but Boston, by winning two games from Pittsburg yesterday, gained half a game and therefore is only three and one-half games behind the leaders.

Through special permission, Pittsburg and Boston this morning will play off their tie of last Saturday, which will add another game to Boston's schedule. Brooklyn has eight games more to play, Philadelphia nine and Boston twelve.

FOOTBALL NOTES.

The Badgers will practice this evening at 7:30. All members are asked to be present.

The Fort Wayne Athletics will practice tonight at Swinney park. The opening game will be played at Kendallville Sunday and the Athletics want to start with a win.

The Calaviers will practice tonight at 7:30 at the Western Gas grounds. All players are requested to be present.

MOLLA BJURSTEDT BEATEN.

Boston, Mass., Sept. 27.—Miss Molla Bjurstedt, national women's tennis champion in singles, was eliminated as a competitor in the doubles in the women's open tennis tournament at the Longwood Cricket club yesterday. Paired with Miss Eleanor A. Sears, of this city, she was defeated by Mrs. A. A. Shurtleff, of Boston, and Mrs. H. H. Smith, of Philadelphia, 2-6, 6-4, 6-4.

In the singles Miss Gwendolin Brandon, of New York, who scored an unexpected victory yesterday over Miss Marion Fenno, of this city, continued her success by defeating Miss Florence Ballin, of New York, in straight sets, 8-6, 10-8.

IN FLAG RUSH.

Local Athlete Mentioned Among Freshman Leaders.

Clarence Stillwell, former captain of the local high school track team, and individual star in the district meet held here last spring, is mentioned as one of the freshmen who distinguished himself in the annual freshman-sophomore flag rush at Western Reserve university. When the flag was found by the freshmen it was given to Stillwell, who carried it safely to within a few feet of the goal, where he was pounced upon by several sophs. In the mixup the flag was lost, but the freshmen recovered it and won.

COVELESKIE SENT HOME.

Manager Fohl, of the Cleveland Indians, has sent Pitcher Stanley Coveleskie to his home in Pennsylvania, and it is not expected that he will be back in harness this season. Overwork and a spell of sickness have put Coveleskie to the bad, and figuring on next year, Fohl thought it advisable to give the younster a rest.

"HUMAN BULLET" TELLS HOW TO PLAY FOOTBALL.

Third of a series of pictures, posed especially for The Sentinel by Johnny Maulbetsch, Michigan captain and all-America halfback, known as "The Human Bullet" of gridiron, showing how he shakes off tacklers.

(By Johnny Maulbetsch.)

(As told in an interview with Harold Johnson, The Sentinel Special Sport writer).

A forward pass may be made in a variety of ways, but everything depends upon accuracy and judgment. The simplest and easiest is a two-handed toss, either from the waist or from over the head.

The ball is grasped firmly and the position is like that of an overhand throw in baseball. For a spiral pass the ball is driven forward, the grasp of the fingers on the lacing and the thumb on the ball causing the pigskin to fly with a spiral or revolving motion.

Another way of making the forward pass is that of the end-over-end motion as used in the quarterback's pass, only sending the ball up into the air instead of low. It is possible to make this kind of pass even when the tacklers are almost on the passer, and it is useful when the ball is down within the opponent's danger zone.

Too much practice cannot be had in developing interference for the man carrying the ball. In open field interference the interferer should not hesitate to leave his feet to remove a man in his path, particularly if the opponent is the defensive fullback.

Make sure of your man and if necessary give him the straight arm, as shown in the accompanying picture. This is a sure means of taking a man out of the way.

The quarterback is an important cog in the interference machine. When the halves or fullback make straight plunges he should aim to get in ahead of the runner or immediately behind. The quarter playing thus is practically a free man and in position to be alert for fumbles. In end running it is a cardinal principle for the quarterback to lead the way.

Lyceum A. A. Makes Plans for Big Season

At a smoker and meeting held Monday evening plans were started for the opening of a big season at the Lyceum. Enthusiasm ran high and a most successful season is predicted by all of the members. The bowling season will begin Oct. 14. The league schedule will be arranged in the split season system and the winners of the two sections will play for the championship. Basketball will be stronger than ever this year. Although the team has lost Flaherty, who has entered Notre Dame, a new star from Chicago has been discovered and will work with the Lyceum.

Monday night will be ladies' night at the gym and the whole thing will be turned over to them. It is planned to get a physical director for that night each week.

CARRANZA SEEKS TO CONTROL DRINK EVIL

Puts Stringent Regulation on Making and Sale of Pulque.

Mexico City, Sept. 27.—Stringent regulation of the manufacture and sale of pulque, the principal strong drink of Mexico, is ordered by First Chief Carranza in a decree which has just been promulgated. The beverage is made from the juice of the maguey cactus. The new regulations double the tax on the bringing of pulque into towns, and require manufacturers of it to record with proper authorities all details concerning their business.

The decree provides that no factories may be established more than 40 kilometers from the town in which the product is to be sold. This is to insure that the pulque arrives quickly and in good condition.

Should the product spoil in process of fermentation, the manufacturer must notify the authorities and establish that it has been thrown out or used to make alcohol.

It is provided that the maguey lands also must be used to raise other agricultural products as well as maguey.

Infractions of these regulations will be punished by a fine of ten times the amount of the taxes or the factory may be closed.

The United States has 517 button factories.

LITTLE GIANTS PLAY ROSE POLY SATURDAY

Wabash Has One of the Hardest Schedules in the State This Season.

Crawfordsville, Ind., Sept. 27.—Coach Sheeks, who has opened football practice in anticipation of the opening games of the season here on Sept. 30 with the Rose Poly eleven, is confident that from the squads of thirty to forty men reporting nightly for training that a team will be developed which will sustain the reputation of the Little Giants of previous years. The schedule of games is regarded as one of the stiffest that any eleven in the state will play.

The first setback in Coach Sheeks' hopes has been the temporary loss, it is believed, of one of the most promising freshman players, Earl Worth, star all-Iowa high school end last year. Worth was called to his home on account of the serious illness of his father. He is expected, however, to return to college within a week or ten days.

The scarlet eleven's schedule calls for the following home games:

Sept. 23—Rose Poly.
Oct. 7—Hanover.
Oct. 24—Butler.
Nov. 4—Earlham.

The following games are to be played away from home:

Oct. 14—Purdue at Lafayette.
Oct. 28—Notre Dame at South Bend.
Nov. 11—DePauw at Indianapolis.
Nov. 25—Marietta at Marietta, O.
Nov. 30—(Thanksgiving day) Marquette at Milwaukee, Wis.
Nov. 18—Open date.

CHICAGO MAYOR IS FINED.

William Hale Thompson Convicted of Motor Boat Law Violation.

Chicago, Sept. 27.—Mayor William Hale Thompson, of Chicago, has been fined $500 by federal authorities for violations of the motor boat laws, it became known here today. The fine has not yet been paid, according to an official of the coast guard service. The fine resulted from the finding at Green Bay, Wis., of a motor boat yacht tender belonging to the mayor which was without fire extinguishers, life preservers, pilot rules, whistle or bell and fog horn.

A Pittsfield (Mass.) man sent to a girl in a city fifty miles away a box of writing paper as a present. She used some of it in writing to him to "turn him down."

DAYTON TEAM LOOKS GOOD

The Dayton Cadets, who will play the Friars Sunday, certainly look good on paper. Grant, of Pitcairn, and Carroll, the Fordham university star, are numbered among the players. The team averages 175 pounds and expects to put in a good bid for the bonus which the Friars have offered some of the teams which will play here if they win from the locals.

Under the training of Deac Jones the Friar line is being rounded into form, closely resembling that of a big nine team. Last night while Capt. Byroade ran the backs through some hard drilling Deac worked with the line, and especially with Miller and Smith, last year's tackles, who are developing wonderfully under the training.

As far as is known now, the Friars will line up Sunday the same as they have been in practice. That makes a good combination to start the season with, and if there are any bad places, they will show up in the game.

DEPAUW IS STRENGTHENED.

Greencastle, Ind., Sept. 27.—That the DePauw university football team has been strengthened at the expense of the University of Michigan eleven in securing Oscar ("Dutch") Hendrian and Edward Peacock, former stars on the championship Detroit central high school teams, is the opinion of followers of the Methodists. Hurry-Up Yost watched the work of these two—Hendrian as a back field man and Peacock as a lineman—for two years, and urged them to attend Michigan and try for the football team. They decided to attend DePauw instead, and in the practice so far have indicated by their work that they will be selected as regulars by Coach Buss. Ray Northway, who starred at tackle for the Methodists for three years, has reported for practice.

The opening game is scheduled to be played at Bloomington Saturday, Sept. 30, when the locals meet Indiana.

NEW RECORD FOR JONES.

Fielder Jones has made a new record in baseball. In seven games against the Chicago White Sox the manager of the Browns started each contest with a left-hander. And twice Jones' theory that a southpaw could tame the Rowlands held good. However, right-handers might have done a dinged sight worse—did, in fact, when they relieved the southpaws.

MOTORCYCLE RUN.

Ride Yellowstone Trail from Fort Wayne to Tri-Lake.

Forty-six riders have entered the race for a $100 stake which will be run next Sunday. The riders will go over the Yellowstone road to Columbia City and from there to Tri-lake. The racers leave here thirty seconds apart. They are scheduled to reach Tri-lake 58 minutes after leaving this city. Of this time, fifteen minutes is taken up at checking stations, leaving forty-three minutes of actual running time. In order to complete the ride in time, it will be necessary to maintain a fifty-two mile per hour road average.

Mayor Frank L. Myers, of Columbia City, has given the racers permission to pass through that place.

ADAMSON LAW WAS DISCUSSED BY CLINE

Congressman and Philip Zoercher Speakers at Garrett Meeting.

Garrett, Ind., Sept. 27.—With Congressman Cyrus Cline speaking on the Adamson eight-hour law and Philip Zoercher, candidate for reporter of the supreme court, discussing state finances, the democrats of Garrett and surrounding territory held an enthusiastic meeting here last night.

Mr. Cline said: "The republican candidate for the presidency has had much to say in communities where there were no labor organizations about congress being bludgeoned into passage of the Adamson bill by the labor organizations of the country without any investigation of the facts. Mr. Hughes was traveling up and down the country campaigning for the presidency while the conference between President Wilson and the heads of the labor unions and the representatives of the railroads were conferring at Washington.

"As conferences progressed conditions became acute and the country was alarmed. The contending forces were the most powerful in the commercial world. Both parties were unyielding and awful and frightful conditions were impending unless the strike could be averted. Not only were the rights of the railroads but the rights of labor were also at issue and above all the rights of one hundred million people were involved and no one to represent them but the president of the United States.

No Suggestions Offered.

"Under these extreme conditions what suggestions did Candidate Hughes offer to solve the trouble, standing as the representative of a great party and asking for the presidency of this great republic? Not a word. The president came to congress, asking us to recognize eight hours as a working day and save the country from the threatened disaster.

"We passed the Adamson bill—every democratic member of congress voting for it with seventy-five republicans. Now Mr. Hughes charges that congress was coerced into the passage of the act by the unions without any information or investigation of the facts and that the act is of doubtful constitutionality. Two things would have happened if Mr. Hughes had chanced to have been president. He would have permitted the strike to have been called while he investigated."

"He would have ignored the truth that the eight-hour proposition had been under investigation for more than twenty years. He would have let the strike plunge the industries into paralysis while he investigated. He would have let men, women and children in the large cities starve to death while he investigated. He would have let food rot in the fields and at railway stations waiting for transportation while he investigated. He would let food of all kinds be held up for lack of transportation facilities while he investigated.

"And that fact alone determines his unfitness for the presidency because he has not the ability to rise to the great emergencies. Mr. Hughes would give the country to know that the eight-hour question was a new one, suddenly thrust into the social structure of the government upon which the people had no information. It is impossible to believe that Candidate Hughes wants the country to believe either that there is no information on the subject or that he is ignorant of it. The subject began to be written about the very time organized labor took on its existence more than twenty years ago.

Not Forced by Unions.

"The action of congress on the eight-hour law was not forced by the action of the unions. It was protection for the people of the United States, who were vitally interested in the settlement of the strike. We recognized the growing sentiment of the country in favor of an eight-hour day in the industries of the nation. We could not permit the roads to be tied up by the strike nor permit the managers of the roads to smash the unions if they had an opportunity.

"Mr. Hughes protests that he is a friend of labor. Both the record of the candidate and his party as the friends of labor is a mockery. Labor had no recognition from any party until the democratic party came into power. The republican party fought labor in its national convention in 1908 and its representation in congress since that time has contested every measure looking to the betterment of labor. When you moved away from the theory that labor is a commodity, you could go into the market and buy as you would a ton of coal. But when we understood and appreciated the fact that labor was a part of the great social compact of the republic producing and evolving means for the improvement of the government, then we came to understand that the rights of the millions who toil ought not to be ignored.

In addition to speaking on state issues Mr. Zoercher also spoke on international affairs, including our relations with Germany.

Many county candidates of DeKalb county attended the meeting. Richard Heinlin, president of the Wilson-Marshall club, presided. Lunch was served after the speaking.

EXTORTED $100,000 IN PAST 18 YEARS

Edward A. Leet Admits He Made New York Lawyer His Victim.

New York, Sept. 27.—Edward A. Leet, 42 years old, an inventor, accused by Edward Lauterbach, a well known lawyer, of having extorted about $100,000 from him during the last eighteen years, pleaded guilty to the indictment against him yesterday. He will be sentenced on Oct. 3. The maximum penalty for the crime is fifteen years.

Lauterbach went before the August grand jury and said that for nearly two decades he had been victimized by Leet and his wife, who demanded huge sums, asserting that the lawyer was under "moral obligations." He produced checks showing payments in excess of $50,000 and letters threatening violence alleged to have been written by Leet.

Helped by Attorney.

The Leets, it is alleged, came here from Scranton, Pa., eighteen years ago with a letter of introduction to Lauterbach. They were in financial straits and the lawyer helped them. Lauterbach called on them frequently and then Leet began making his demands.

Lautenbach was in court to testify against Leet if necessary. Assistant District Attorney Weller asserted that he had subpoenaed a prominent Scranton attorney and three other residents of that city who were prepared to testify that Leet had victimized them in the same manner that he had Lauterbach.

Recalls "Wolf of Wall Street."

Lauterbach was in the public eye about two years ago, when his name was mentioned in indictments brought against David Lamar, known as "the wolf of Wall street," for impersonating former Congressman A. Mitchell Palmer, of Pennsylvania, in an attempt to swindle J. P. Morgan & Co. and the United States steel corporation in an alleged plot to influence legislation.

Charges against Lauterbach were filed with the New York Bar association. The effort to disbar him was unsuccessful, but he received a censuring.

Lamar now is serving a term in the federal prison at Atlanta, Ga.

INSURES HIS LIFE THEN KILLS HIMSELF

South Carolina Business Man is Found Dead in Chicago Hotel.

Chicago, Sept. 27.—The body of Allen L. Tomlinson, salesman for the Tomlinson Chair Manufacturing company, High Point, N. C., was found on the floor of his lighted room in the Hotel Brevoort yesterday afternoon. There was a bullet wound in the right temple. Near the body was a revolver.

The body was found by a chambermaid who went to the room to put it in order. On the bed lay severaly neatly folded newspapers and a magazine. The coat and vest had been laid carefully over a chair back. In the trousers' posket were found a few coppers.

Tomlinson had registered at the Brevoort on Sept. 23 as T. U. Allen, of Minneapolis. He was well dressed, unobtrusive and made no friends. A solitary business card, a membership card in the Mechanical Manufacturers' club, of Atlanta, Ga., and two health insurance policies were the means of his identification. No letters were among his few personal effects.

One insurance policy, payable to Tomlinson's mother, Mrs. Anna Tomlinson, of High Point, is for $2,000, in the Travelers' Protective association, of St. Louis. The other, for $5,000, in the Travelers' Health association, of Omaha, is payable to the estate. Both policies were issued about ten days ago.

The position of the body on the floor indicated that Tomlinson had stood before the mirror when firing the fatal shot, according to Dr. A. Baxter Miller, who made the examination. He said the man had been dead since the preceding evening.

Detective Sergeant Barney Marroy, who investigated the case, said he was satisfied that the man had committed suicide.

Three Monday newspapers were found on the dresser in the room. One of the papers was opened to the page containing the story of the suicide of Mrs. Arthur Gellatt, in Madison, Wis. The police believe that Tomlinson shot himself after reading the story.

A telegram from Greensboro, N. C., said Tomlinson was 31 years of age and unmarried. He was from Pine Ridge, S. C., and was a brother of C. F. Tomlinson, manager of the manufacturing concern and formerly the national president of the Travelers' Protective association. The president of the manufacturing concern, S. A. Tomlinson, is the uncle of the brothers. Allen Tomlinson's relatives could assign no reason for his act.

SHOP AND RAILROAD NEWS

DON MUNGEN GOES TO WILDWOOD BUILDERS

Resigns Position at Bowser Plant Which He Held Eight Years.

Don D. Mungen, for seven or eight years employed in responsible positions at the factory of S. F. Bowser & Company, has tendered his resignation, to become effective October 9. He has accepted a position with the Wildwood Builders company and assumes the duties of his new office as soon as released at the Bowser works. Mr. Mungen has been production manager at the Bowser factory for two or three years. He is quite prominent and popular at the works and takes a prominent part in all the movements towards the advancement of shop conditions and the interests of the company and employes. He was president of the Bowser Efficiency club the past year. H. J. Grosvenor, the factory manager to whom Mr. Mungen reports, said this morning that no successor had been named. Mr. Mungen is out of the city on business for the company at present.

CLERKS HAVE JOLLY TIME.

Enjoy Wienie and Marshmallow Bake in Glen Grove.

"The best time of our lives," is the way the clerks in the receiving and shipping department of the General Electric works express their opinion of the wienie and marshmallow bake given them by Mr. and Mrs. J. W. Crise, the latter the head of one of the departments, last night. There were thirty-one in the party and they went out to Glen Grove, the home of Mr. and Mrs. Crise, as soon as working hours in the offices closed. Fires were kindled in the grove, at which the wienies and the marshmallows were baked and as soon as members of the party had "their fill," they repaired to the home of Mr. and Mrs. J. W. Crise, their host and hostess, where they enjoyed a season of music, dancing and joloty generally, coming home at a late hour in automobiles. In the jolly party were Mr. and Mrs. J. W. Crise, Mr. and Mrs. J. A. Lamboley, Mr. and Mrs. J. R. Pulver, Mr. and Mrs. Carl Stogdell, the Misses Simminger, Clara Philley, Gladys Rogers, Mary Rosenranz, Matilda Boyce, Blanche Forker, Ester, Hellman, Josephine Kelly, Georgiana Bell, Carrie Burke, Eugenia Buchanan, Margaret Sorgen and Grace Banks and Messrs. Elmer Beverforden, Roland Leidolf, Joseph Grosjean, Carl Bartels, Don Lerverton, Harry Breuggeman, Herbert Krock, G. Middendorf, Ford MacLain and Otis Borchelt.

TALKING VOCATIONAL SCHOOL.

Pennsylvania Employes Preparing to Take Up Studies.

Over 100 of the young men employed at the Pennsylvania shops gathered at the committee room in the Baker street passenger station this afternoon to hear the advantages of a course in the vocational school explained and at the close of the meeting the greater portion of the audience expressed a desire to enroll and attend the school the coming season. Walter G. Hamilton, assistant master mechanic, presided at the meeting this afternoon and addresses were made by Prof. Walter E. Gordon, of the vocational school; J. T. Gelder, a special man in the motive power department of the Pennsylvania, and James A. Foster, foreman of the airbrake department of the Pennsylvania shops. Mr. Gelder and Mr. Foster will also assist in conducting the vocational classes at night. Last year fifty-two of the young men in the Pennsylvania shops attended the vocational school and will testify to the benefits derived from the course.

SHOP CLERKS MEET.

Assemble Here to Discuss "Uniformity of Accounting."

The shop clerks from the division points on the Pennsylvania Northwest system are here today to attend a meeting designed for the discussion of the question of "Uniformity of Accounting by the Shop Clerks" of the system. The meeting is being presided over by W. I. Wilt, chief clerk of the motive power department of the Northwest system, and others participating in the discussions are Shop Clerk J. H. Hobrock, of Fort Wayne; Shop Clerk Henry Weischler, of Chicago; Assistant Shop Clerk John Mumaugh, of Allegheny; Shop Clerk J. M. Winter, of Crestline; Shop Clerk W. D. Moore, of Wellsville, and Shop Clerk Harry Campbell, of New Castle, and Material Inspector C. P. Cherry, of the Northwest system.

ANOTHER EXPANSION IN SHOPS.

Branch of Small Motor Shop to Be Moved Friday.

Next Friday General Foreman George Smith, of the small motor department of the General Electric works, will commence moving the field winding department from the fourth to the third floor of the big factory building, No. 17. The space to be occupied by their department is the north end of the third floor, recently vacated by the special machine department, which has been moved to the fourth floor of the new store house building. This change is absolutely necessary to make room for the expansion of some of the other of Foreman Smith's departments. Work at the big plant continues to press each department to the limit of its capacity.

WILL MEET OCTOBER 3.

Speakers Announced for Meeting of Bowser Efficiency Club.

There will be a meeting of the Bowser Efficiency club at the Country club on the evening of October 3, according to an announcement by George S. Bacon, chairman of the program committee. For some time it has been customary for Fort Wayne business and professional men to attend these meetings and often make addresses.

S. F. Bowser, president of the S. F. Bowser & Co., S. B. Bechtel, general manager, and W. N. Ballou, attorney, will be among the speakers of the evening. The object of the club is partly educational and partly social and its meetings are always filled with interest.

MEET IN RICHMOND IN MAY.

Master Boilermakers' Convention to Be Held There.

The executive committee of the National Master Boilermakers' association, which held a meeting in Chicago Monday, is having sent out notices of the next annual convention of the association, which will be held in Richmond, Va., next May. B. F. Sarver, general foreman of the Pennsylvania boiler shop, is chairman of the committee and attended the meeting.

ONCE WORKED FOR BOWSER.

Frank T. Hyndman, general manager of the Damascus Brake Beam company, of Cleveland, was the Philadelphia representative of S. F. Bowser & Company in 1912 and 1913 and made occasional visits to Fort Wayne. Mr. Hyndman began his business career as a brakeman and later a fireman on the Central New Jersey. Thence he went to the Pittsburg and Western and remained there until he reached the position of master mechanic. Then he went to the Baltimore and Ohio in a similar capacity, soon becoming mechanical superintendent of the road. From that position he transferred to the Bowsers.

SPECIAL SERVICE FOR BOURBON.

The Bourbon fair, which has always been one of the biggest events of its kind on the Pennsylvania between Fort Wayne and Chicago, will be in progress next week and arrangements are being made for extra train service on the Pennsy. During the four days of the fair, all the local passenger trains will carry extra coaches and on Thursday, which is the big day, there will be a special train into Bourbon from each direction. The train from this city will leave at 7:20 o'clock Thursday morning, immediately ahead of No. 809.

SAFETY FIRST MEETING RESUMED.

The safety first committee of the Wayne Knitting mills resumed the monthly meetings today, when the full membership assembled this afternoon to talk over matters pertaining to safety first practices in the factory. There are about twenty-five members in the committee, including the foremen of the various departments and some of the shop foremen. Since the inauguration of the safety first committee at the knitting mills there have not been as many accidents there as formerly.

BACK ON PENNSY PAY ROLLS.

W. F. Meyers, who took a position as machinist in the tool room at the Pennsylvania shops this morning, was employed there once before, resigning about two years ago to take a position in the Wabash shops at Decatur, Ill. He is well known to the Pennsylvania machinists and his return is a matter for rejoicing among the boys. Mr. Meyers is recorded as W. F. Meyers, No. 2, at the Pennsylvania shops, there being another machinist employed there under that name.

ENGINE BURIED IN COAL.

Fifty tons of coal dropped onto and buried the engine pulling Wabash westbound passenger train No. 3 Tuesday at the coal docks at Tilton, when a part of the docks gave way. The engine was taking coal at the time and the engineer and fireman were both in the cab but escaped injury. Only the locomotive was buried and a freight engine went to the rescue and took the train to Decatur. Only slight damage to the locomotive resulted.

HAY BARN BURNED.

A barn used for storing hay by the Ireton Brothers, at Van Wert, was completely destroyed by fire yesterday afternoon. The loss is estimated at $1,500 and it is said that good work on the part of the fire company prevented a much heavier loss. Adjoining the barn was a lumber yard, but the fire was prevented from breaking out in it.

TO GIVE STUNT PARTY.

The Gymnit club, composed of girls at the Wayne Knitting works, will open the social season Friday night with a "stunt" party, whatever that is. The girls who will have charge of the affair are keeping the program a secret, but they promise those who attend the party a good time.

FELL OUT OF WINDOW.

Herold Weist, an assembler in the dynamo department of the General Electric works, sustained some painful bruises about the head and face yesterday when he fell from the window sill and struck on the floor of the room. He was attended by Dr. Shulz and then sent to his home.

INDUSTRIAL NOTES.

E. Mizer, of the Pennsylvania planing mills, is sick.

W. Weibke, Pennsylvania painter, is sick and off duty.

George Pappas is a new helper at the Pennsylvania machine shop.

Pennsylvania Machinist F. A. DeWald is off duty today to attend the wedding of a relative.

Pennsylvania Boilermaker H. W. G. Heine is at Clarke, Ind., repairing a stationary boiler for the company.

Glenn Ferrell, who recently took a position at the General Electric works, has moved his family here from Convoy, O.

Louis Deck, airbrake machinist at the Pennsylvania shops, who was sick four or five days, reported for duty this morning.

G. K. Workman, a Pennsylvania lineman, is attending the street fair in Bluffton this week. That city was his former home.

Foreman T. A. G. Stonebrook, of the down town paint shop of the Pennsylvania, is off duty on account of the death of his grandson.

L. J. Corneille, tender repairman at the Pennsylvania boiler shop, is at work again after a four days' absence on account of an injured eye.

Gang Foreman H. F. Starke, who had been hunting squirrels for a week, resumed work at the Pennsylvania blacksmith shops this morning.

J. H. Lange, F. C. Raiter and R. Rowan, the two former of the Pennsylvania boiler shop and the latter of the tender department, are sick and off duty.

Louis B. Miller, of the small motor department at the Fort Wayne plant of the General Electric works, is spending a few days at South Whitley.

Ed White, Pennsylvania machinist, is out after a serious illness and may be able to resume work. He has not been able to work for nearly a month.

John W. Reynolds, clerk for Assistant Master Mechanic Walter G. Hamilton, of the Pennsylvania, will resume his place at the desk tomorrow, having completed a vacation.

Kekionga Aid society, Ladies' Auxiliary to the Order of Railway Conductors, will meet at Unity hall Thursday afternoon with Mrs. Fink, Mrs. Eber and Mrs. Swartz as hostesses.

Blacksmith Peter Spanley, of the Pennsylvania, is taking a day or two off to look after some private business. F. A. Long, of the same shop, is also looking after private business.

Born, to Mr. and Mrs. Earl Ormiston, of 917 Home avenue—a son. The father, who is employed at the General Electric works, appeared there this morning with the news and a box of cigars for his shopmates.

Among the new employes at the small motor department of the General Electric works are Miss Agnes Lamboley, armature winder; the Misses Johanna Boilbaube and Frances Bley, winders, and Chester Degelz.

Mr. and Mrs. Dan Shepler have returned from a trip to Kansas City, Colorado Springs and other places in the west. Mr. Shepler, who is a passenger fireman on the Pennsylvania, reported for duty this morning.

Notice [illegible] N. S. Patton and wife, of this city, [illegible] yesterday [illegible] the death of the former's brother, William Patton. The latter was well known in Fort Wayne and had many friends here.

H. A. Weber reported for work at the Pennsylvania tool room this morning, bringing the information which he imparted to the boys, together with a cigar, that Mrs. Weber had presented him with a daughter. This is the first child in the family and her advent makes Peter Nichter a foxy grandpa.

Following a recent examination conducted by Trainmaster C. E. Wells the following Wabash men were promoted from brakemen to conductors, Sunday: L. E. Ray, C. W. Gipson, L. J. May, W. H. Maloney, F. J. Rogge and L. L. Nelson. More brakemen are to be promoted until the list of promotions from the brakemen's rank has reached twenty-six.

Failing to get white laborers, the Pennsylvania company brought in a number of colored people from the south to work on the Sandusky-Columbus division, where some new track is being laid. The plan is said to have been satisfactory. The wives of the colored men were brought with them. The company the week before took thirty-one tramps from Pittsburg to this piece of road, expecting them to work. After giving the fellows a good supper and breakfast, they left, not one showing up for work.

MIGRATORY SEASON FOR WILLIES IS HERE

Railroad Detective Explains Why Men Are Riding Passenger Trains.

"It is the migratory season for all birds of passage. I mean the restless flock of tramps, crooks and petty yeggs," explained Captain H. C. Stoll when asked why so many men are being removed from passenger trains of late.

"Fellows will now take a chance at a passenger train who would not think of trying it at other seasons of the year," Stoll continued.

"All the fellows we have removed from Pennsylvania passenger trains have been youths. They are active and think there is a chance to get away. A part of them are homesick lads who have been wandering during the summer. Maybe they have had a cheap job. Frosty nights bring homesickness. They are trying to get back to the old roof tree before snow flies.

"Thieves and crooks of all kinds are hunting winter quarters. They gather in a camp some place during the summer and live an easy life. It requires but little plunder to keep them. They can steal enough from the farmers to live. But with the first sharp winds they break up camp. They hurry to some city and settle for the winter. The younger fellows take all sorts of chances. Older men still ride the freight trains in all seasons.

"There is not much hope of breaking the practice up. We can jail the fellows we take from the tenders and try to scare them but next year when cold weather frowns again the young blood will make a dash for cover and the passenger route is swiftest travel."

METHODISTS IN SESSION.

Northwest Indiana Conference Opens at Greencastle.

Greencastle, Ind., Sept. 27.—The 65th session of the Northwest Indiana Methodist Episcopal conference opened in the College avenue church in this city today. Bishop Thomas Nicholson, of Chicago, is presiding. The conference sermon was delivered last night by the Rev. J. L. Gardiner, of South Bend. The Rev. Albert E. Monger, of Terre Haute, presided. S. A. Says, of this city, welcomed the visitors in a brief speech.

POLICE NOTES

Police were notified early Wednesday morning of the theft of a Ford touring car taken from Pierceton. The machine belonged to Earl Orr, merchant, and had been left standing in front of his home. Citizens saw the car being driven towards Fort Wayne, the report reads.

F. W. Licht, chief of police of Forest Park, Ill., suburb of Chicago, accompanied by his wife, is visiting at the home of James Anglin, 2834 Hoagland avenue. Mrs. Licht is a sister of Mr. Anglin.

Five dogs have been poisoned in different parts of the city within the past three days. Police are trying to ascertain who is distributing the deadly drug. The Fort Wayne Kennel club offers $50 reward for the arrest and conviction of anyone guilty of the act.

MAIN STATION HERE.

Fort Wayne is Designated as City of General Recruiting.

Capt. Thomas F. Ryan, United States army, retired, with consent, has been assigned to active duty in the general recruiting service in Fort Wayne. He is to report not later than October 15 for duty. He will be acting quartermaster during the time he remains on recruiting duty.

The order, sent out by H. P. McCain, adjutant general of the United States army, means the main recruiting station will bring enlarged quarters and the employment of about seven men in the service. From a divisional standpoint the Fort Wayne office will equal in rank to the Indianapolis office. Capt Ryan is one of the best known army men in the country. He is the author of "The United States Army as a Career." He is a retired cavalryman.

PLAGUE CASES INCREASE.

New York, Sept. 27.—An increase of six new cases over yesterday's figures in the epidemic of infantile paralysis was shown in today's report of the health department for the twenty-four hours ending at 10 a. m. The new cases numbered twenty-six. The deaths were five, a decrease of six as compared with yesterday's report.

DIVIDEND INCREASED.

New York, Sept. 27.—The International Paper company directors today declared a quarterly dividend of one per cent. on the preferred stock, as against the previous rate of one-half of one percent.

Members of the B. A. O. T. M. review, No. 6, will be served fricsl chicken Thursday afternoon at the regular tea to be given by Mrs. Carrie Young and Mrs. Margaret Campbell at 7:30 o'clock.

The New Furniture Store

on West Jefferson Street, whose doors were opened to the public last Saturday, are more than busy showing all the latest designs and finishes in medium and high grade Furniture.

The daylight display rooms are appealing to the public because they offer a great assistance in the selection of any piece of Furniture. Every piece is marked in plain figures, and from the many visitors we learned that our prices are "very reasonable."

Come in and let us show and convince you how reasonable good Furniture can be had.

MUCK FIRE MAY BURN FOR SEVERAL WEEKS

Farmers Moving from Their Homes in Fear of the Flames.

One hundred farmers are engaged in what appears to be a hopeless task of checking the muck fire, which is raging in the district between the Huntington and Wabash railroad tracks and west of Sprankle station. The men are digging deep trenches along the east side of the heath in an effort to stop the fire which is smouldering both above and below ground.

Half a dozen homes in the district have been vacated in fear that the fire would engulf them. Loss is constantly growing as the value of the land is practically destroyed when burned.

Fort Wayne firemen were called to the scene Tuesday night but could render little service. The fire which smoulders as far as twenty feet under ground, is not to be attacked by chemicals or moderate use of water. Only drenching rain for a period of several days would benefit the burning bog.

Some farmers say the fire has been smouldering in the earth for many days. The ground has been hot and here and there puffs of smoke has been known to arise, it is said.

Direct cause of the muck fire is given in the burning of trash by Charles Lowdan, who recently came from Payne, O., to tenant the John Lamb farm. Lowdan did not know the chemistry of the soil, he says, and did not hesitate to start a fire in the blackest portion of the muck land.

The land is made up of decayed vegetation and is the richest in northern Indiana. It is the vegetable matter which burns when the muck is overheated. Many years ago, old settlers say, the muck ground is known to have burned the year around. Practically the only remedy is to allow the muck land to burn itself out.

The method of stopping the blaze by digging deep trenches is the most effective, farmers say, and the strip of 100 acres now on fire is being surrounded with ditches that take on the appearance of a European battlefield.

WHEAT PRICES BREAK STANDSTILL AND GO UP

Local Millers Add Three Cents to the Bushel on the Grain.

Following a standstill of nearly three weeks in the price of wheat, the markets again took life Wednesday morning and a raise of 2c per bushel was quoted on the grain. Local millers and grain dealers are now offering from $1.46 to $1.48 a bushel for wheat. Followers of the markets are divided in their opinion as to which way the price will go. Some state that the market is bound to recede while the majority of them state that with a possible chance of the opening of the Dardanelles wheat prices are bound to make another sensational climb as they did in the winter of 1911 and 1915, when the price reached the $1.65 mark.

Although the price of wheat has advanced, millers did not raise their price on flour but if the grain continues to climb the inevitable result will be a higher price for flour, and consequently a higher price for baked goods.

Little life was to be found on the local markets Wednesday and receipts in all departments were exceedingly light. Quotations of the previous day remained unchanged.

Hog prices have come to a deadlock at the $10.25 mark and there seems to be no relief in sight. The price will undoubtedly remain at this same level until the new corn begins to arrive in larger quantities on the markets. It is possible then that the prices will come down.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Sept. 27.—Wheat prices today appeared to be still weighed down by the bearish influence of the big world supply, the largest known at this season. Initial quotations, which ranged from ⅜c off to ⅝c up, with December at $1.54 to $1.54½, and May at $1.54 to $1.54¾, were followed by a material general decline and then something of a rally.

The close was unsettled, 1c to 1¾c net lower, with December at $1.52½ to $1.52¼ and May at $1.52¾.

Unwelcome rains made corn relatively firm. After opening at ¼c decline to a like advance, the market fluctuated within narrow limits.

The close was nervous at a range varying from ⅝c decline to a rise of ⅛c, compared with yesterday's finish.

Oats tended to sag in the absence of any aggressive demand from the seaboard.

Lower prices on hogs carried down provisions.

THE DAY ON WALL STREET.

New York, Sept. 27.—Investment shares dominated today early active operations, with further substantial gains in rails, the inquiry for those issues being more impressive than at any time in the recent general rise. There were many transactions embracing single blocks of 1,000 to 4,500 shares in Union Pacific, Southern Pacific, Pennsylvania, Reading and New York Central at advances extending from fractions to over a point. Coppers also were in renewed favor, with such industrials as U. S. Steel, Crucible and Republic Steels, Colorado Fuel and General Electric, the latter at an advance of over five points. Texas company was the only active stock to display heaviness, yielding eight points.

The pace set by rails at the outset was more than maintained, leaders of that group increasing their advantage to levels that placed them at highest quotations for the last hour or two, while Reading at 115½, made a new record. Union Pacific was the most active stock of the first hour, in which sales again exceeded half a million shares, for the first time in many months superseding steel and coppers.

Gross gains in rails ran to two points in many issues, with an increasing demand. Steel and representative industrials, as well as prominent specialties, held their ground and shipping shares rose substantially. Realizing provoked moderate reactions before noon. Bonds were firm.

BABY BONDS PROTECT AGAINST INCOME LOSS

It is essential for any man or woman to protect themselves against the possibility of the loss of their income and especially so if they have others dependent upon them. Baby Bonds are particularly suited for such an office because of their soundness and because the small denomination makes them easy to accumulate. Baby Bonds are in $10 denominations secured by first mortgages on local real estate and bearing six per cent. interest. There are also larger bonds in $500 denominations which have the same security and the same rate of interest.—Advertisement.

The New Neckwear Is Wonderfully Smart

It is quite necessary to complete the Autumn frock, whether it be silk or the fashionable blue serge, to wear a dainty collar of Georgette.

Neckwear never was lovelier, daintier, than right now. And every charming novelty is here, making our present showing the largest and finest stock of neckwear we have ever had.

Notable among the new things are collars of Georgette, with broad tucks or faille ribbon trimmings; white satin collars in the new deep roll effects and flat, deep back styles; broadcloth collars with deep back and high roll—the novelties are almost endless, each one lovelier than the other.

Starting at 25c for the least expensive of these collars, prices range up to $6.50.

IOWA MAN ALSO VICTIM.

Investigation of New Blackmail Plot Is Begun at Chicago.

Chicago, Sept. 27.—Investigation of a new blackmail plot in which it is alleged a wealthy Iowa man was fleeced out of $10,000 by methods similar to those employed by the "million dollar blackmail syndicate," recently exposed, was started today by federal officers. The Iowa man, a widower, is said to have been duped by a young woman and a man who posed as a government agent and "arrested" the Iowan on a charge of violating the Mann law. Federal officials have withheld names.

LETTER EXPLAINS HOW TO GET RELIEF FUNDS

Soldier Fund Relief Committee Seeking Appropriations from Congress.

In response to a letter which W. N. Ballou, secretary of the committee receiving relief fund money for dependents of Fort Wayne guardsmen going to the border, wrote to the secretary of war, inquiring steps necessary to procure relief funds recently appropriated by congress for dependents of the guardsmen, H. P. McCain, adjutant general, connected with the war department, has written as follows: "Under the policy adopted by the department applications for aid for the support of dependent families from the appropriation mentioned should be made by the soldiers themselves on forms which will be supplied them by their commanding officers.

"If the soldiers in question have not already been advised of the plan referred to, it is suggested that it be brought to their attention by persons in interest," adds Mr. McCain.

Some time ago an order was issued by the war department authorizing the discharge of enlisted men, but in view of the terms of the army appropriation act, the previous order was revoked.

What Act Provides.

The following is in part the congressional appropriation act:

"That the sum of $2,000,000 is hereby appropriated out of any money in the treasury not otherwise expended under the direction of the secretary of war, and under such rules and regulations as he may prescribe, for the support of, at a cost of not more than $50 a month, or so much of the amount as the secretary of war may deem necessary, and not more than such enlisted man has been contributing to the support of his family at the time of his being called or drafted into the service of the United States or during his enlistment period in the regular army at the time of such call or draft of the organized militia or national guard, the family of each enlisted man of the organized militia or national guard called or drafted into the service of the United States until his discharge from such service."

Mr. Ballou will probably call soon a meeting of the Fort Wayne relief committee soliciting funds for dependents of the guardsmen and consider the opinion received from the war department. A second appeal for funds to maintain families of the guardsmen was recently sent out by the committee.

O-EAT-IT Bran Food

Health Without Medicine.

The marvelous new scientific bran food, O-EAT-IT, quickly puts the stomach and bowels in perfect condition, restores your vitality and renews your old time strength and vigor by giving your system the food it is craving. What is needed is proper food, not medicine; when this is supplied, constipation and stomach troubles quickly disappear, energy returns, and life is worth living once more.

The new pure bran food, O-EAT-IT, comes baked, ready to serve, in crisp, toasted slices that keep fresh and tasty indefinitely—made from a combination of wheat with a large percentage of rich golden bran and the coarse parts of other grains added. It takes the place of all kinds of old style bread and breakfast foods, morning, noon and night, and supplies the stomach and bowels with a coarse ample bulk that makes constipation and indigestion impossible. Wonderful for growing children. A well known Rockford physician writes us that he considers O-EAT-IT a real food blessing for all mankind. O-EAT-IT is for sale at most good grocers. Physicians endorse it. Ask yours. Trial package mailed free. Address The Ideal Food Co., 181 Studebaker Bldg., Chicago, Ill.

If your grocer does not have it, you will find it on sale and recommended by the following grocers:

Heiny's Grocery, Coverdale & Archer, J. A. Hetrick, White Fruit House, I. Freiburger Co., E. Dickmeyer & Son, Joe Suelzer, Wayne Grocery, Getz, Sharp & Orr, Klug's Grocery, H. C. Cline, H. P. W. Brinkroeger.

Woman Elector for Illinois Democrats; Endorse Suffrage

Catherine Waugh McCullough

Springfield, Ill., Sept. 27.—In adopting a state platform here yesterday the democrats of Illinois declared for woman suffrage and named Mrs. Catherine Waugh McCulloch, of Evanston, noted suffrage worker, as one of the presidential electors-at-large. The convention also declared for the eight-hour day for both men and women engaged in non-agricultural pursuits, and a compulsory workmen's compensation act.

FEARS DAM MAY CUT OFF WATER SUPPLY

City Will See That River is Not Dropped Below Factory Pipe.

Henry Berghoff, president of the Rub-No-More soap factory, called upon Mayor Hosey, Wednesday, and expressed the fear that the proposed collapsible dam may reduce the Maumee river level below the dam until the suction pipe of the factory will not longer be under water.

Constant supply of water at the factory is absolutely necessary, Berghoff showed. The water is drawn up into the factory through a long pipe dropped in the river. Berghoff fears that all of the ready supply of water in summer may flow through the intercepting sewers and none over the dam.

Hosey pointed out that the amount of water to pass through the sewer system can be regulated. The Maumee river carries 36,000 gallons of water a minute, according to government survey, Hosey says. There is absolutely no danger of the river being reduced to a startling degree below the Walton avenue bridge by the dam, he says.

The matter will be investigated before survey for the dam is made, however, Hosey explained.

Inspector Here.

J. T. Willett, chief inspector of weights and measures, Indianapolis, returned home, Wednesday, after a two days' inspection at the state school for feebleminded youth.

NEW PAVING PROCESS.

Steam Wagon Used to Distribute the Coating on Rudisill Boulevard.

A big steam boiler, carried on a wagon drawn by four horses, is being used to spread the top coating of asphaltic macadam on Rudisill boulevard. The tank is saturated with steam and also holds several hundred gallons of the concreting substance. The steam heats the macadam and also forces it out through the pipes to the street.

The new macadam spreader works on the same order as a city street flusher. The boiling macadam rushes out of the pipes and fills the crevices between the coatings of crushed rock. After the first coat of macadam has been distributed the twelve-tone steam roller is employed to run over the street. Later another coating of the macadam is administered. When a fine layer of screening has been put on the top the boulevard will be completed.

Paving in the mile strip of Rudisill boulevard is promised by the Grace Construction company, to be finished in twenty days.

A Silk Sale of More Than Ordinary Importance is Scheduled For Friday and Saturday

One of the most important and greatest Silk sales ever held by this department is planned for Friday and Saturday. It comes at a time when desirable Silks are the scarcest, for years and years, yet every piece of Silk in this wonderful sale is positively new and of the colors and patterns most wanted for Fall.

2000 Yards of Beautiful Silks at $1.50 a Yard

This immense purchase of Silks includes—

SATIN AND TAFFETA PLAIDS AND STRIPES, FIGURED TAFFETA SATIN STRIPE CREPES, SOLID STRIPE TAFETAS FANCY STRIPE TAFFETAS

—All in every new coloring and design.

The great demand for these special Stripes and Plaids will make this the greatest Silk sale on record.

Do not miss this opportunity of buying fashionable Silks at $1.50 a yard that you would have to pay much more for regularly.

SEE DISPLAY IN EAST WINDOW. ON SALE FRIDAY AND SATURDAY.

WHAT THEY ARE WEARING.

(By Betty Brown.)

Shoes of canary color suede and laced high. Spats the color of buttercups to top white pumps or Oxfords.

Party dresses as yellow as the heart of a daisy and made of filmy tulle—from which you may gather, as I did after visiting a dozen fashion exhibits, that yellow is popular. A long narrow scarf that winds gracefully around the neck and drops below the waist line is one of the faddy things of the autumn. The scarf is of the same material as the street suit to which it belongs and at either end there's an odd-shaped patch of seal or some other fur. The veilless lady is a rarity. Some of the new veils are lovely, and all are voluminous and float about the face and shoulders in a way that's fascinating. Study the violet, dear lady, if you would know the colors of the season. Maple leaf red is one of the new colors brought out this fall. Burgundy and other shades of reddish purple are also favored.

The Nickel Plate is assembling the material for the subway at Coombs street and will be ready to take up the work as soon as the Osage street subway is completed. The piling was unloaded from cars at that point today.

Men's shoes fastened with pieces of spring metal instead of laces have been invented.
